2017 Senior Action Days

The Governor's Advisory Council on Aging (GACA) is scheduling Senior Action Days in communities around the state this fall. The non-partisan events are intended to provide legislators and local officials with the opportunity to hear directly from older constituents, their advocates and service providers in a manner that's as time efficient and cost effective as possible. Older Arizonans are provided with an endorsed channel of communication to state legislators and elected local and federal officials. Information collected at these events, through surveys and from phone interviews is used to develop the priorities of the Advisory Council on Aging and is shared with the Governor, legislative leadership and state agencies for planning purposes.

Events are planned in Fountain Hills, Sedona, Tombstone and Tucson.
