COVID-19 CASES BY DAY

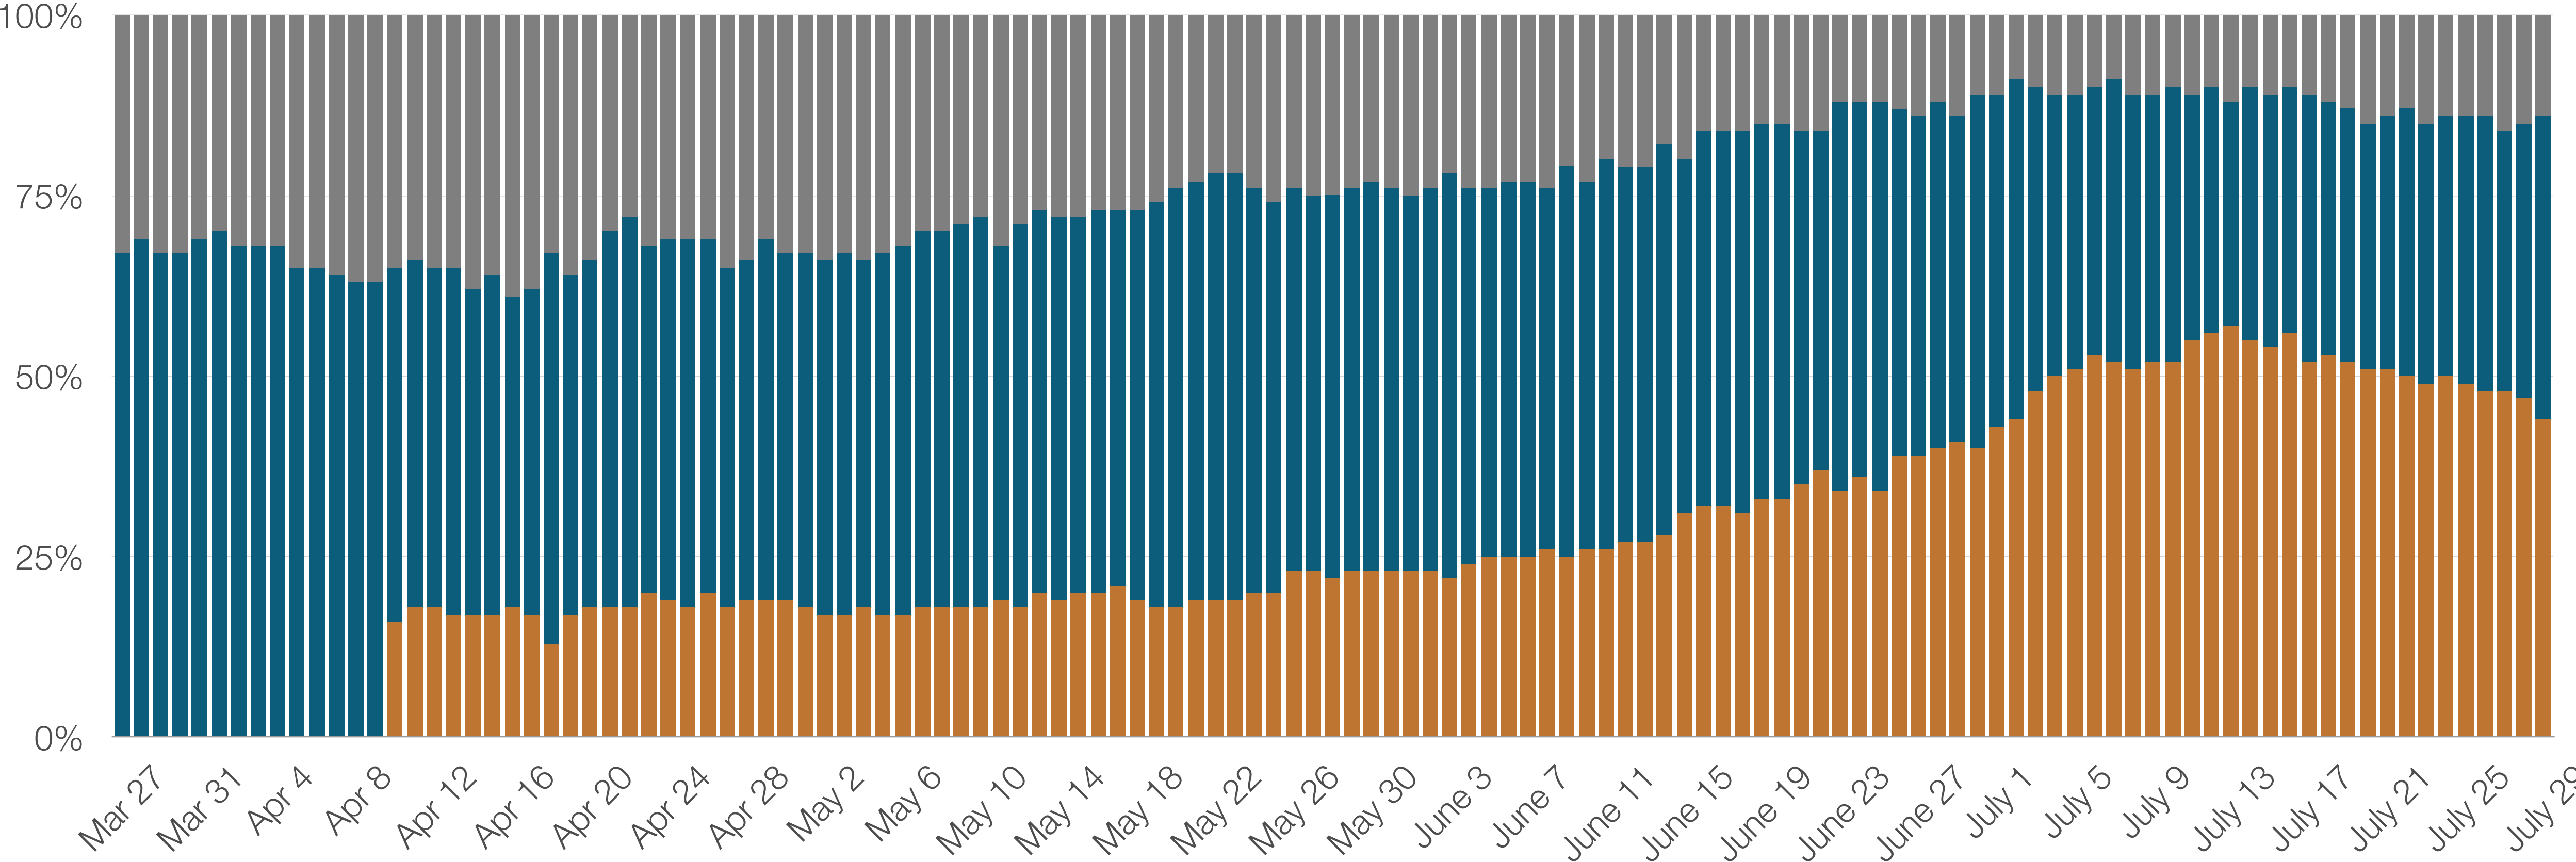

HOSPITAL BEDS FOR COVID-19

DOES NOT INCLUDE 2,600 ADDITIONAL SURGE BEDS

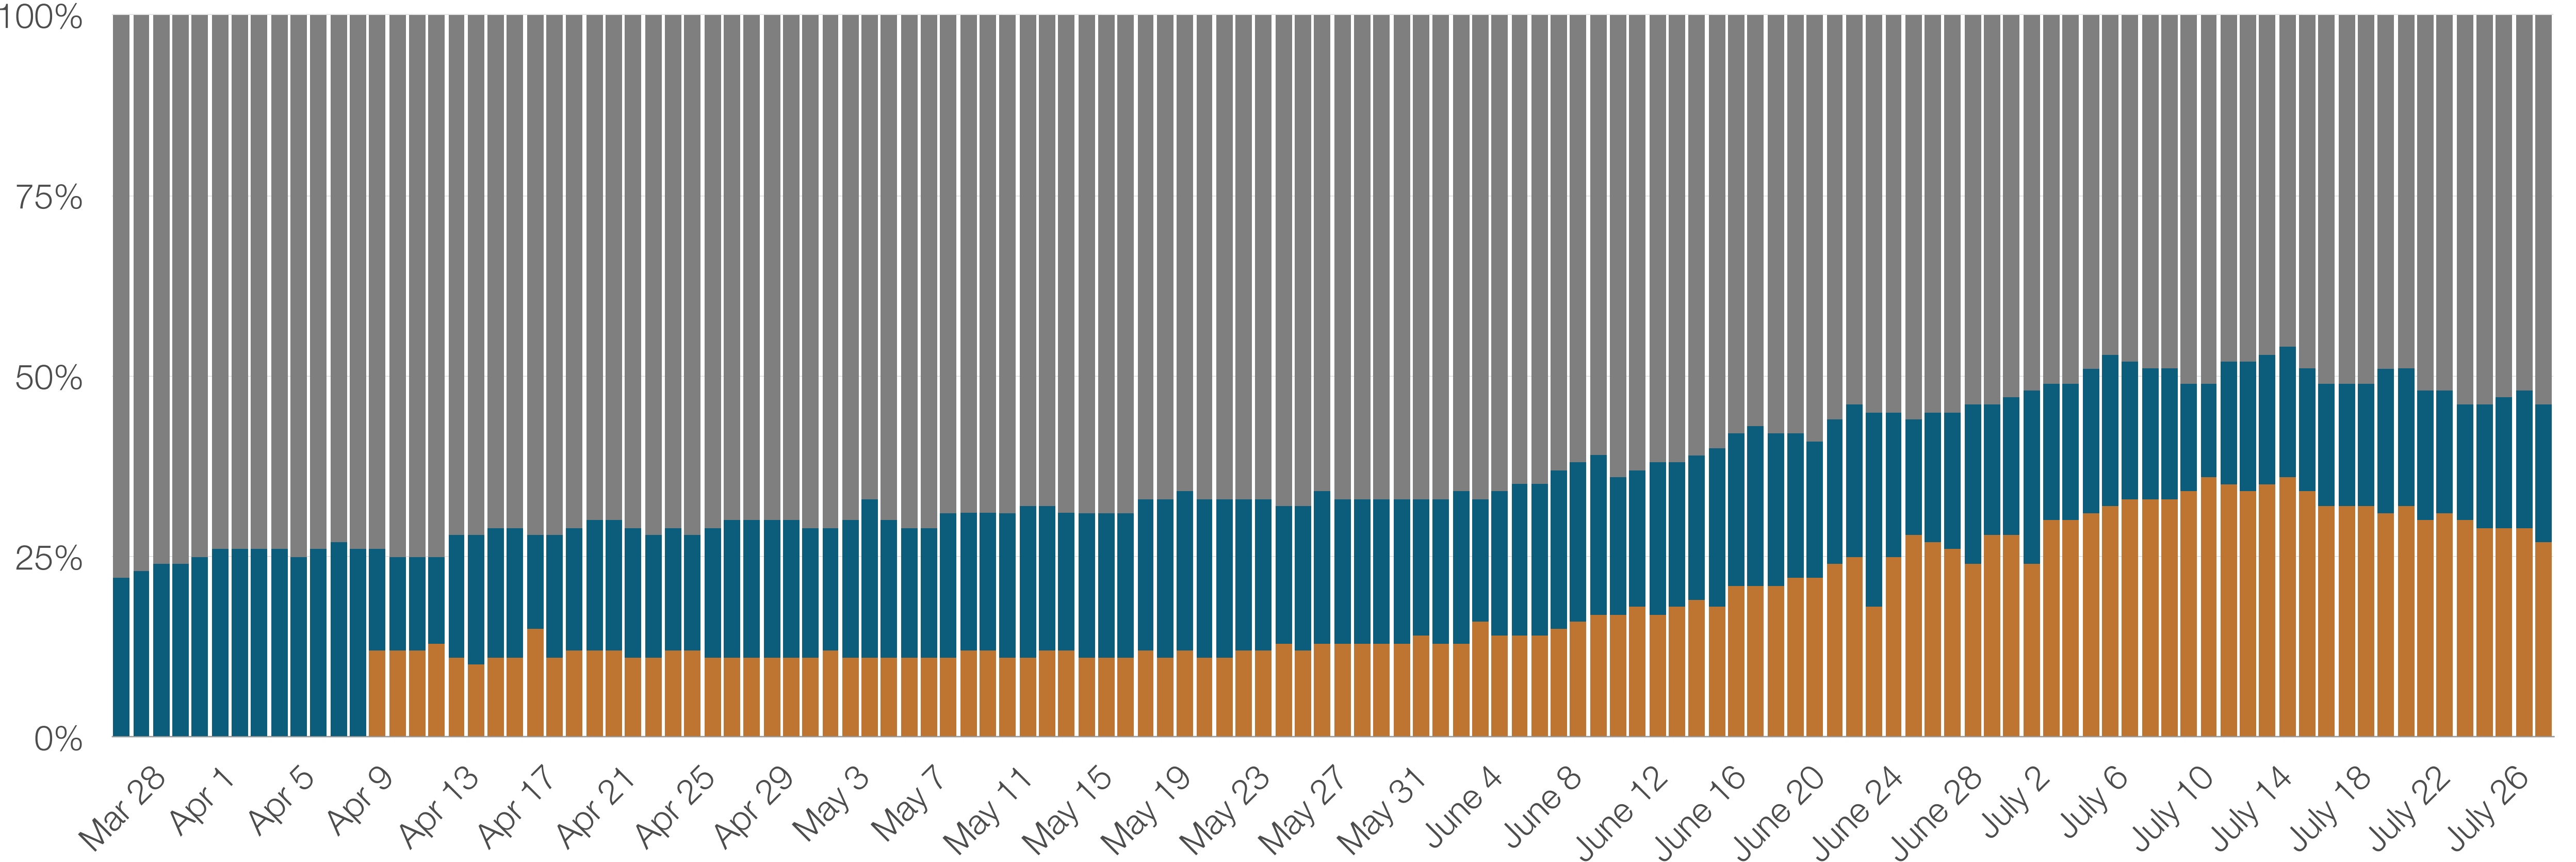

INTENSIVE CARE UNIT HOSPITAL BEDS FOR COVID-19

DOES NOT INCLUDE 600 ADDITIONAL ICU SURGE BEDS

- Available ICU beds
- Non COVID ICU patients
- ICU beds with COVID patients (data not reported until 4/10)

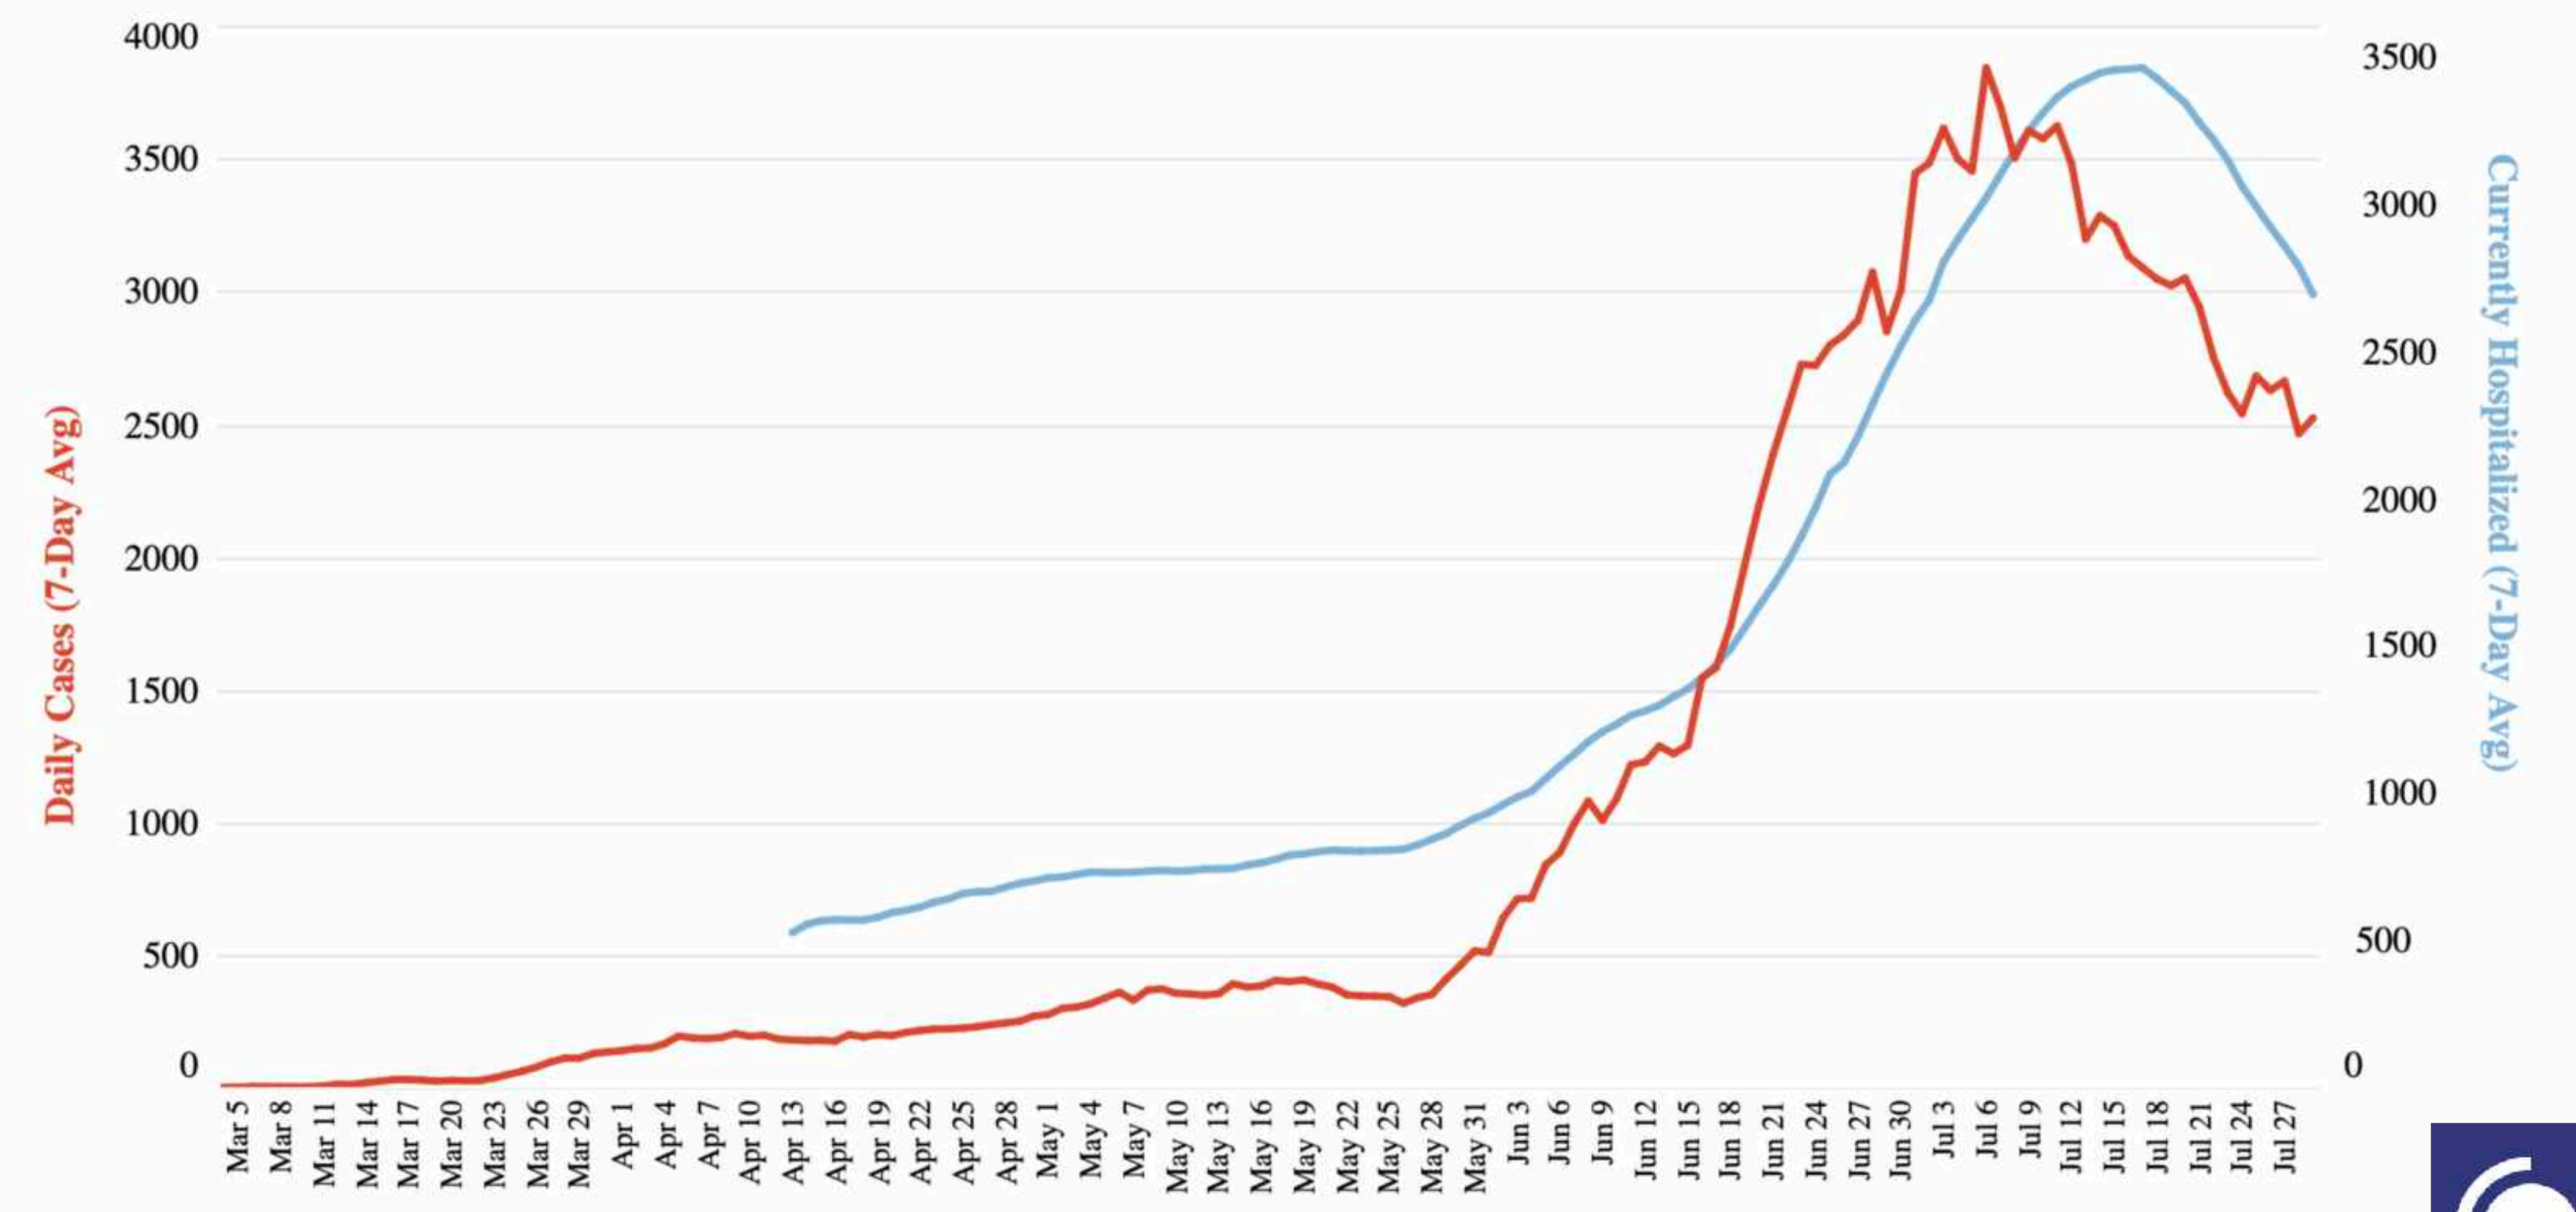

VENTILATORS FOR COVID-19

- Ventilators available
- Ventilators in use
- Vent use by COVID patients (data not reported until 4/10)

DAILY CASES AND CURRENTLY HOSPITALIZED STATS

7-DAY AVERAGE LINES

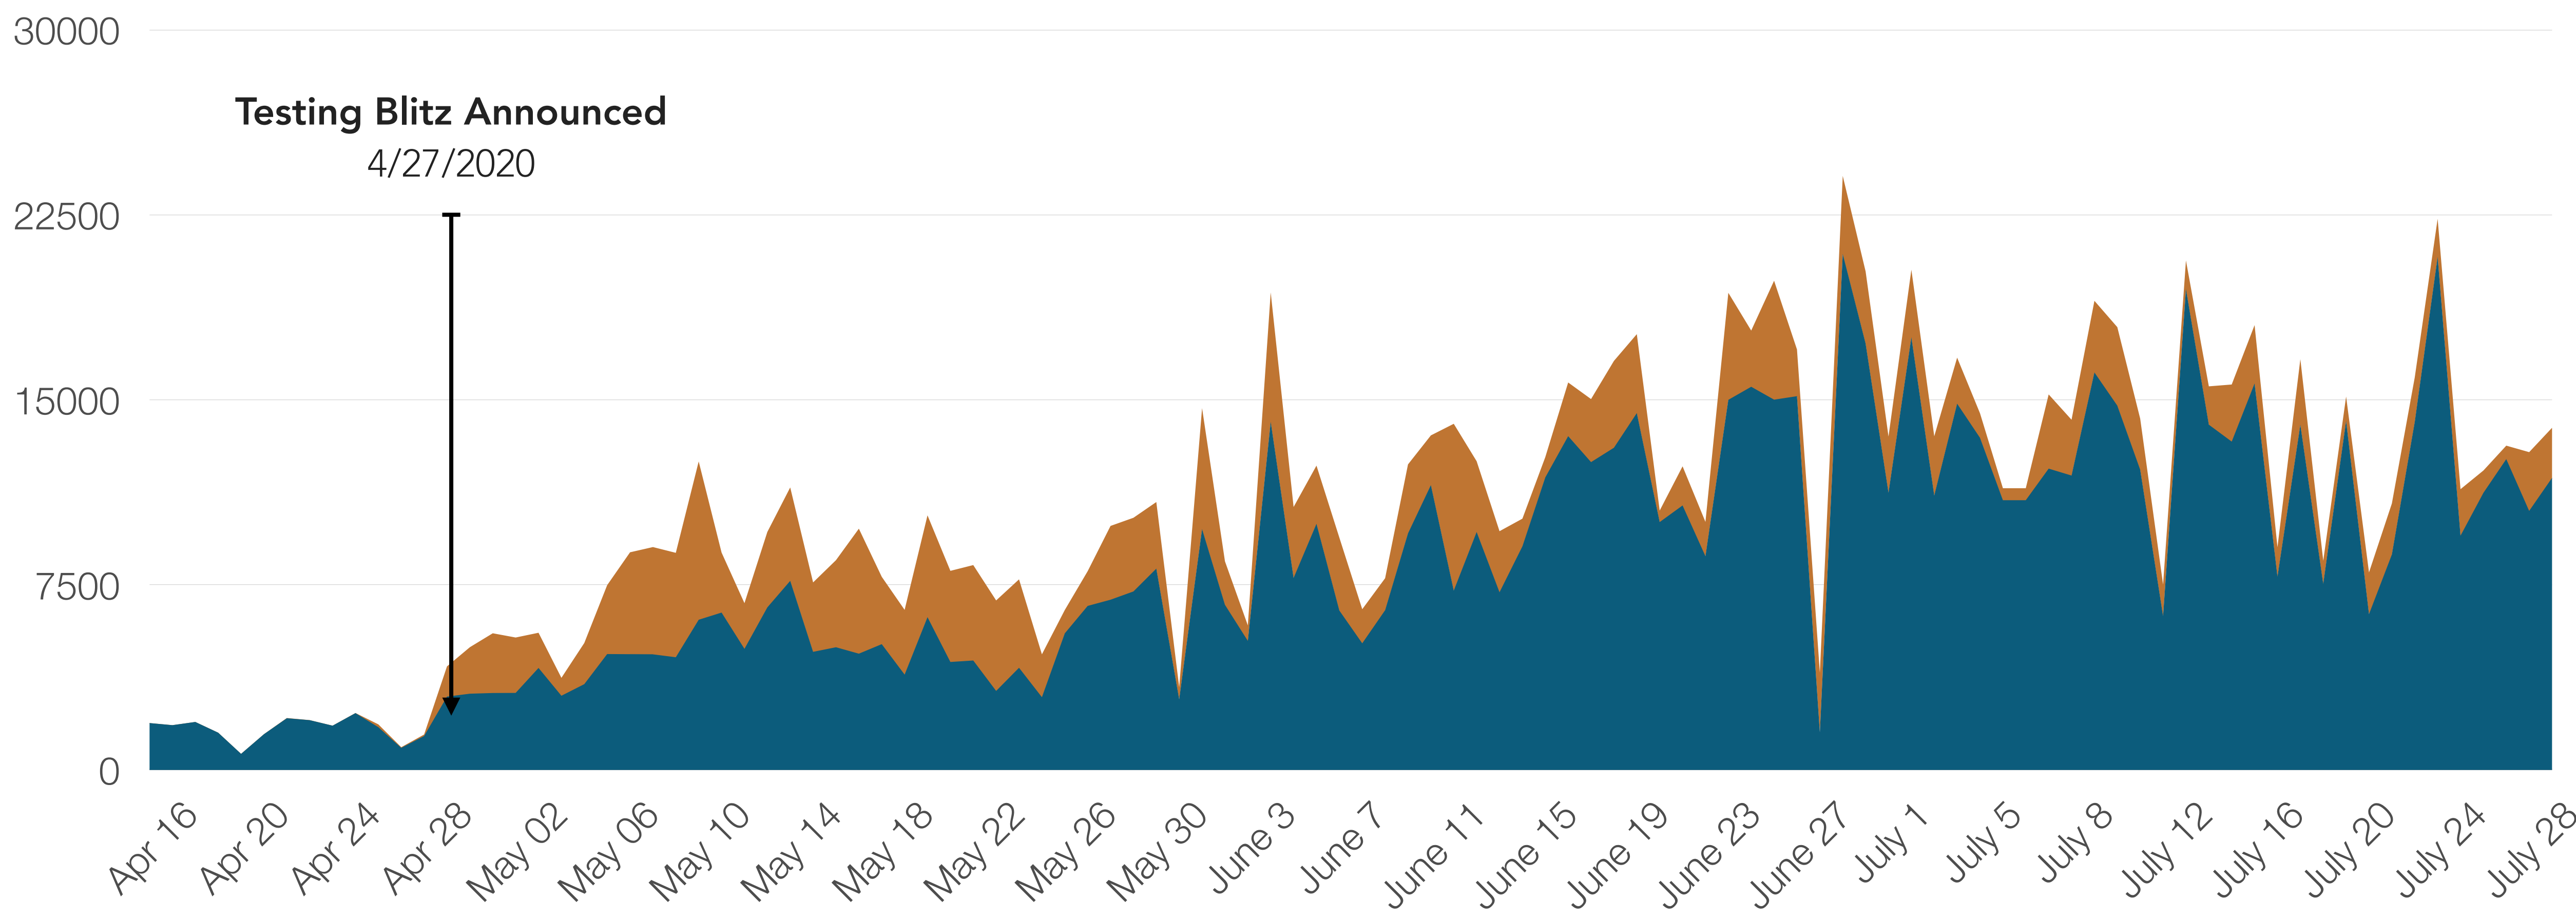

TESTING BY DAY

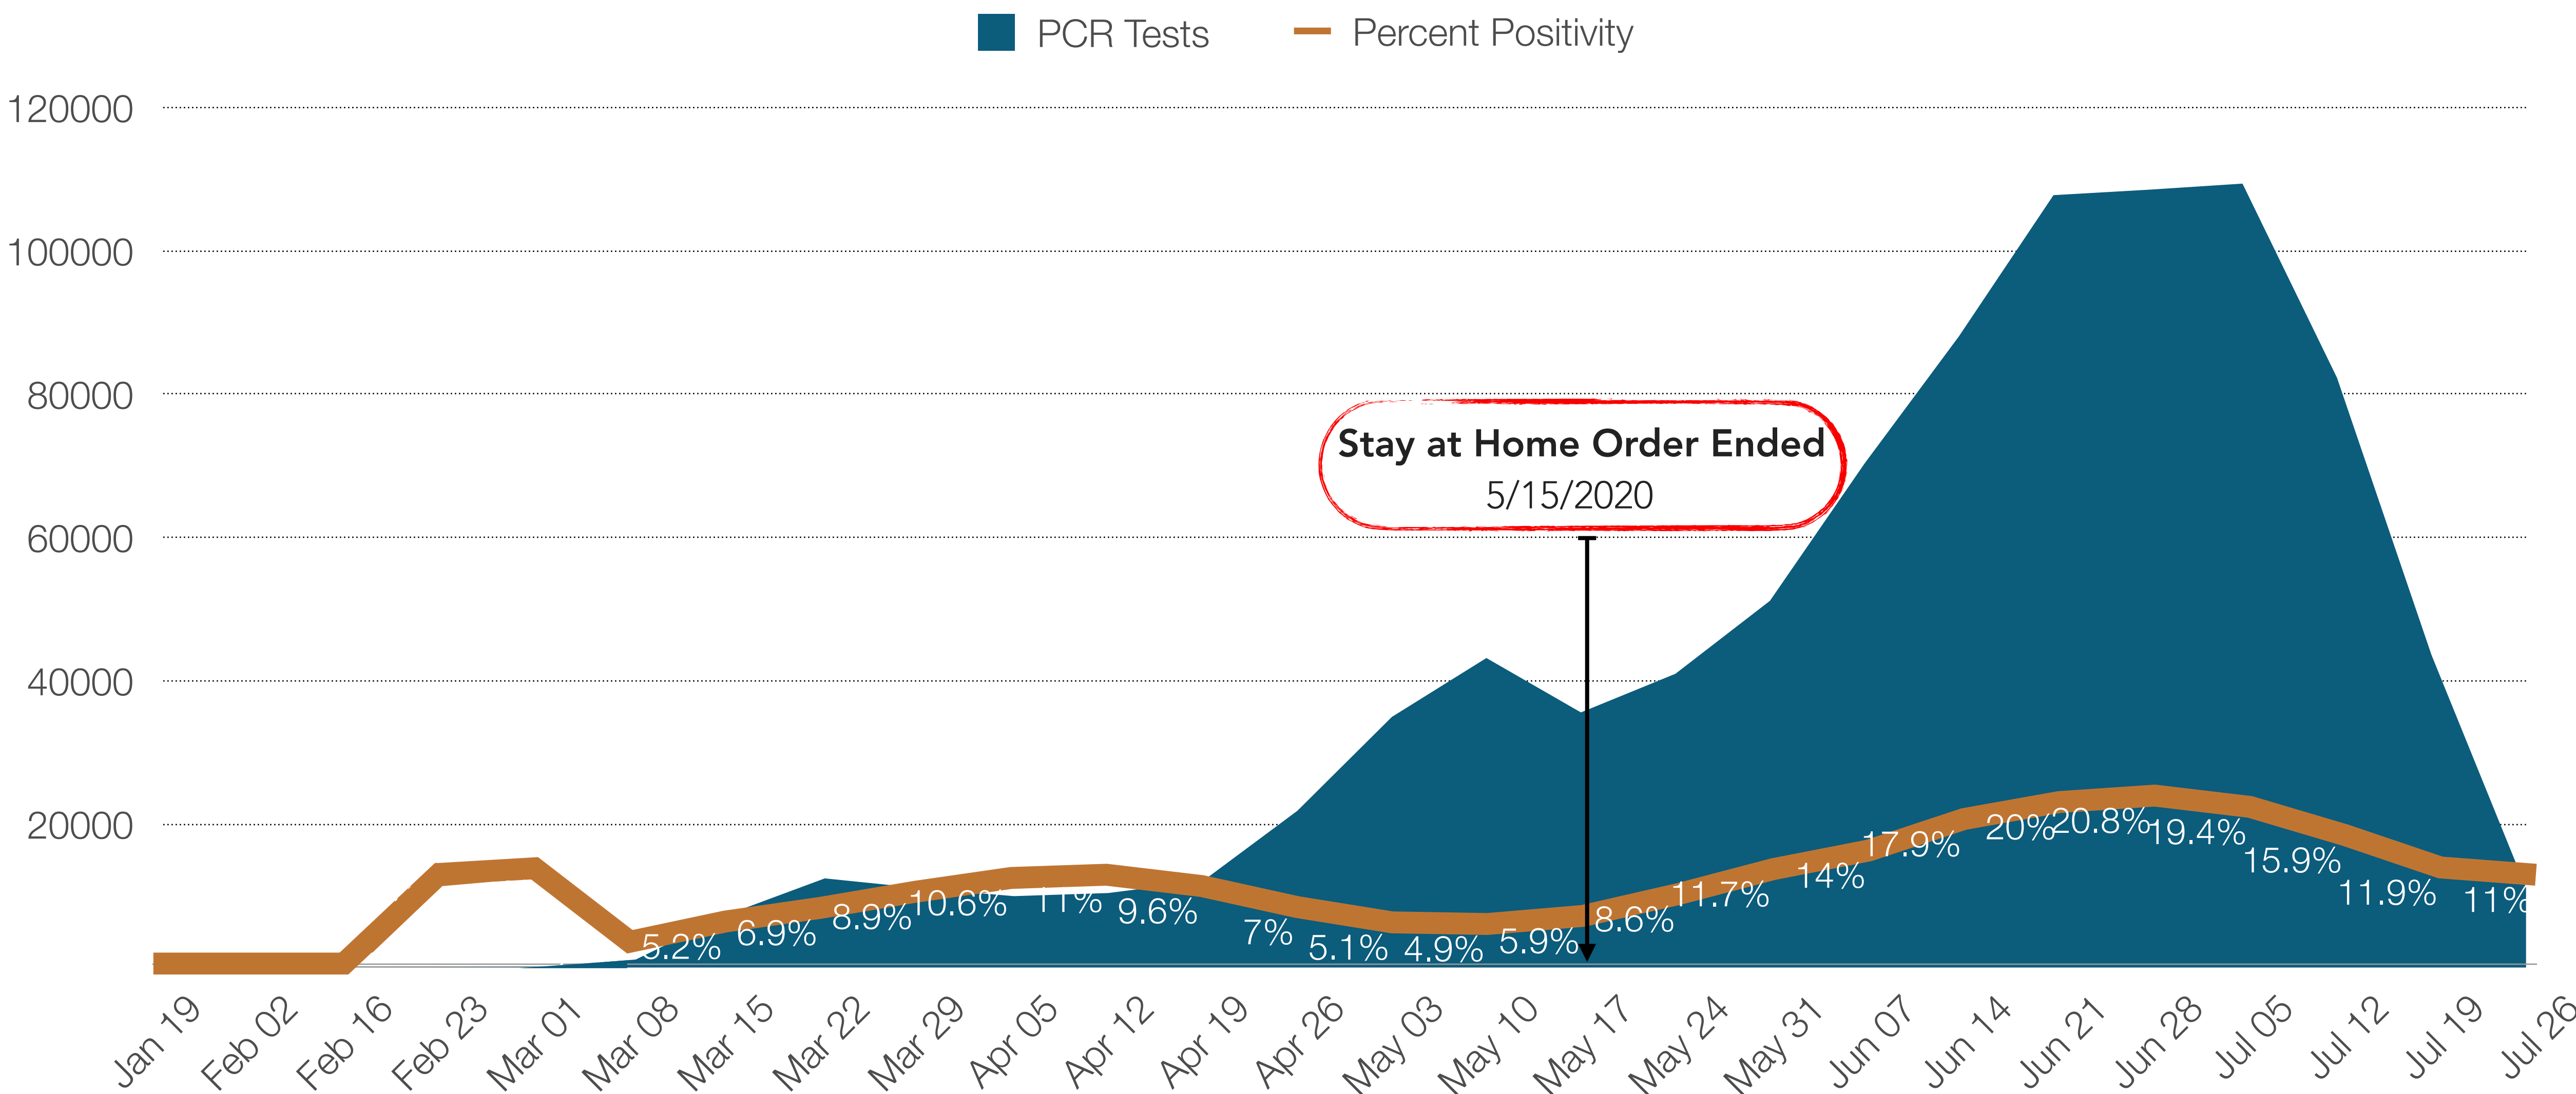

TOTAL TESTS: 1,139,572

PCR
913,266

Serology
226,306

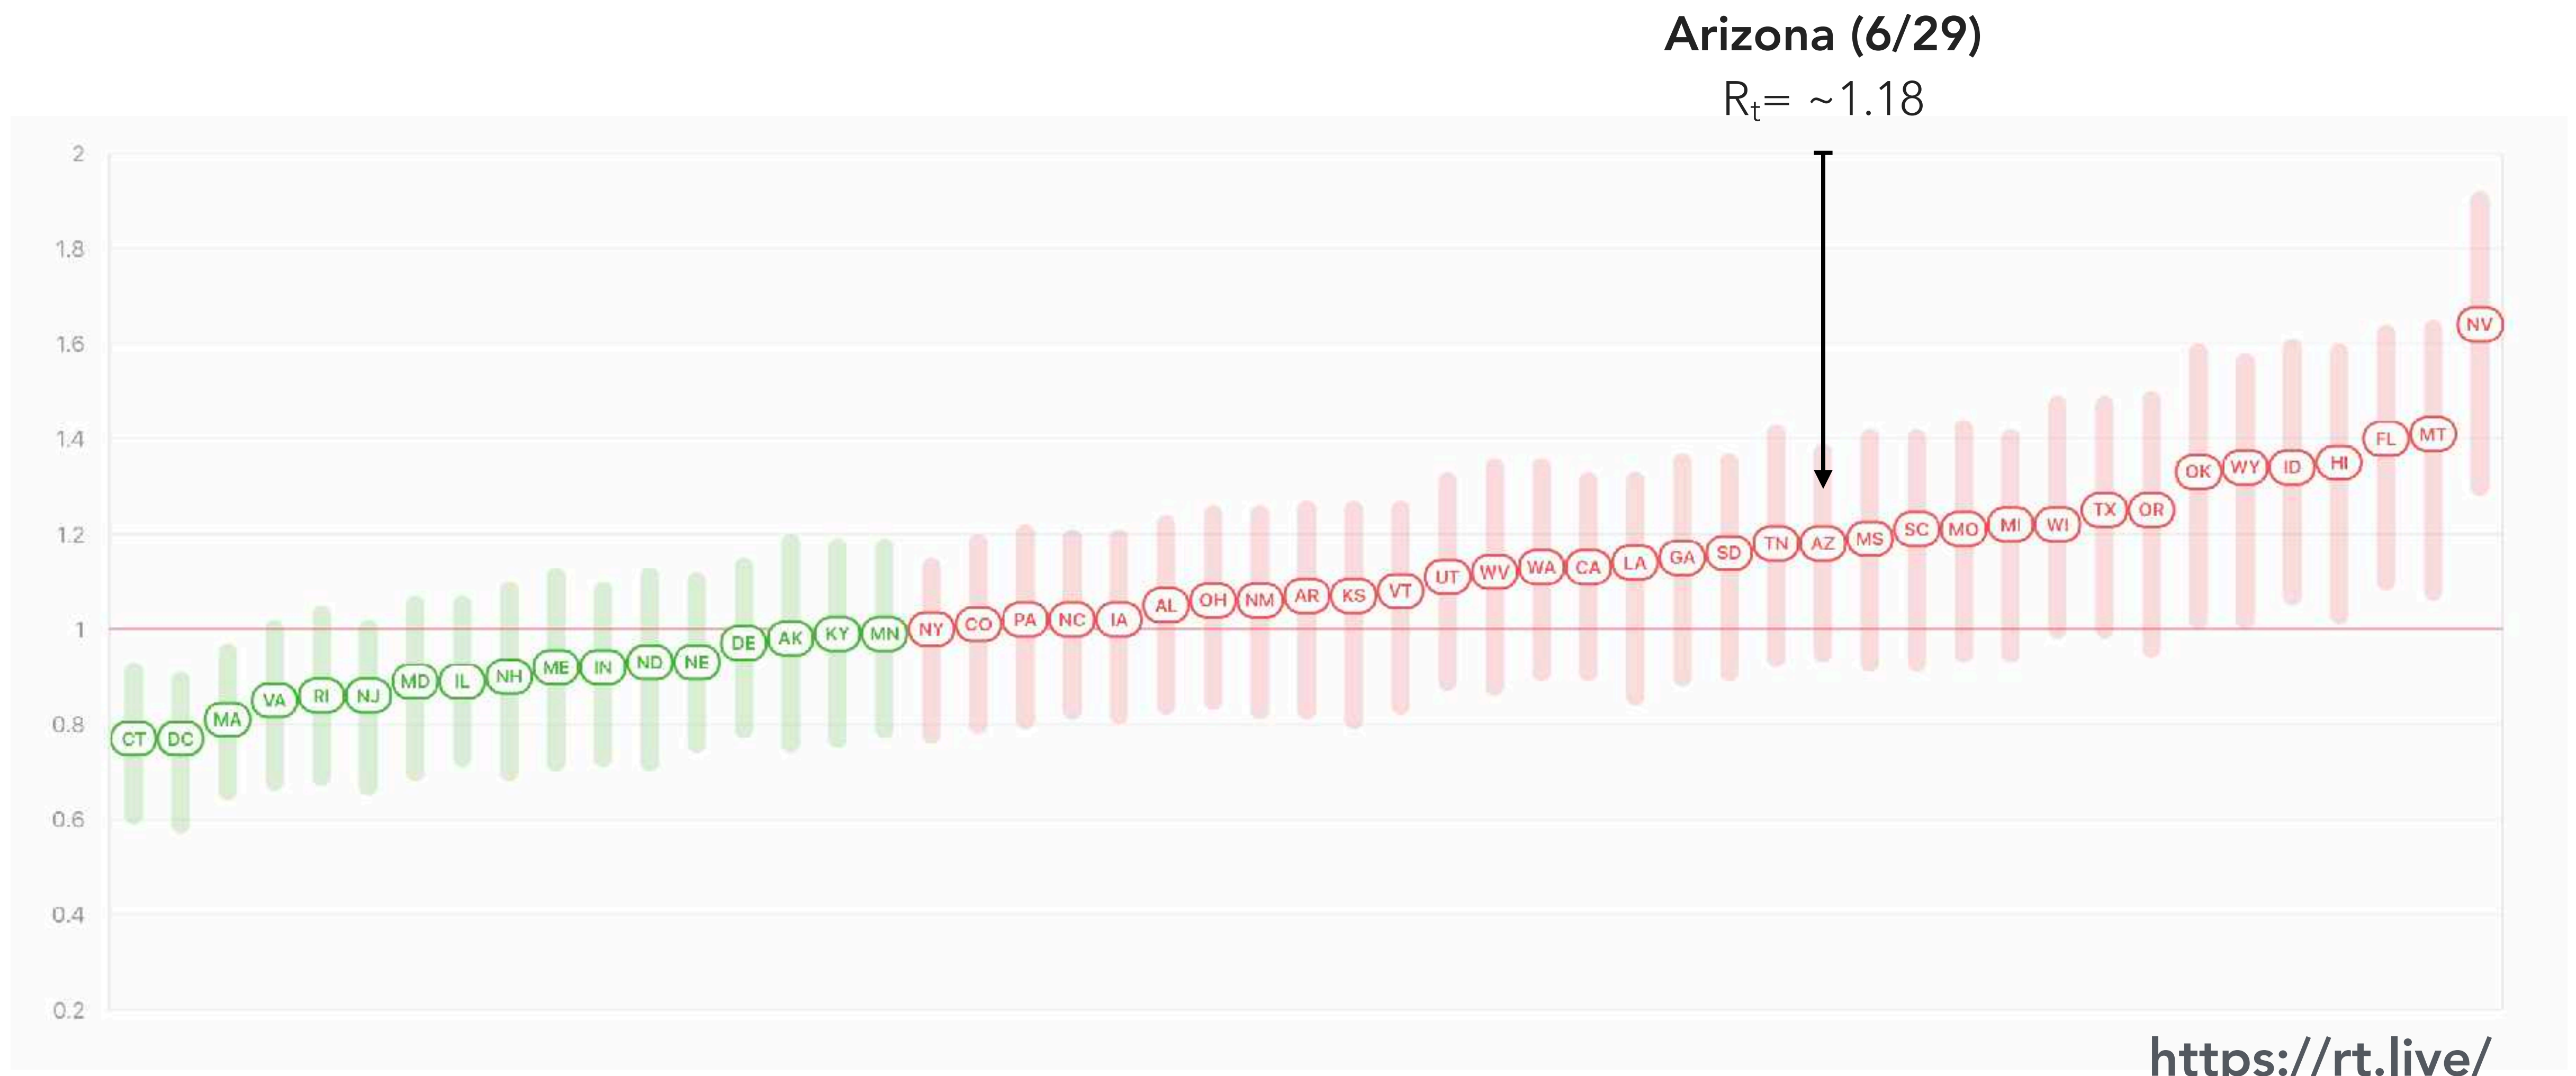

PERCENTAGE OF POSITIVE TESTS

R_t

The average number of people who become infected by an infectious person.

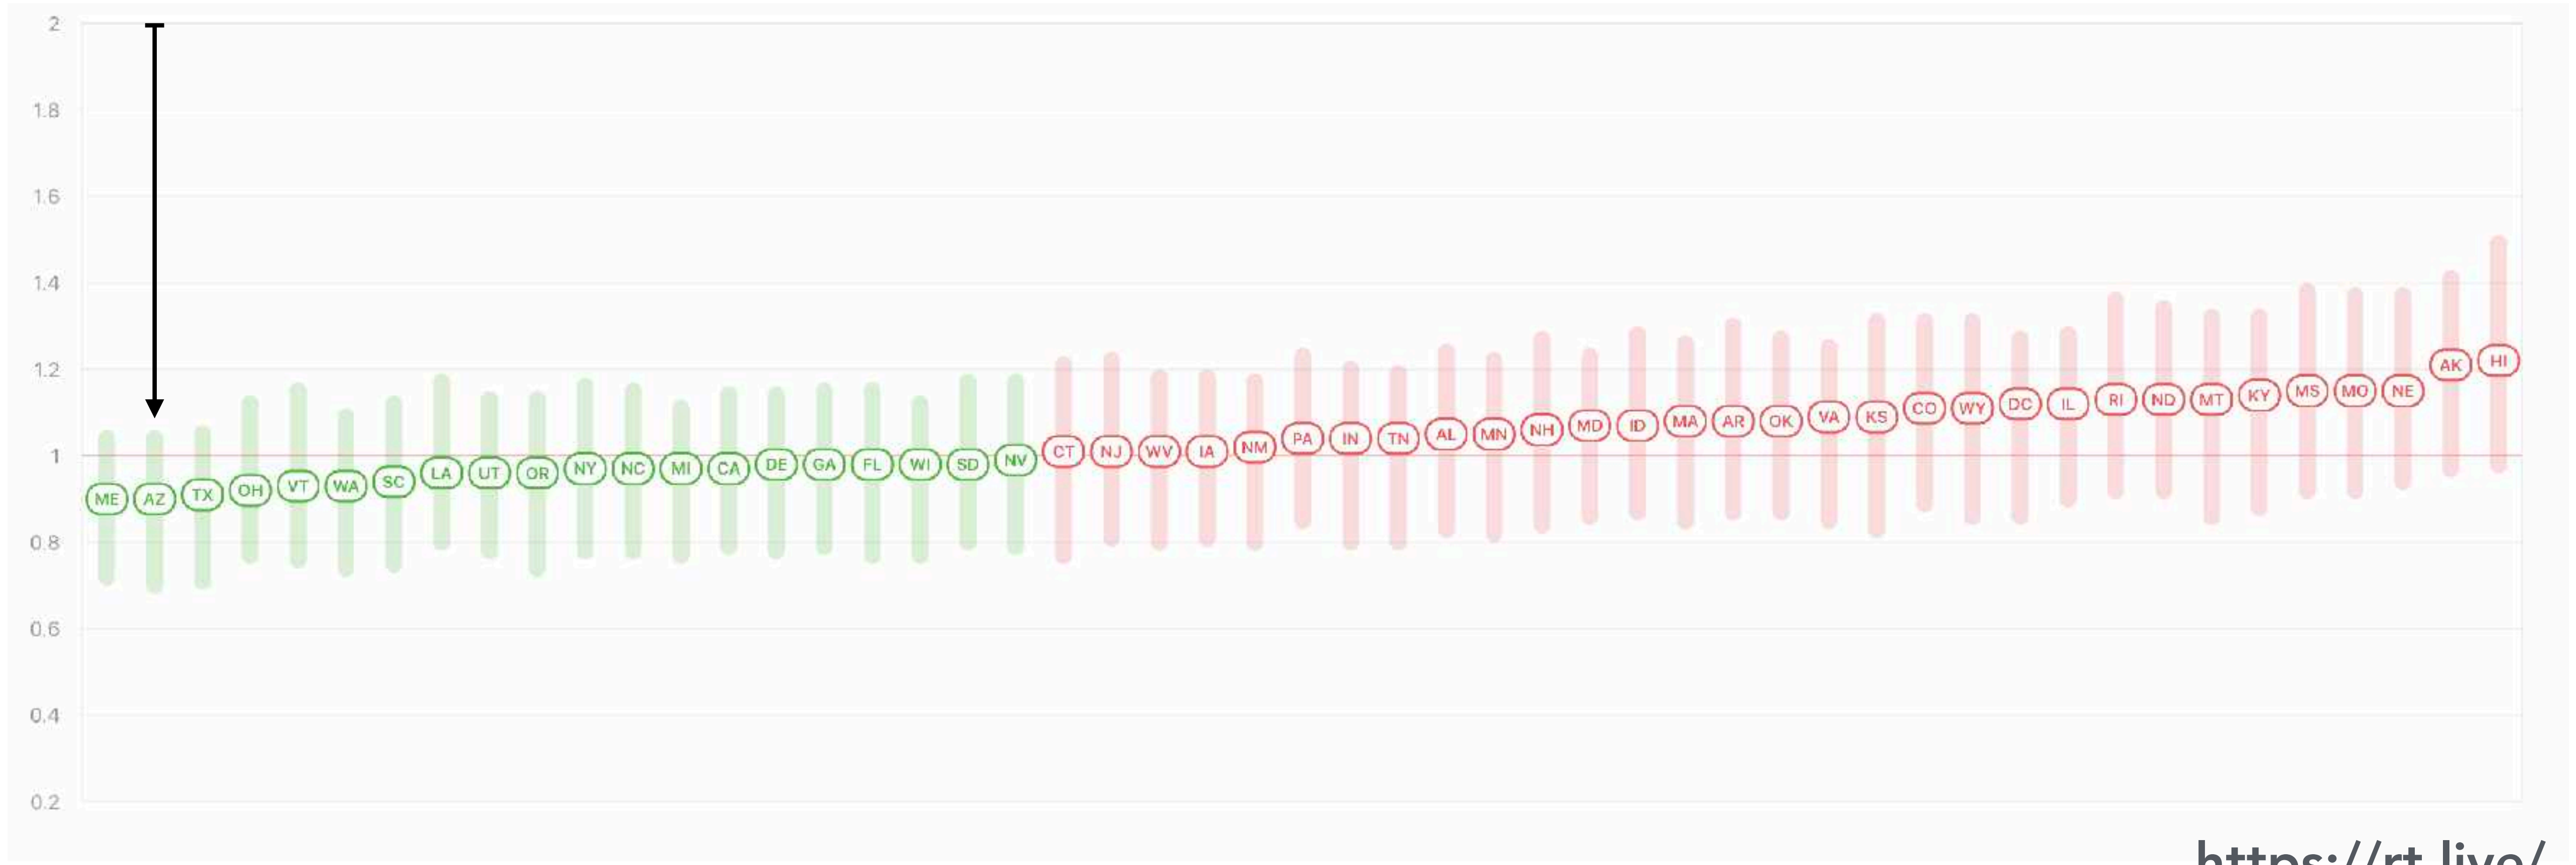

THE GOAL: < 1.0

THE GOAL: < 1.0

Arizona

$R_t = \sim .90$ (This number first appeared under 1.0 on July 15th)

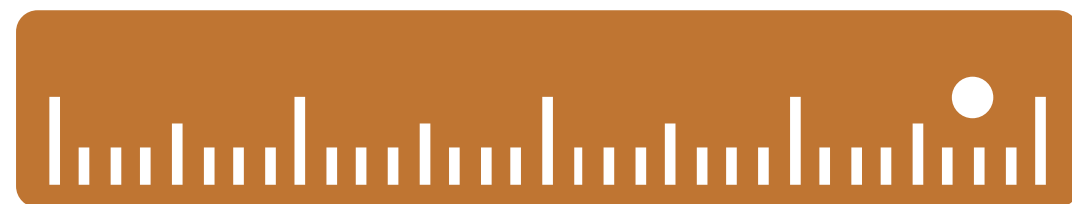

LET'S KEEP IT GOING

EVERY ARIZONAN NEEDS TO DO THEIR PART

RETURNING SMARTER

- We know that COVID-19 is still widespread in our community
- Vulnerable individuals should limit their time away from home

SCHOOL UPDATE

ARIZONA: OPEN FOR LEARNING

DR. CARA CHRIST

ARIZONA DEPARTMENT OF HEALTH SERVICES

TASK FORCE ON LONG-TERM CARE

- Earlier this week the governor established the Task Force On Long-Term Care. The task force will:
 - Develop recommendations and metrics on how and when visitation within long-term care facilities can be safely resumed
 - Identify what steps facilities can take before then to help residents and their loved ones maintain contact.
- The task force consists of family members of long-term care facility residents, long-term care facility operators, ADHS, AARP, and members of the governor's office and the legislature.

TESTING UPDATES

- There are currently 375 test collection sites across the state. You can view a list of locations here: **azhealth.gov/covid19testing**
- We continue working to build lab capacity throughout the state.
- SonoraQuest continues to see delays in testing results.
 - Their testing backlog is currently at 29,000
 - They estimate they will be fully caught up on Sunday, August 2
 - Still on track for capacity for 60,000 PCR/day by August 31.

TESTING INITIATIVES

Convalescent Plasma

- Convalescent plasma is a treatment that some doctors are using for people with severe coronavirus disease 2019 (COVID-19)
- People who've recovered from COVID-19 have antibodies to the disease in their blood.
- Their blood can be collected and the plasma, containing the antibodies can be given to people with severe COVID-19 to boost their ability to fight the virus.
- If you've had COVID-19 and recovered from it, consider donating blood.

SURGE LINE TRANSPORT FUND

- Part of our Past Acute Care Capacity Initiative: \$1 million
- Reimburse hospital systems not eligible for public assistance to cover their costs in providing a patient transport home or to another facility
- Open up beds in our hospitals and gets patients home
- Patients whose transport is eligible for reimbursement:
 - COVID-19 presumed or confirmed
 - Medicare only (FFS) or uninsured
 - Transport cost must be more than \$100, maximum reimbursement is up to \$700/transfer
 - Sending hospital has already tried all PACCT-listed vendors

MAJOR GENERAL MICHAEL MCGUIRE

ARIZONA DEPARTMENT OF EMERGENCY AND
MILITARY AFFAIRS

MOVING FORWARD
OUR PLAN OF ACTION

THE PLAN AHEAD

- We're going to continue taking a **responsible approach, guided by public health**
- Continue ramping up testing in Arizona to **identify infections**
 - Increasing Lab Capacity
 - Additional Collection Sites
- Continue relief to county health officials in contact tracing to **contain the spread**
- Monitor the **efficacy of our mitigation strategies**

METRICS TO WATCH

- **Cases**
- **Testing & Percent Positivity Rate**
 - At the state and county level
 - Indicates the rate of spread and broad testing availability
- **Mobility & R_t**
 - Arizonans are safer at home — this metric quantifies non-essential travel
 - R_t indicates the rate of spread
- **Capacity**
 - Monitoring our ability to care for Arizonans

ACTION STEPS

WASH YOUR HANDS

PHYSICAL DISTANCE

STAY HOME

MASK UP

- We're also launching a new public education campaign.
- We've teamed up with Arizona's largest advertising agencies to develop new campaigns, which will be featured in digital, billboard, and television mediums.

IT'S WHAT WE'RE FACED WITH
