# OUR MONEY. OUR KIDS.

MORE money for schools, WITHOUT raising taxes.

## \$3.5 BILLION PLAN HIGHLIGHTS

### HERE'S WHAT OUR PLAN DOES:

- Ends the lawsuit -- stops paying lawyers and starts paying teachers
- Gives educators requested resources
- Puts \$3.5 billion into schools over 10 years
- Includes additional, ongoing sustainable funding
- Maintains our balanced budget
- Doesn't raise taxes

## PLAN COMPONENTS

### 1 STATE LAND TRUST

Our plan maximizes the State Land Trust by increasing the distribution to 6.9% for 10 years, for over \$2 billion in new education funding without raising taxes.

### 2 FUNDING

Next, it increases base funding per student to \$3,600 yearly. It commits \$50 million more for five years and \$75 million for five years after that -- plus new sustainable funding in perpetuity. That brings total K-12 investment to \$10 billion annually.

### 3 FISCAL RESPONSIBILITY

Finally, the plan doesn't raise taxes. And it guarantees safeguards are in place to protect our money in times of economic downturn.

## YEARLY EDUCATION FUNDING INCREASE
