HISTORICAL REVENUES TO SPENDING

GENERAL FUND STRUCTURAL BALANCE

COMPARISON OF REVENUES TO SPENDING

¹Year-over-year growth compares total spending, including supplemental appropriations and Budget Stabilization Fund deposits, to the prior year.

Average ongoing General Fund spending growth over the past 5 years has been just 4.5% compared to 11% in the 5 years prior to the Great Recession.

Cognizant of the mistakes of the past, the FY 2021 Executive Budget slows total spending growth to 3.5% next year, while ongoing spending growth falls from 7.2% to 3.1% over the next 3 years.

GENERAL FUND SPENDING GROWTH RATES, FY 2004 to FY 2008 vs. FY 2016 to FY 2020

³ The Baseline Adjustments for School Facilities Board include removal of one-time funding in FY 2020 and retired debt service on construction of new schools that occurred in the 2000s.

⁴ The amounts in the FY 2021 Executive Budget column may not equal to the sum of the FY 2020 and FY 2021 Baseline and Initiative columns because of supplementals included in FY 2020 that are considered one-time spending and not necessarily carried into FY 2021.

Board of Accountancy

The Arizona State Board of Accountancy consists of five certified public accountants (CPAs) and two public members, all of whom are residents of the state and are appointed by the Governor. The Board also has six advisory committees consisting of 46 members appointed by the Board whose work directly supports the Board's mission. The advisory committees are Accounting and Auditing, Tax Practice, Peer Review, Certification, Continuing Professional Education, and Law Review. The Board and its committees qualify candidates for the Uniform CPA Examination, certify individuals to practice as CPAs, register accounting firms owned by CPAs, and biennially renew certificates for CPAs and registered accounting firms. The Board and its committees also receive and investigate complaints, take enforcement action against licensees for violation of statutes and regulations, monitor compliance with continuing education requirements, and review the work product of CPAs to ensure adherence to professional standards through the Board's peer review program.

Major Executive Budget Initiatives and Funding

Business One-Stop

The Executive Budget includes a one-time deposit from the State Web Portal Fund into the Automation Projects Fund for development of a Business One-Stop portal that will provide a single online location to help citizens and businesses plan, start, grow, and relocate businesses in Arizona.

The Department expects this project to be completed in FY 2025 for a total cost of \$32.2 million.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Funding	FY 2021
State Web Portal Fund	0.0
Issue Total	0.0

Statewide Cybersecurity Risk Management Program

The Executive Budget includes an increase in funding to develop a statewide cybersecurity risk management program. This initiative will not require any additional FTE position authority, as the Department has sufficient capacity.

The Executive Budget makes a one-time deposit using a transfer of \$14.4 million from the Risk Management Fund into a new Cybersecurity Risk Management Fund. Of this deposit, \$11.6 million will be used to establish the new program in FY 2021. The remaining \$2.7 million will be set aside to cover annual operating costs in FY 2022, which allows the program to reach full operational maturity before any costs are allocated to agencies beginning in FY 2023.

From the \$11.6 million required to establish the program in FY 2021:

- \$10 million will be held in reserve to cover the insurance deductible for two catastrophic breaches. Some portion of this funding may be used to cover losses incurred due to smaller breaches that would not exceed the deductible amount.
- \$1.1 million will be used for insurance premiums in the second half of FY 2021. Only partial-year funding is necessary due to the delay in purchasing insurance coverage while the program is being developed and underwritten.
- \$542,200 will fund staff to support and administer the program. A Risk Manager, housed in the Department's Risk Management Division, will administer the insurance portion of the program, including underwriting, managing vendor relationships, and coordinating the resource logistics for a catastrophic incident response. Three Information Security Engineers, housed in the Department's Statewide Information Security and Privacy Office, will work with State agencies to mitigate cybersecurity risks to internal agency technology systems and further develop incident response plans to ensure the continuity of operations in the event of a breach.

The Executive Budget contemplates ongoing annual costs to be \$2.7 million, including \$2.2 million for insurance premiums and \$542,200 for program staff. In FY 2022, these costs will be covered by the initial deposit into the new Cybersecurity Risk Management Fund included in the FY 2021 Executive Budget. Beginning in FY 2023, ongoing program costs will be funded through charges to agencies, which the Department will allocate based on various cyber risk factors, including the number of records maintained, the number of online transactions, agency personnel count, and a cybersecurity rating currently in place for agencies.

Health Insurance Trust Fund - Agency Premiums

The Executive Budget includes an increase in one-time funding for agency premium increases to the Health Insurance Trust Fund (HITF).

The HITF supports the State's self-insured medical, pharmacy, and dental insurance for State employees. Although the State has recently experienced slower growth in medical and pharmacy costs, expenditures continue to outpace revenues, leading to a declining fund balance. The three previous budgets also included one-time agency premium increases to improve the HITF's cash position.

This funding issue will allow the Department to continue exploring options to improve benefits and make the HITF financially sustainable. The Department is procuring new contracts for medical and pharmacy benefits, which will take effect starting in CY 2021.

A detailed breakdown of the agency and fund impact from this premium increase is included in the Statewide Adjustments section of the Executive Budget.

General Services Division Operating Increase

The Executive Budget includes a net-neutral shift in funding across appropriations to address changes in costs at the ADOA General Services Division.

Utility expenditures in Department-operated buildings have decreased, resulting in reversions from the Utilities special line item (SLI) in recent years. However, other operating costs have increased, including custodial services, security services, security equipment maintenance, maintenance of elevators and HVAC systems, and fleet services.

The Executive Budget decreases funding in the Utilities SLI and increases funding in the operating lump sum from the Capital Outlay Stabilization Fund.

Funding	FY 2021
Capital Outlay Stabilization Fund	0.0

Government Website Support

The Executive Budget includes an increase in funding to support State agency websites.

In FY 2020, the Department hosted and maintained 173 websites for State agencies on a shared platform. This platform provides greater consistency across the enterprise, reduces cybersecurity threats, ensures that State websites are compliant with accessibility policies, and allows agencies without dedicated IT staff to successfully manage website content. This funding will be used for the annual licensing costs for this program.

Prior to FY 2020, the Department received funding through the Automation Projects Fund (APF) while the shared platform was under development. As the platform transitioned to being fully operational, the Department had sufficient APF funding for half of the ongoing annual costs. The FY 2020 budget included a one-time appropriation for the second half of the annual costs to realign expenditures with the fiscal year budget cycle. This one-time appropriation is removed in a separate issue.

State Fleet Transfer

For FY 2021, the Executive Budget requires the Arizona Department of Transportation (ADOT) and the Arizona Department of Administration to establish an interagency service agreement allowing ADOT to manage the State motor vehicle fleet, set fees, and receive revenue. The revenue and balance from the ADOA Motor Pool Revolving Fund will be transferred into the ADOT Motor Vehicle Fleet Recapitalization Fund. The balance of the ADOA Motor Pool Revolving Fund is anticipated to be around \$2 million at the end of FY 2020. As set by the ISA, any new revenue shall be deposited into either the Motor Vehicle Fleet Recapitalization Fund or the Motor Vehicle Fleet Operations Fund, as appropriate.

The Executive intends for ADOT and ADOA to present a final plan and any statutory changes for transitioning the operation of the State motor vehicle fleet by October 1, 2020 as established by Laws 2019, Chapter 267.

Executive Budget Baseline Changes

Adjust Insurance Claims Related Expenditures

The Executive Budget includes an increase in funding for expected property and liability claims against State agencies.

Each year, an independent actuary prepares a study of the State's exposure and claims history for its property and liability insurance programs. The Executive Budget aligns the expected exposure and the amount of appropriation available to pay claims.

Funding	FY 2021

Remove Prior Year Appropriation - Government Website Support

The Executive Budget includes a decrease in funding for government website support.

The FY 2020 budget included one-time funding of \$250,000 for the Department to host and maintain websites for State agencies on a shared platform. Prior to FY 2020, the Department received funding through the Automation Projects Fund (APF) while the platform was under development. As the platform transitioned to being fully operational, the Department had sufficient APF funding for half of the ongoing annual costs. The funding included in the FY 2020 budget provided the second half of the annual costs, which realigned expenditures with the fiscal year budget cycle.

The Executive Budget increases funding for Government Website Support to the full annual cost in a separate issue.

Remove Prior Year Appropriation - Public Safety Regional Communications

The Executive Budget includes a decrease in funding for public safety regional communications.

The FY 2020 budget included one-time funding of \$271,000 for the Department to distribute to the City of Sierra Vista for technology infrastructure maintenance at the Southeastern Arizona Communications Center.

The Executive Budget backs out this funding in FY 2021.

Executive Budget Supplemental Changes

Federal Repayment

The Executive Budget includes an increase in non-lapsing supplemental funding above the enacted FY 2020 appropriation for federal reimbursements that may be due before June 30, 2020.

Monies collected from a variety of funding sources at State agencies and used for statewide functions, such as employee health care or general liability insurance, are a key funding mechanism for the State. One funding source for those services is money from the federal government. State agencies receive federal money for use in specific ways and with detailed restrictions. Federal auditors have notified the State that some uses of federal funds in FY 2019 have been disallowed, and the State will likely be required to reimburse the disallowed costs prior to FY 2021. This reimbursement has occurred for several years.

Funding	FY 2020
Risk Management Fund	3,933.1
Issue Total	3,933.1

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Issue Total**(20.9)****State Agricultural Laboratory Operational Costs**

The Executive Budget includes an increase in funding for rent costs at the State Agriculture Laboratory.

In FY 2019, the Laboratory was relocated to a private rental space in Chandler. Due to the timing of the lease, the FY 2020 budget included funding for 10 months of rent. This issue annualizes the funding for the full-year rent costs.

Arizona Health Care Cost Containment System

The Arizona Health Care Cost Containment System (AHCCCS), the State's Medicaid Agency, uses federal, state, and county funds to provide health care coverage to eligible enrollees. Since 1982, when it became the first statewide Medicaid managed care system in the nation, AHCCCS has operated under a federal Research and Demonstration 1115 Waiver authority that allows for the operation of a statewide managed care model.

Major Executive Budget Initiatives and Funding

Continuing Access to Opioid Treatment

The Executive Budget supports an ongoing \$6 million transfer from the Medical Marijuana Fund into the Substance Use Disorder (SUD) Fund to continue providing treatment services to underinsured or uninsured Arizonans seeking opioid treatment services.

Laws 2018, 1st Special Session, Chapter 1 established the SUD Fund and made a one-time \$10 million General Fund deposit into the Fund.

Over the past two years, AHCCCS has used the funding to provide substance use disorder treatment services, such as copays, doctor visits, lab tests and methadone administration, to underinsured or uninsured individuals who are not eligible for Medicaid. From February 2018 through September 2019, the SUD Fund appropriation supplied 42,880 services to 23,328 individuals.

AHCCCS plans to spend the entirety of the original funding by the end of FY 2020. The increased funding included in the Executive Budget will allow AHCCCS to provide services for one additional year and serve an estimated 18,000 individuals.

This funding is contingent on a three-fourths vote in both chambers of the Legislature. If this does not occur, the Executive will seek funding for this issue from another funding source.

Graduate Medical Education Funding

The Executive Budget reverses the \$3 million advance appropriation for Graduate Medical Education (GME) programs originally contemplated in the enacted FY 2020 Budget.

The FY 2020 budget included an initial \$3 million to increase GME payments for hospitals located in health professional shortage areas as part of a three-year spending plan for the GME program. An advance appropriation of an additional \$3 million in FY 2021 brings the total GME increase to \$6 million.

However, due to the timing of expanding the program and receiving CMS approval, AHCCCS is not able to disperse at the initial level until FY 2021. As a result, the Executive Budget keeps the FY 2021 amount for GME programs at the same level as appropriated in FY 2020.

Further, the Executive Budget shifts the FY 2021 advance appropriation of \$6 million to FY 2022 and the FY 2022 advance appropriation of \$9 million to FY 2023, to correspond with the updated spending plan (see Table 2 below for more information).

Last, to ensure consistency in how all graduate medical education slots are funded, the Executive recommends amending last year's graduate medical education funding bill to include indirect program costs.

PMMIS Information Technology Roadmap Consultant

The Executive Budget includes an increase in funding for a consultant to create an information technology roadmap for replacement of the AHCCCS Pre-Paid Medicaid Management System (PMMIS).

AHCCCS is beginning the process of updating its 30-year old PMMIS through modular system development and integration. The current system, built in the 1980s, uses an outdated coding language (CA IDEAL). PMMIS operates out of the IBM cloud contract managed by the Department of Administration. Due to its age, it is difficult to update and maintain the system.

The consultant will evaluate the current PMMIS system and business processes to develop a roadmap for updating the system. The roadmap will help develop future AHCCCS budget requests, resource planning, and documentation required by the Centers for Medicare & Medicaid Services (CMS).

Information Technology Systems Operating Costs

The Executive Budget includes an increase in funding for operating costs of three federally required information technology systems: Asset Verification, Electronic Visit Verification, and Provider Management.

The Asset Verification system is used to verify the assets of elderly, blind, or disabled people who apply for AHCCCS through the Arizona Long Term Care System (ALTCs) program. The Executive estimates that the General Fund increase of \$125,100 will be matched with an additional \$324,600 in federal funds for the operating costs of this system.

The Electronic Visit Verification (EVV) system verifies whether home care providers provided the services for which they billed AHCCCS. The Executive estimates that the General Fund increase of \$2 million included will be matched with an additional \$6 million in federal funds for EVV operating costs.

The Provider Management system is a component of the AHCCCS Medicaid Management Information System (MMIS). In order to continue receiving federal funding, AHCCCS had to replace the MMIS by using modular, reusable components. The first portion to be replaced was the Provider Management system, which enables healthcare providers to enroll as AHCCCS providers. The Executive estimates that the General Fund increase of \$884,000 will be matched with an additional \$2.7 million in federal funds for the system's operating costs.

Children's Rehabilitative Services Administration Base Modification

The Executive Budget includes a neutral shift in funding across appropriations to realign administrative expenditures for Children's Rehabilitative Services (CRS) to the correct special line item (SLI).

Laws 2011, Chapter 31 moved the CRS program from the Department of Health Services to AHCCCS in FY 2012. AHCCCS was appropriated \$36.4 million General Fund (\$100.1 million Total Funds) to run the program. Of that amount, AHCCCS spends \$513,800 General Fund (\$1 million total funds) on CRS administrative requirements.

When transferred to AHCCCS, the entire amount for CRS was placed into the CRS Programmatic Expenditures SLI. Both the Joint Legislative Budget Committee (JLBC) Staff and the Governor's Office of Strategic Planning & Budgeting (OSPB) acknowledged that the SLI included an administrative component. However, federal rules require AHCCCS to claim administrative costs separately from program costs.

As a result, between FY 2012 and FY 2019 AHCCCS annually submitted a line-item transfer request to realign CRS administrative expenditures to the correct program. OSPB has approved this transfer each year.

The Executive Budget makes the line-item transfer request permanent by decreasing the CRS administrative funding in the Traditional Medicaid Services SLI and increasing funding in the Operating Lump Sum.

Technical Adjustments

The Executive Budget includes an increase in funding for Rural Hospital payments and Disproportionate Share Hospital payments, due to a reduction from 70.02% to 70.01% in the Federal Medical Assistance Percentage (FMAP) for Federal Fiscal Year (FFY) 2021.

Rural Hospital Payments are comprised of two components:

(1) the Rural Hospital Reimbursement (RHR) program, which allows AHCCCS to distribute supplemental payments for inpatient hospital services provided by qualifying rural hospitals based on utilization or adjusted tier rates; and

(2) the Critical Access Hospital (CAH) program, which provides supplemental payments to in-state CAHs over and above the regular AHCCCS reimbursement for their Medicaid patient services.

The Disproportionate Share Hospital (DSH) private hospital program provides supplemental dollars to hospitals that serve a disproportionate share of low-income patients. In FY 2018, 31 private hospitals received DSH payments.

Executive Budget Baseline Changes

Traditional Formula Adjustments

The Executive Budget includes an increase in funding for Traditional caseload and capitation increases.

The Executive Budget anticipates growth in the Traditional population of 1.83% in FY 2020 and 0.12% in FY 2021. The Executive Budget also anticipates growth in the per-member per-month costs of 3.9% in FY 2020 and FY 2021.

The Executive Budget includes \$20.3 million General Fund (\$67.7 million Total Funds) for the Health Insurer Fee, which will be reinstated in Federal Fiscal Year (FFY) 2020.

The Traditional program receives its state match from the General Fund, county funds, Prescription Drug Rebate funds, and Tobacco Tax. The Executive Budget anticipates that Tobacco Tax revenues for the Medically Needy account will increase by \$951,021 above the FY 2020 appropriation. The Executive Budget anticipates funding from county funds and Prescription Drug Rebate funds will remain unchanged from the FY 2020 appropriation.

Proposition 204 Formula Adjustments

The Executive Budget includes an increase in funding for Proposition 204 caseload and capitation increases.

The Executive Budget anticipates growth in the Proposition 204 population of 2.5% in FY 2020 and FY 2021. The Executive Budget also anticipates growth in the per-member per-month costs of 3.9% in FY 2020 and FY 2021.

The Executive Budget also includes \$7.4 million State Match (\$58.3 million Total Funds) for the Health Insurer Fee, which will be reinstated in Federal Fiscal Year (FFY) 2020.

Finally, the Executive Budget includes the reduction in FMAP from 70.02% to 70.01% in FFY 2021.

The Proposition 204 program receives its state match from Tobacco Tax revenues and monies received from tobacco companies as a result of the 1998 Master Settlement Agreement (MSA). Those monies are supplemented by a hospital assessment and the General Fund. The only tobacco-related fund that is subject to legislative appropriation and used for Proposition 204 is the Emergency Health Services Account of the Tobacco Products Tax Fund. The Executive Budget anticipates this funding will decrease by \$(32,577) from the FY 2020 appropriation. The non-appropriated 204 Protection Account is expected to decrease by \$(68,481) from the FY 2020 appropriation. The MSA payments is estimated to decrease by \$(3,061,539) from the FY 2020 appropriation.

Integration of Behavioral Health Services into the Department of Economic Security Division of Developmental Disabilities

The Executive Budget includes a decrease in funding to annualize the transfer of Behavioral Health Services from AHCCCS to the Department of Economic Security (DES). Corresponding increases in funding appear in the DES section of the Executive Budget.

As part of a statewide effort to better integrate the delivery, management, and financing of healthcare, the enacted FY 2020 budget transferred to DES the contract management services for Behavioral Health Services for members with developmental disabilities, effective October 1, 2019.

Due to this timing, the FY 2020 budget transferred only three-quarters in FY 2020. The Executive Budget annualizes this transfer by moving the last quarter of funding from AHCCCS to DES.

Executive Budget Supplemental Changes

FY 2020 Supplemental Funding

The Executive Budget includes an increase in supplemental funding above the enacted FY 2020 appropriation funding for AHCCCS caseload and capitation rates.

The FY 2020 budget assumed that aggregate growth across the AHCCCS populations would be 0.2% in FY 2020. The Executive's updated estimate for actual growth is approximately 1.9%.

In addition, the FY 2020 budget assumed funding for capitation rate growth of 3%. However, baseline capitation rate growth for all AHCCCS populations was 3.9% for contract year ending 2020.

This funding allows AHCCCS to fulfill its capitation payments to contractors across the state providing coverage for AHCCCS enrollees.

Major Executive Budget Initiatives and Funding

Enhanced Support of the Arts

The Executive Budget includes an increase in one-time funding for grants to arts organizations.

The Commission approved \$2.6 million in grant awards for over 250 grantees in 12 counties. Of that amount:

216 grants totaling \$2.5 million are Community Investment Grants, which provide operating support to nonprofit arts organizations, local arts agencies, and tribal cultural organizations whose mission is to produce, present, teach or serve the arts;

40 grants totaling \$107,000 are Festival Grants, which support organizations in their efforts to provide quality arts and cultural programming through community festival activities; and

four grants totaling \$62,840 are Strengthening Schools Through Arts Partnerships Grants, which support substantive school/community partnerships that strengthen teaching and learning in arts education and/or arts integration in Arizona Title I schools.

Attorney General - Department of Law

The Attorney General (AG) is a constitutionally established, elected position and holds office for a four-year term. The Attorney General is the legal advisor to all State agencies, boards, and commissions, except those few exempted by law. Other primary responsibilities include prosecuting and defending proceedings in which the State has an interest and rendering written opinions upon questions of law.

To fulfill these responsibilities, the Department of Law is divided into legal services and administrative operations. The legal divisions are the Child and Family Protection Division, Civil Litigation Division, Criminal Division, Appeals and Constitutional Litigation Division, and the State Government Division. Each division is further organized into sections that specialize in a particular area of practice. Two divisions are primarily responsible for administrative operations: the Operations Division and the Communications Division.

Legal, policy, administrative, and support functions are coordinated and promoted by the Executive Office.

Major Executive Budget Initiatives and Funding

Child and Family Advocacy Centers

The Executive Budget includes an increase in funding for child and family advocacy centers.

For the FY 2020 budget, the Attorney General deposited an additional \$400,000 in the Child and Family Advocacy Centers Fund for one-time funding from the CPCF Revolving Fund. The Executive Budget matches the Attorney General's contribution by allocating \$400,000 from the General Fund to be deposited in the Child and Family Advocacy Centers Fund.

Child and Family Advocacy Centers provide victim advocacy, case management, and counseling services to primary and secondary victims of child abuse, domestic violence, sexual assault, elder abuse and homicide.

Funding	FY 2021
General Fund	400.0

Executive Budget Baseline Changes

Fund Shift for Criminal Division Resources

The Executive Budget includes a shift in funding for Criminal Division resources from the General Fund to the Consumer Protection - Consumer Fraud Revolving Fund (CPCF).

The FY 2018 budget included \$1.5 million from the General Fund each year for the Criminal Division in FY 2018, FY 2019, and FY 2020.

The FY 2020 budget included advance appropriations from the CPCF Revolving Fund for the same purpose in the following manner:

FY 2021: \$950,000
FY 2022: \$2,350,000
FY 2023: \$2,350,000

Also, the FY 2019 budget authorized the Attorney General to use, in FY 2021, \$1.4 million in one-time funding from the Consumer

Remediation Subaccount of the Consumer Restitution and Remediation Revolving Fund for Criminal Division operations.

The Executive Budget backs out the General Fund appropriation, increases the CPCF Revolving Fund appropriation, and increases the Consumer Remediation Subaccount of the Consumer Restitution and Remediation Revolving Fund appropriation in one-time funding.

Department of Child Safety

The Department of Child Safety (DCS) is Arizona's State-administered child welfare services agency. DCS provides child abuse and neglect investigations; child safety and risk assessments; family support, preservation, and reunification services; family foster care and kinship care services; services to promote the safety, permanence, and well-being of children in foster and adoptive families; adoption promotion and support services; and health care services for children in out-of-home care.

The primary purpose of DCS is to protect children. To achieve this purpose, the Department seeks to accomplish the following in equal priority: (a) investigate reports of child abuse and neglect; (b) assess, promote and support the safety of a child in a safe and stable family or other appropriate placement; (c) work cooperatively with law enforcement regarding reports that include criminal conduct allegations; and (d) without compromising child safety, coordinate services to achieve permanency on behalf of the child, strengthen the family, and provide prevention, intervention, and treatment for abuse and neglected children.

Major Executive Budget Initiatives and Funding

DCS Pay Package

The Executive Budget includes an increase in funding to provide additional 10% salary increase to Department caseworkers and its mission-critical staff.

Retaining qualified and experienced staff continues to be a major challenge facing the Department, as it has been consistently unable to meet the Legislative benchmark of retaining 1,406 caseworkers.

Despite the average 5% pay increase in FY 2020 for caseworkers, salaries continue to be 8% below market when compared to the national average and 10% below market when compared to some neighboring states (e.g., Utah, New Mexico, Colorado, and Nevada). The turnover rate in FY 2019 was 27%, and the turnover rate so far in FY 2020 is 32%.

The Executive recognizes the importance of the Department's staff in ensuring that children remain safe, and this initiative will provide a boost in recruiting and retaining caseworkers and other mission-critical staff.

Adoption Subsidy Increase for Children with Developmental Disabilities

The Executive Budget includes an increase in funding to increase the average daily adoption subsidy rate from \$36.80 to \$75. The goal is to finalize adoptions for 100 additional children with developmental disabilities each year at the new rate.

The Adoption Services program supports the Department's effort to provide permanent adoptive placements for children in State care. Funding for the program covers adoption home recruitment costs related to the legal process of adoption and provides monthly adoption subsidies for the adoptive families.

Adoption Incentive for Sibling Groups

The Executive Budget includes an increase in funding to provide one-time incentives of \$5,000 per child to the adoption family to encourage adoption of sibling groups. Adoptive parents can use the one-time incentive on costs associated with adopting the sibling group, such as furniture purchases, home remodeling or upgrading, and vehicle purchases. This initiative will provide payments to 600 children in sibling groups of two or more.

The Adoption Services program supports the Department's effort to provide permanent adoptive placements for children in State care. Funding for the program covers adoption home recruitment costs related to the legal process of adoption and provides monthly adoption subsidies for the adoptive families.

Kinship Stipend Enhancement

The Executive Budget includes an increase in funding to double the current kinship stipend from \$75 to \$150 per child per month for approximately 5,555 kinship placements.

The Department provides a stipend on behalf of all children placed with an unlicensed kinship foster care parent. The stipend is given to all caregivers, including relatives as well as non-relatives who have a meaningful relationship with the child.

Funding	FY 2021
General Fund	5,000.0
Issue Total	5,000.0

CMDP Behavioral Health Integration

The Executive Budget includes an increase in Expenditure Authority for the integration of behavioral health services for foster children from the regional behavioral health authorities (RHBAs) to the Department within the Comprehensive Medical and Dental Program (CMDP), pursuant to Laws 2019, Chapter 305.

Additionally, the Executive Budget includes four new special line items (SLIs) to provide further transparency and oversight of CMDP and the behavioral health integration. These new SLIs are CMDP Administration, CMDP Medical Case Management, CMDP Health Services Utilization, and CMDP Higher Level of Care Placements. The Executive intends to exempt the Department from Legislative review and approval for any appropriation transfers between these SLIs.

As a part of the AHCCCS Complete Care plans, the Department's integrated CMDP will allow Department caseworkers and staff to have close proximity and real-time access to the child's information and provide higher quality and more timely medical, dental, and behavioral health services to foster children and families.

In July 2019, the Department posted a request for proposal (RFP) to subcontract network development, provider management, and claims processing for the integrated CMDP to an administrative services organization, while the Department is responsible for care management that includes prior authorization and care coordination. In August 2019, the RFP was rescinded due to lack of interest. The Department revised the RFP and re-released it in September 2019 with a due date of November 2019. After the RFP due date, the Department received no response to the RFP. The Executive will keep the Legislature informed on progress towards CMDP integration.

Expanding Quality Child Care

The Executive Budget includes an increase in funding for the Department's child care subsidy program to provide up to \$200 reimbursement for the cost of one-time child care enrollment fees.

The Department provides child care subsidies to foster parents and kinship families. The additional funding will make quality child care more accessible for at least 5,000 kinship families.

CHILDS Replacement: Guardian

The Executive Budget includes an increase in one-time funding from the Automation Projects Fund - DCS Subaccount to complete an IT replacement project of the Department's legacy child welfare data system.

The Department is in the final year of a five-year project to replace its archaic Children's Information Library and Data Source (CHILDS) system with the Guardian information management system. The new Guardian system will be a secure cloud-based system that employs mobile technology to assist with key agency functions, including intake processing, case management, provider management, and financial management.

Due to recent federal approval for a higher federal reimbursement rate, the cost of the project is estimated to be \$36 million General Fund (\$86 million Total Funds). DCS expects the project to be completed in FY 2021, with a go-live date of July 6, 2020, and complete a post go-live release in November 2020 with the decommissioning of CHILDS occurring thereafter.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Litigation

The Executive Budget includes an increase in one-time funding to pay for litigation expenses in the B.K. v. Faust class action lawsuit, which include attorney fees, discovery costs and expert witness fees. In FY 2019, the Department received one-time funding of \$3.8 million that was made non-lapsing through FY 2020. The Department expects the FY 2019 appropriation to be fully expended in FY 2020. Given the unpredictability of litigation timelines, the Executive Budget makes the FY 2021 appropriation non-lapsing through FY 2022.

Funding	FY 2021
Risk Management Revolving Fund	2,602.0
Issue Total	2,602.0

Administrative Support

The Executive Budget includes an increase in funding to maintain current levels of administrative costs at the Department due to the expiration of Title IV-E waivers. In September 2014, the federal government approved the Department to receive a capped federal IV-E allocation in exchange for the authority to use IV-E waiver dollars beyond traditional IV-E purposes. From FY 2016 to FY 2019, the Department has used approximately \$27 million in Title IV-E waiver to cover the ongoing structural shortfall in its operating budget.

Funding to cover the ongoing administrative structural shortfall after the expiration of IV-E waivers will come from three sources: (1) \$873,000 in General Fund monies shifted from the Overtime Pay special line item (SLI) to the Department's Operating Lump Sum; (2) \$906,500 in Temporary Assistance for Needy Families (TANF) Fund from the Overtime Pay SLI to the Department's Operating Lump Sum; and (3) \$3 million in General Fund. Please see the Technical Adjustments narrative for more information.

Without funding support, the Department will have to reduce its administration staff by approximately 91 positions, which will have a critical impact on key agency efforts such as ensuring successful recruitment of foster and adoptive families, placement of children in family-like settings, and transitioning children out of group homes.

Technical Adjustments

The Executive Budget includes the following technical adjustments:

- (1) Move Records Retention special line item (SLI) and the General Counsel SLI into the Operating Lump Sum.
- (2) Right-size the Overtime Pay SLI by shifting approximately 25% of the appropriation into the Department's operating budget to help cover the structural deficit in the operating budget.
- (3) Rename the Independent Living SLI to Extended Foster Care SLI to better reflect program expenditures pursuant to Laws 2019, Chapter 262.

Executive Budget Baseline Changes

Adoption Subsidy Caseload Growth

The Executive Budget includes an increase in funding to fully support adoption subsidy caseload for the growing population of adopted children.

The Adoption Services program supports the Department's effort to provide permanent adoptive placements for children in State care. Funding for the program covers adoption home recruitment costs, expenses related to the legal process of adoption, and monthly adoption subsidies for the adoptive families.

The growth in the number of families receiving adoption subsidies has been consistent for several years. In FY 2019, the average monthly adoption population was 30,583, with a year-over-year growth of 7.1% or 2,027 more children receiving adoption subsidies compared to FY 2018. The Executive Budget projects adoption caseload growth of 5.5% or 1,670 more children in FY 2020 and 6.2% or 2,013 more children in FY 2021.

Citizens' Clean Elections Commission

The Citizens Clean Elections Act is a campaign finance reform measure initiated by Arizona citizens and passed by voters in 1998. The Act provides for campaign financing for qualified candidates, enhanced campaign finance enforcement and reports for State and Legislative candidates and independent expenditures. The Act also provides for voter and public education, including sponsorship of debates and publication of the primary and general election candidate statement pamphlets.

Major Executive Budget Initiatives and Funding

Arizona Competes Fund - Restoration

The Executive Budget includes an increase of the General Fund deposit into the Arizona Competes Fund.

The Arizona Competes Fund provides grants to attract and support businesses in Arizona. Support for the Fund is provided by income tax withholding and tax revenues.

The FY 2020 Budget reduced the General Fund deposit to the Arizona Competes Fund from \$11.5 million to \$5.5 million. The Executive Budget reverses this action.

Funding	FY 2021
General Fund	6,000.0
Issue Total	6,000.0

Rural Broadband Grants

The Executive Budget includes an increase in one-time funding for Rural Broadband grants that support rural planning and deployment of high-speed internet infrastructure.

To offset the construction costs of expanding broadband services, the Executive Budget includes funding to provide matching grant funding to underserved rural communities. The Arizona Commerce Authority (ACA) will prioritize awards to local partnerships or ventures with clear and achievable plans to improve broadband services in one or more communities.

The funding requests will be split between supporting broadband infrastructure development and supporting community broadband planning. ACA will evaluate applicants based on multiple criteria, including the number of community anchor institutions and people served, available matching funds, demonstrated local support, and expected economic impact.

Funding	FY 2021
General Fund	10,000.0
Issue Total	10,000.0

Economic Development Marketing and Attraction

The Executive Budget includes an increase in funding for marketing to attract corporations and aspiring entrepreneurs to Arizona.

The agency will expand a nationwide marketing campaign in promoting Arizona's welcoming business environment and prosperous economy. It will employ a number of strategies, including mass broadcast outlets, strategic print publications, and digital media.

Funding	FY 2021
General Fund	1,000.0
Issue Total	1,000.0

Rural Community College Support

The Executive Budget includes \$10.6 million in one-time funding to expand higher education opportunities in rural communities around the state.

As Arizona companies continue to face major challenges in sourcing and hiring qualified talent, the demand for educational programs that meet specific needs continues to be a challenge, especially in rural areas.

Of the total, \$4.1 million is allocated to the Arizona Commerce Authority to expand the Arizona Advanced Technology Corridor into a network partnership of community colleges serving multiple geographic rural areas around Arizona. The remaining \$6.5 million is allocated to the ten rural community college districts for general operating expenses and career and technical education programs. This investment will enhance an emerging workforce with skills aligned with industry needs, ultimately fostering the growth and development of the economic diversity in each rural area.

General Fund	54,380.5	97,400.7	(15,181.6)	82,219.1
Agency Total	54,380.5	97,400.7	(15,181.6)	82,219.1

Major Executive Budget Initiatives and Funding

Rural Community College Aid

The Executive Budget includes an increase in one-time funding for rural community college aid.

This funding is allocated among the ten rural community college districts based on FY 2019 actual enrollment and may be used for general operating expenditures or capital improvements.

This funding is in addition to the Arizona Advanced Technology Network Rural Expansion Project. See the Commerce Authority detail section for more information.

Funding	FY 2021
General Fund	6,468.1
Issue Total	6,468.1

Fully Fund STEM & Workforce Programs Aid Formula

The Executive Budget includes an increase in one-time funding to fully restore the STEM and Workforce Programs Aid Formula for the Maricopa, Pima, and Pinal community college districts.

Over the past 10 years, State formula funding for those three community college districts has decreased from \$66.2 million in FY 2011 to \$3.5 million in FY 2020. Those decreases have had the harshest impact on the STEM and Workforce Programs Aid Formula funding.

Funding	FY 2021
General Fund	11,130.0
Issue Total	11,130.0

Executive Budget Baseline Changes

Operating State Aid

The Executive Budget includes a decrease in funding for Operating State Aid to community colleges.

The Operating State Aid formula established in A.R.S. § 15-1466 is based on each community college district's enrollment change from the previous year. In FY 2019, full-time student enrollment declined by (4,249) students statewide, generating a reduction in Operating State Aid.

Funding	FY 2021
General Fund	(372.9)
Issue Total	(372.9)

Equalization Aid

The Executive Budget includes an increase in funding for Equalization Aid to Cochise, Graham, Navajo, and Yuma/La Paz counties.

The Equalization Aid formula established in A.R.S. § 15-1468 supports community college districts that have an insufficient property tax base compared to the minimum assessed value as described in A.R.S. § 15-1402.

Funding	FY 2021
General Fund	2,625.8
Issue Total	2,625.8

STEM and Workforce Programs Aid

The Executive Budget includes a decrease in funding for STEM and Workforce Programs Aid to community colleges.

The STEM and Workforce Programs Aid formula established in A.R.S. § 15-1464 is allocated based on full-time student equivalent (FTSE) enrollment. Community college districts with enrollment over 5,000 FTSE receive \$160 per FTSE, while districts with less than 5,000 receive \$210 per FTSE.

In FY 2019, full-time student enrollment declined by (4,249) students statewide, generating a reduction in STEM and Workforce Programs Aid.

Laws 2019, Chapter 266 appropriated from the General Fund \$1.6 million and \$400,000 for the community colleges in Maricopa and Pima counties, respectively, for STEM and Workforce Programs Aid for three years beginning in FY 2020. Additionally, Chapter 266 appropriated \$96,500 for Pinal County. This funding issue reflects only the marginal change in funding due to changes in FTSE enrollment at rural community college districts across the state. The advance appropriations to Maricopa, Pima, and Pinal remain unchanged. However, the Executive Budget includes a separate initiative to fully fund the STEM and Workforce Programs Aid for those three counties.

Funding	FY 2021
General Fund	(32.6)
Issue Total	(32.6)

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in funding for Pima Aviation Center Expansion (\$15 million), Rural Community College Aid (\$14.2 million); and Maricopa Health Care Specialty Expansion (\$5.8 million).

The FY 2020 budget included these one-time appropriations. The Executive Budget backs out this funding in FY 2021.

Funding	FY 2021
General Fund	(35,000.0)
Issue Total	(35,000.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Department of Corrections

The Department of Corrections (ADC) serves and protects the people of Arizona by incarcerating inmates in correctional facilities and supervising conditionally released offenders in the community. During incarceration, welfare and health care services, including medical, dental, and mental health, are provided to inmates. In addition, structured programming - including work, education, career training, substance abuse treatment, sex offender treatment, spiritual services, and recreation - is provided to inmates to promote employability, literacy, sobriety, and accountability to crime victims and to increase the likelihood that inmates will become law-abiding citizens upon release. In the community, the Department supervises offenders released from prison to serve the remainder of their sentence on community supervision. The Department ensures the accurate release, effective re-entry, transition, and supervision of released offenders, utilizing a continuum of supervision services, strategies, evidence-based programs, and meaningful incentives and sanctions. The Department also facilitates the swift return to custody of those offenders who violate conditions of supervision and who represent a serious threat to the safety of the community.

Major Executive Budget Initiatives and Funding

Substance Abuse Treatment Plan

The Executive Budget supports an ongoing \$8.1 million appropriation from the Medical Marijuana Fund to improve the provision of substance abuse treatment services to inmates.

The plan funds a significant expansion of substance abuse counseling at the Department of Corrections and is projected to allow an additional 2,000 inmates to complete substance abuse counseling annually.

Additionally, this funding will establish a Medical Loan Repayment Program at the Department of Health Services to provide loan repayment reimbursements to individuals providing substance abuse counseling in correctional environments.

The funding would also be utilized to hire additional employment specialists and to fund an AHCCCS reach in program to provide additional resources and treatment to inmates convicted of drug possession as they transition back into society.

This funding is contingent on a three-fourths vote in both chambers of the Legislature. If this does not occur, the Executive will seek funding for this issue from the General Fund.

Funding	FY 2021
Medical Marijuana Fund	8,125.0
Issue Total	8,125.0

Bed Management Strategy

The Executive Budget includes an increase in funding to provide additional bed management space for the Department.

This funding will leverage contracted beds in order to decrease temporarily the number of beds managed directly by the Department. In conjunction with the addition of the contracted beds, the Florence prison complex will be vacated, due to its age and disrepair. The Globe satellite unit will remain in service.

The closure of the Florence prison complex will not require the termination of any current Department employees. The Eyman prison complex, also located in Florence, will be able to absorb the majority of employees that currently work at the Florence complex. In particular, the Executive intends that Florence complex Correctional Officers will be transferred to the Eyman complex, helping to eliminate the latter facility's high Correctional Officer vacancy rate, which poses safety and security risks to staff and inmates.

Funding	FY 2021
General Fund	33,235.4
Issue Total	33,235.4

Salary Increase for Security and Investigators Series

The Executive Budget includes an increase in funding to provide salary increases to key Department positions, primarily with a focus on security personnel, which are difficult to recruit and retain. This initiative is projected to result in increases for 8,529 Department employees.

Funding	FY 2021
General Fund	37,072.7
Issue Total	37,072.7

Lewis and Yuma Locks, Fire, HVAC Phase 2 and 3

The Executive Budget includes an increase in funding to complete the Lewis and Yuma building renewal projects.

At the Lewis and Yuma prisons, the Department has identified locks, HVAC systems, and fire alarm and suppression systems that require replacement. The total project cost is estimated at \$72.3 million. The Department plans to complete the entire project by August 2021.

The project is divided into three phases:

Phase 1 - Lewis Prison. Repair or Replace Locks and Fire Alarm and Suppression Systems: \$25.9 million

Phase 2 - Lewis Prison. Repair or Replace HVAC Systems: \$26.4 million

Phase 3 - Yuma Prison. Repair or Replace Locks and Fire Alarm, Suppression and HVAC Systems: \$20 million

Fully Fund Statutory Building Renewal Formula

The Executive Budget includes an increase in funding to fully fund the Department's Sherman-Dergis Building Renewal Formula.

A.R.S. § 41-793 directs the Department of Administration (DOA) to (a) determine the amount of appropriation required to fund building renewal on an annual basis according to a formula approved by the Legislature; and (b) allocate appropriated building renewal monies to agencies of the building system.

This investment will mark the first time the Department of Corrections' Building Renewal Formula has been fully funded (See Table 1 below).

The building renewal formula approved by the Legislature is the Sherman-Dergis Formula developed in 1981 at the University of Michigan. In simple terms, the Sherman-Dergis Formula estimates the funding requirements for major maintenance over time.

For additional information on the Sherman-Dergis Formula, see the FY 2021 DOA Capital Improvement Plan.

The funding for this issue appears in the Capital section.

Leadership Enhancement & Development

The Executive Budget includes an increase in funding to establish 286.0 Corporal FTE positions. This initiative will not require any additional FTE authority, as the Department will convert 286.0 vacant Correctional Officer II FTE positions to Corporal positions.

Corporals will be the intermediate supervisor between Correctional Officers and Sergeants. Corporals will be responsible for routine assignments within a unit, serving as the "officer in charge." The newly established Corporal FTE position will assume some of the current Sergeant duties, which will allow Sergeants additional time to develop, coach, train, and engage Correctional Officers.

The total cost to establish 286.0 Corporal FTE positions is \$18.6 million. This cost is offset by the elimination of 286.0 vacant Correctional Officer II positions at a savings of \$16.9 million.

Additionally, the Executive Budget includes a total of \$4.1 million to address salary compression issues for correctional supervisors. Currently, 51.0 Sergeants have higher salaries than Lieutenants, and similar compression issues exist throughout the Correctional Series.

Funding	FY 2021
General Fund	5,791.6
Issue Total	5,791.6

Recidivism Reduction Programs

The Executive Budget includes an increase in funding to fund an additional 10.0 Correctional Education Program Teacher FTE positions to increase the Department's ability to provide special education and mandatory literacy classes to inmates.

As of June 2019, 2,137 students awaited placement into functional literacy, and the caseload of special education teachers in Tucson was at 26:1.

The Department plans to assign 2.0 FTE positions to the Tucson prison complex to reduce the special education student teacher ratio to 15:1. The 8.0 other FTE positions will be used to reduce the functional literacy backlog by approximately 1,280 inmates each year.

Funding	FY 2021
General Fund	1,067.1
Issue Total	1,067.1

Braille Transcription Program Expansion

The Executive Budget includes an increase in funding for the Department to partner with the Foundation for Blind Children to expand the Prison Braille Transcription program.

The Arizona Prison Braille Transcription program is currently located at the Kingman, Yuma, and Florence prison complexes, and approximately 70 inmates are participating. Working with the Arizona Department of Education and local school districts, the inmates transcribe student textbooks into braille, allowing students with visual impairment to gain access to the same education as their sighted peers.

This funding will provide salaries for one program manager, two braille instructors, and machinery required for printing and binding. With this funding, the program is expected to train an additional 100 inmates to become braille transcription certified and provide printing and binding production jobs for an additional 100 inmates.

Inmate Food Contract Inflation Adjustment

The Executive Budget includes an increase in funding for a 1.8% inflation adjustment for the inmate food contract.

The 1.8% inflation adjustment will add \$729,800 to the FY 2020 Food Allocation, for a total of \$41.3 million in FY 2021.

Funding	FY 2021
General Fund	729.8

Board of Cosmetology

The Board of Cosmetology issues licenses to salons, schools, and individuals who qualify by Universal Recognition Licensing, reciprocity or through the administration of a written and practical examination. The Board performs health and safety inspections of salons and schools, investigates consumer complaints, conducts hearings, and imposes enforcement action when appropriate. The Board also establishes health and safety standards, establishes educational and curriculum standards and oversight, and provides monthly classes on infection control and statutory and regulatory compliance for the licensees.

Major Executive Budget Initiatives and Funding

eLicensing

The Executive Budget supports a one-time deposit into the Automation Projects Fund (APF) from the Board of Cosmetology Fund for the Board of Cosmetology to transition its e-licensing system.

The Board is currently working with a third-party IT consultant to develop the roadmap and cost of transitioning to a new e-licensing system. This roadmap is expected to be completed in Spring 2020. Once the cost of development is known, the Executive will make a one-time transfer from the Cosmetology Board Fund to the Automation Projects Fund.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Schools for the Deaf and the Blind

Arizona State Schools for the Deaf and the Blind (ASDB) was founded in 1912. ASDB provides education and support services to over 2,000 children who are blind, visually impaired, deaf, hard of hearing, or deafblind, from birth to grade 12. ASDB operates two schools for the deaf, one school for the blind, a statewide birth-to-three early childhood and family education program, and five regional cooperatives that provide services to students attending local schools.

ASDB is committed to excellence and innovation in (a) education for all Arizona children who are hard of hearing or deaf or have vision loss; (b) leadership and service; (c) collaboration with families, school districts, communities, and others; and (d) partnership with other agencies that will enable children who are hard of hearing or deaf or have vision loss to succeed now and in the future.

Major Executive Budget Initiatives and Funding

Fleet Consolidation

The Executive Budget includes an increase in funding to support enterprise fleet consolidation.

The agency will transition management of its fleet to the Arizona Department of Transportation (ADOT). ADOT Equipment Services is a full-service professional fleet operation that manages fleet services for over sixty State agencies. The agency's partnership with ADOT will streamline fleet operations and enable operational efficiencies.

Of the total increase in funding, \$371,100 is ongoing from the General Fund for fleet management service fees associated with this consolidation, and for installing GPS systems on fleet vehicles to modernize odometer readings and assist in "right-sizing" the fleet. In addition, based on an ADOT fleet analysis, the Executive Budget includes \$5.5 million in one-time funding to enable the agency to replace 146 high-need heavy- and light-duty vehicles. A portion of this one-time funding is sourced from unspent monies from an FY 2019 appropriation from the Telecommunications for the Deaf Fund totaling \$581,000 after administrative adjustments. Other one-time fund sources include \$1.75 million from the Schools for the Deaf and the Blind Fund, \$800,000 from the Regional Cooperatives Fund, and \$2.3 million General Fund.

The Executive changes the School Bus Replacement Special Line Item (SLI) to the School Bus and Fleet Replacement SLI and intends for this funding to support fleet consolidation under ADOT. The Executive also moves this SLI from the Phoenix Day School program to the Administration program, as fleet consolidation falls under the agency's operations and administrative functions.

Funding	FY 2021
General Fund	2,700.5
Telecommunication for the Deaf	581.0
Schools for the Deaf and the Blind Fund	1,750.0
Issue Total	5,031.5

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Commission for the Deaf and the Hard of Hearing

The Commission for the Deaf and the Hard of Hearing (ACDHH) acts as an information bureau for the deaf, hard of hearing, deafblind, and individuals with speech difficulties. The Commission works with State and local government agencies and other public and private community agencies to educate staff to better provide services to their deaf, hard of hearing, and deafblind consumers. ACDHH administers a telecommunications equipment distribution voucher program that loans equipment to qualified Arizona residents. The Arizona Relay Service (7-1-1), which allows equal accessibility of public telephone service, is also administered by the Commission. The relay service is required by the Federal Communications Commission. ACDHH is also mandated to license American Sign Language interpreters and certify American Sign Language teachers.

Board of Dental Examiners

The Board of Dental Examiners examines, licenses, and certifies professionals to practice in the field of dentistry; registers business entities providing dental services; and permits mobile dental facilities. The Board also accepts complaints against licensees, certificate holders, business entities, and mobile dental facilities; investigates allegations; and administratively adjudicates complaints. The Board regulates approximately 9,900 business entities and professionals that are licensed or certified to practice in the state, and serves all Arizona citizens who receive their professional services.

Major Executive Budget Initiatives and Funding

Annual Leave Payout

The Executive Budget includes an increase in one-time funding for retirement payout and establishes a Special Line Item for this purpose.

One retirement-eligible employee is expected to retire in FY 2021, and the Board has insufficient capacity to cover this cost in addition to other operational needs.

Funding	FY 2021
Dental Board Fund	11.8

Board Member Compensation

The Executive Budget includes an increase in funding for board member compensation.

Pursuant to A.R.S. § 32-1206, Board members are entitled to receive compensation of \$250 for each day spent performing Board-authorized work. Historically, Board members have been paid for attendance at Board meetings but not for time spent reviewing documents to be discussed at Board meetings.

In October 2019, the Board implemented recommendations from the Auditor General to create a Board member compensation policy that complies with the Board's statutory requirements. Consistent with the Board's new compensation policy, the Executive Budget includes funding for Board member compensation for time spent reviewing Board-related documents in preparation for Board meetings.

Funding	FY 2021
Dental Board Fund	13.5
Issue Total	13.5

Compliance Files Digitization Project

The Executive Budget includes an increase in funding for document-scanning services and cloud storage as part of a broader effort to conduct business online. Of the total amount, \$57,300 is one-time for scanning services, and \$5,000 is ongoing for additional cloud storage for the digitized documents.

The digitization of records aligns with the State's initiative for agencies to conduct business electronically when circumstances allow. In FY 2019 the Board digitized its application and renewal documents and will move investigation files online as phase two of the digitization effort. The additional funding will pay for a contracted service to prepare the documents, scan the documents into searchable digital files, and securely dispose of the original paper copies.

The Board will have increased cloud storage needs as a result of this initiative. The Executive Budget also provides an increase in ongoing funding for 25GB of cloud storage space.

Early Childhood Development and Health Board

The Arizona Early Childhood Development and Health Board seeks to ensure the quality and accessibility of early childhood development and health programs at the community level. A voter-approved initiative, Proposition 203, created the Board, which is commonly known as "First Things First."

First Things First establishes regional partnership councils throughout the state. Each regional council is funded based on the number of children, from birth to age five year, living in the area, as well as the number of young children whose family income does not exceed 100% of the federal poverty level. Programs funded through First Things First may be conducted by grantees in the region or by the regional partnership council. First Things First receives revenues from an additional tax levied on tobacco products.

Department of Economic Security

The Department of Economic Security (DES) is an integrated human services agency that provides critical opportunity, assistance, and care for approximately two million Arizonans. Across its 40 programs, DES employees seek to serve fellow Arizonans with integrity, humility, and kindness.

More specifically, DES works with job creators to provide employment assistance, including vocational rehabilitation for individuals with physical or mental impairment and job training for economically disadvantaged adults and youth. Eligible working parents receive child care assistance. The Department manages the Unemployment Insurance Program, including collecting taxes and providing benefits.

DES provides assistance and services that support Arizonans' goals of obtaining greater self-sufficiency, including food, health care, and parental financial support to children; services to individuals with disabilities; assistance to victims of domestic violence; aid to individuals experiencing homelessness and hunger, and families needing assistance with utility bills; and protection for the vulnerable by investigating allegations of abuse, neglect, and exploitation.

The Department assists individuals and families by determining eligibility for temporary cash assistance, nutritional assistance, Medicaid, Social Security Disability Insurance (SSDI), and Supplemental Security Income (SSI).

The Department provides early intervention services for infants and toddlers with developmental delays and home and community-based services for clients with intellectual and developmental disabilities. The Department assists parents in receiving child support payments by locating absent parents, establishing paternity and the legal obligation to pay, and evaluating the absent parent's ability to pay.

Major Executive Budget Initiatives and Funding

Expanding Quality Child Care

The Executive Budget includes an increase in funding for the Department's child care subsidy program, to sustain the elimination of the waitlist and provide tiered reimbursement and technical assistance to expand quality child care centers.

The program serves three client categories: Temporary Assistance for Needy Families (TANF), Transitional Child Care (TCC), and Low-Income Working (LIW). LIW limits eligibility to (a) low-income families who are working, (b) teen parents in high school or GED classes, and (c) residents of domestic violence or homeless shelters.

Department subsidies provide 38% of families with access to a child care center. The additional funding will (a) provide incentive bonuses to quality child care facilities ranked by First Things First, and (b) help unranked facilities become certified quality child care centers. The funding will also sustain the suspension of the waitlist through June 30, 2022, resulting in an additional 1,285 children having access to child care in FY 2021.

DDD HCBS Provider Rate Increases and Quality Care System

The Executive Budget includes an increase in funding for improving home- and community-based care transparency and quality of care. The \$5 million from the General Fund will be matched by \$11.7 million in the Long-Term Care Systems Fund, for a total funding increase of \$16.7 million.

The Executive Budget contemplates increases to provider rates in five professions: therapies and evaluations, attendant care, respite, habilitation, and nursing. Coupled with accountability measures, this funding is intended to support providers who demonstrate the value and quality of their services to their clients. The specific adjustments will be determined by the Department based on data from the Quality Care initiative.

Provider Rate Increases for Adult and Aging Services

The Executive Budget includes an increase in funding for increased provider rates for Adult and Aging Services Agencies (AAAs).

The FY 2020 budget included funding for a number of providers that serve similar populations as the AAAs. Absent a provider increase for the AAAs, these providers will face increased difficulty in recruiting and retaining staff, in competition with providers who received rate increases in FY 2020.

DDD Long Term Care System Fund Budget Load [Technical]

Through the formal budget process, the Department receives General Fund monies that it transfers to the Arizona Health Care Cost Containment System (AHCCCS) to leverage federal funds. General and federal funds are then transferred back to the Department, creating the appearance that it receives General Fund monies twice.

The Executive Budget includes a footnote that clarifies the appearance of the Department spending General Fund monies twice. The footnote language is as follows:

"The Department of Economic Security shall enter its Long Term Care System budget in the State financial system in an amount equal to the General Fund appropriation and the Medicaid expenditure authority for each special line item containing Medicaid funding for the Division of Developmental Disabilities."

Executive Budget Baseline Changes

DDD Caseload Growth & Capitation

The Executive Budget includes an increase in funding for projected program cost increases in the Division of Developmental Disabilities (DDD).

Below are the FY 2021 population growth forecasts for DDD programs relative to FY 2020:

DD Arizona Long Term Care System Program (ALTCS): 5%, with an anticipated growth in the per member per month costs of 5.5%.

Targeted Case Management (TCM): 2%

State-Funded Long Term Care (SFLTC): 5%

State-Only Case Management (SOCM): 5%

Arizona Early Intervention Program (AzEIP): 3%

The FY 2019 budget included \$2 million from the General Fund as a one-time 6.5% increase for room-and-board providers. Additionally, in FY 2019, the Department received \$13 million in one-time funding from the General Fund for DDD providers in proportion to their reported costs associated with the Proposition 206 minimum wage increase. The FY 2020 budget made permanent the \$13 million designated as one-time

Proposition 206 increases in FY 2019 and provided an additional \$13 million increase.

Another component of the DDD program cost projection is the annualization of costs associated with Proposition 206. The FY 2020 budget included funding for the increased payments to contract providers to cover the cost of increasing wages paid to direct-care workers to the higher minimum wage effective January 1, 2019. In addition, the FY 2020 budget provided funding for the first six months of CY 2021, when the minimum wage will have increased by \$1 per hour, to \$12.

The Executive Budget includes \$4.7 million in FY 2021 for the minimum wage increase for the second half of calendar year 2021.

Integration of Behavioral Health Services for DD into DES DDD

The Executive Budget includes an increase in funding to annualize the transfer from the Arizona Health Care Cost Containment System (AHCCCS) to the Department for Developmentally Disabled (DD) Behavioral Health Services. Corresponding decreases in funding appear in the AHCCCS section of the of the Executive Budget.

As part of a statewide effort to integrate more effectively the delivery, management, and financing of healthcare, the FY 2020 budget transferred to the Department the contract management service for Behavioral Health Services for DD members, effective October 1, 2019. Due to this timing, only three-quarters of funding was transferred in FY 2020. The Executive Budget annualizes the transfer by moving the last quarter of funding from AHCCCS to the Department.

Remove One-Time FY2020 Appropriation

The Executive Budget includes a decrease in funding to remove one-time appropriated monies.

The FY 2020 budget included a one-time General Fund deposit of \$1 million into the Family Caregiver Grant Fund. The Executive Budget backs out this funding in FY 2021.

State Board of Education

The State Board of Education is constitutionally charged with regulating the conduct of the public school system. Arizona law requires the Board to regulate and exercise general supervision over the conduct of the public school system and adopt rules and policies it deems necessary to accomplish this purpose. Regulation and supervision includes the following:

- (a) prescribe a minimum course of study and competency requirements for promotion of students from third and eighth grade as well as for graduation from high school;
- (b) supervise and control the certification of persons engaged in instructional work in a school district;
- (c) approve alternative teacher and administrator preparation programs;
- (d) adopt proficiency exams and passing scores for those exams;
- (e) adopt rules governing the methods for administering proficiency exams;
- (f) impose disciplinary action on all certificate holders who are found to have engaged in immoral conduct;
- (g) serve as the State Board for Vocational and Technological Education; and
- (h) delegate to the Superintendent of Public Instruction the execution of board policies and rules.

Major Executive Budget Initiatives and Funding

Closing the Achievement Gap

The Executive Budget includes an increase in one-time funding to close the achievement gap.

In FY 2016, the State invested \$575,000 to support a public-private partnership with the Challenge Foundation and Avondale Elementary School District (AESD) to implement a school turnaround pilot. The pilot employed a comprehensive school-improvement model designed to assist students, teachers, and staff members in meeting the goal of increasing student achievement. The Executive Budget proposes expanding this model statewide in FY 2021.

To accomplish this expansion, the Executive budget includes \$43.6 million, annually, as recurring one-time funding over the next three years. Efforts to close the achievement gap will include first priority in the Beat the Odds Leadership Academy and access to grant funding. The grants will provide targeted financial support to underperforming and failing schools. Grant funding can be used to support implementation of proven turnaround strategies.

C-rated schools with 60% or higher FRL, and any D- or F-rated schools may opt into the pilot program and will receive \$150 per pupil.

The State Board of Education will administer this program and may use a portion of this funding to support administration.

Department of Education

The Department of Education is administered by the Superintendent of Public Instruction, an elected position. The Superintendent, in conjunction with the State Board of Education, leads the State in developing and implementing educational guidelines and standards. The Superintendent supports direct services to 236 locally governed school districts, including 14 vocational districts and nine accommodation districts. The Superintendent, in conjunction with the State Board for Charter Schools, oversees 543 charter school sites (as of August 2019). The Department executes educational guidelines through evaluation, training, school improvement assistance, dissemination of information, and administration and allocation of funds. The Department also serves as the primary source for information on the status and needs of the public school system.

Major Executive Budget Initiatives and Funding

Accelerate Additional Assistance

The FY 2021 Executive Budget includes an increase in one-time funding to accelerate restoration of additional assistance (AA).

Laws 2018, Chapter 305 advance-appropriated monies to restore AA funding over five years (FY 2019 through FY 2023), including \$67.8 million in FY 2021. By FY 2023, restored funding for AA will total \$371.1 million.

The Executive Budget provides an additional \$135.5 million in one-time funding to accelerate, two years ahead of schedule, the restoration of additional assistance funding and fully reverse long-standing suspensions of two portions of the State Aid formula.

Accelerating the restoration of AA by two years will increase FY 2021 funding by \$143.54 per district pupil and \$31.36 per charter pupil.

Funding	FY 2021
General Fund	135,549.2
Issue Total	135,549.2

Results Based Funding

The Executive Budget includes an increase in funding to expand the Results Based Funding (RBF) program.

The Executive Budget distributes RBF to schools that have a letter-grade designation of A, or a letter-grade designation of B and 60% or more of students participating in free and reduced-price lunch (FRL) programs.

Expanding RBF to include "B" schools recognizes highly performing schools by taking into account the extra resources required by schools that have high rates of FRL participation and continue to perform above the state average.

The Executive projects that a total of 743 schools will receive \$107.3 million from RBF in FY 2021.

Funding	FY 2021
General Fund	34,740.3
Issue Total	34,740.3

School Safety Grant Program

The Executive Budget includes an increase in funding for the School Safety Grant program.

The program, authorized by A.R.S. § 15-154, promotes safe learning environments by supporting the costs of placing school resource officers, school counselors, and social workers. Prior to FY 2020, the program supported only school resource officers.

In September 2019, 167 charter schools and 764 district schools submitted grant requests totaling more than \$97 million for 473 school counselors, 396 social workers, and 302 school resource officers. Due to limited funding, the Department of Education considered only first-choice requests, which totaled over \$73 million. On December 13, 2019, the State Board of Education approved awards for 116 school resource officers, 118 social workers, and 148 school counselors, leaving 461 unfunded first-choice requests.

The Executive Budget funds all remaining first-choice requests. The cumulative request of those schools encompasses an estimated 162 school counselors, 155 social workers, and 144 school resource officers.

Funding	FY 2021
General Fund	38,000.0
Issue Total	38,000.0

College Credit by Examination Incentive Program

The Executive Budget includes an increase in funding for the College Credit by Examination Program (CCEIP).

CCEIP was established in FY 2018 and awarded \$4.2 million for 13,388 passing exams. In FY 2019, 46 exams were added to the list of qualifying exams, and the number of passing exams increased to 22,296. That increase generated demand for \$7.1 million in incentive payments, or \$2.1 million in excess of the \$5 million appropriation. Awards were prorated to account for excess demand in FY 2019.

The Executive Budget provides funding to meet the excess program demand.

Funding	FY 2021
General Fund	2,118.4
Issue Total	2,118.4

College Placement Exam Fee Waiver

The Executive Budget includes an increase in funding to waive test fees for low-income students who take examinations that qualify for college credit.

In 2018, Arizona students qualifying for free and reduced-price lunch took 18,862 college placement exams and, after receiving other rebates and State support, paid out of pocket an average of \$35 per test.

The Executive Budget provides funding to eliminate this financial hurdle and enable qualifying students to take college placement exams free of charge.

Funding	FY 2021
General Fund	1,186.8
Issue Total	1,186.8

Gifted Education

The Executive Budget includes an increase in funding for the Gifted Education Grant program.

A.R.S. § 15-799.01 requires schools to provide gifted education to gifted pupils. Approximately 8% of Arizona public school students are considered gifted. Pursuant to A.R.S. § 15-799.03, schools may apply to the Department for additional funding to supplement gifted education programs through the Gifted Education Grant program.

Gifted Education grants were funded as one-time in both FY 2019 and FY 2020. The Executive Budget makes permanent the funding for this program.

Funding	FY 2021
General Fund	1,000.0
Issue Total	1,000.0

Adult Education State Match

The Executive Budget includes an increase in funding to enable the Department of Education to continue to meet State match requirements for federal dollars that support adult education.

Arizona's adult education program offers access to quality educational opportunities that support job training, employment, and aspiration for higher education. The Governor's Office will provide federal Workforce Innovation and Opportunity Act dollars to serve the projected waitlist of 2,455 adult learners.

Since FY 2015, the average increase in the federal allocation is 4.5%, yet the General Fund appropriation for adult education has remained flat. Historically, this State appropriation was sufficient to meet the federal match requirement, but is \$209,400 short in FY 2020. The shortfall is projected to increase to \$370,500 in FY 2021. The Executive Budget covers the funding gap.

Funding	FY 2021
General Fund	370.5
Issue Total	370.5

Empowerment Scholarship Account Team Expansion

The Executive Budget includes an increase in funding to hire five customer service specialists for technical support of families applying for and participating in the Empowerment Scholarship Account (ESA) program. The Department has sufficient Full Time Equivalent (FTE) authority.

Currently, five program specialists are responsible for processing applications and responding to phone calls, help desk tickets, and emails. As of August 2019, there were 805 unanswered tickets.

The Executive Budget provides funding for the Department to establish a student and parent support center with five staff that are trained to answer technical and detailed questions on the ESA program and application process. The student and parent support center will free program specialists to focus solely on the timely processing of applications.

Additionally, the Executive Budget provides \$500,000 in one-time funding to create resources for parents and to provide outreach to rural areas.

The Executive Budget includes an accompanying footnote requiring that, on or before July 1 of each year, the Department shall submit for review by the Joint Legislative Budget Committee an expenditure plan of the additional positions and resources prior to expenditure of dollars for the above purposes.

Funding	FY 2021
Empowerment Scholarship Account Fund	961.0
Issue Total	961.0

Alternative Teacher Development Program Expansion

The Executive Budget includes an increase in funding for the Alternative Teacher Development Program.

Established in FY 2007 and authorized by A.R.S. § 15-552, the Alternative Teacher Development Program accelerates the process of identifying, training and placing highly qualified individuals into low-income schools through the use of teaching intern certification and identifying a qualified service provider.

The State Board of Education awarded program funding to the Teach for America - Phoenix (TFA) program, which has demonstrated success in improving student achievement. To receive the funding, TFA matched the State grant allocation with an equal or greater amount of private-sector funding.

The Executive intends that TFA will match the additional investment.

Funding	FY 2021

Jobs for Arizona Graduates

The Executive Budget includes an increase in funding for Jobs for Arizona Graduates (JAG).

Initially funded in FY 2007, JAG's mission is to help young people stay in school and acquire the academic, personal, leadership, and vocational skills they will need to succeed upon graduation. Through partnerships with school districts, JAG is offered as an elective course at the high schools.

Each program is spearheaded by a Program Coordinator (JAG teacher), who takes personal responsibility for the JAG students, ensuring that program participants stay in school, graduate, have a career and post-secondary plan to enact after graduation, and are supported for at least one year after graduation to successfully transition into the workforce and/or college.

Investigations Unit Expansion

The Executive Budget includes an increase in funding to hire five additional staff at the Department's Investigations Unit. The Department has sufficient FTE authority.

Since 2012, the number of disciplinary actions taken annually by the State Board of Education on cases investigated by the Department has increased by 238%, from 55 to 131. While not every case reaches the Board, an average of 1,000 cases per year are opened, requiring varying levels of investigation as appropriate to the nature of the complaint or allegation.

The Executive Budget provides funding for five Investigator positions and one administrative assistant position. To ensure more manageable caseloads, the additional Investigator positions are expected to decrease by 50% the average number of open cases per investigator. The additional Administrative Assistant will assist with the growing administrative burden due to increasing caseloads.

IT Project Transfer

The Executive Budget includes an increase in one-time funding from Empowerment Scholarship Account Fund into the Automation Projects Fund for development of the school finance system replacement.

The school finance system, which is part of the larger Arizona Education Learning Accountability System, includes one component for State funding apportionment for districts and another for charter school payments. The current system is running on a legacy platform that is no longer supported, creating operational and security risks for the State.

The Department received funding for phase one of a three-year plan to replace the current system in FY 2020. The Department initiated a Request for Information and Request for Proposal process that took longer than anticipated, delaying the start of the development project. Project kick-off for phase one is anticipated in February 2020 and will continue through May 2021.

In December 2019, the Department began collaborating with the Arizona Department of Administration - Arizona Strategic Enterprise Technology Office (ADOA-ASET) to identify ways to accelerate the project and complete development in less than the proposed three-year timeframe. ADOA-ASET also recommended including change management, system documentation, and system documentation validation by a third party which was not in the original project plan. Additional funding is needed to support an accelerated timeline and ADOA-ASET's recommendations.

ADE expects this project to be completed in FY 2022 for a total cost of \$9.0 million.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Executive Budget Baseline Changes

Inflation Adjustment

The Executive Budget includes an increase in funding for a 1.88% inflation adjustment on the FY 2020 base level amount, the transportation

route-mile factor, and charter school additional assistance.

The 1.88% inflation adjustment will add \$78.02 to the FY 2020 per pupil amount of \$4,150.43, for a total of \$4,228.45 in FY 2021.

Funding	FY 2021
General Fund	131,703.0
Issue Total	131,703.0

Enrollment Growth

The Executive Budget includes an increase in funding for anticipated enrollment growth.

For FY 2021, the Executive Budget projects an overall increase of 1.1% in weighted Average Daily Membership (ADM), comprised of a decrease of (0.08)% for district schools and an increase 6.46% for charter schools. The cost for enrollment growth is based on the average cost per pupil in FY 2020 for both districts and charters, adjusted for inflation.

Funding	FY 2021
General Fund	24,327.9
Issue Total	24,327.9

Teacher Salary Increase

The Executive Budget includes an increase in funding to support the final year of a three-year plan to increase teacher salaries by 20%.

Laws 2018, Chapter 276, Section 137 advance-appropriated \$174.5 million for additional teacher pay increases in FY 2021. The Executive Budget includes an increase of \$124.5 million from the General Fund and \$50 million from the Classroom Site Fund to cover this cost. Laws 2018, Chapter 74 renews the 0.6 cent Proposition 301 sales tax through June 30, 2041, and redirects \$64.1 million to the Classroom Site Fund beginning in FY 2022. Payments from the Classroom Site Fund are made using the weighted average daily membership from the current year.

This baseline adjustment will increase the per-pupil base level by an additional \$118.29 above the inflation adjustment, for a total of \$4,351.73 in FY 2021.

Funding	FY 2021
General Fund	124,500.0
Issue Total	124,500.0

Increase Additional Assistance

The Executive Budget includes an increase in funding for additional assistance to district and charter schools.

Laws 2018, Chapter 285 advance-appropriated \$67.8 million for restoration of district additional assistance (DAA) and charter additional assistance (CAA).

The baseline adjustment for additional assistance will increase funding by \$71.77 per district pupil and \$15.68 per charter pupil.

The Executive Budget also provides one-time funding for an acceleration of additional assistance restoration (please see Additional Assistance Acceleration for more information).

Funding	FY 2021
General Fund	67,774.6
Issue Total	67,774.6

Proposition 301 Bridge

The Executive Budget includes an increase in one-time funding for base level increases to support teacher pay.

General Fund obligations for the Bridge to Proposition 301 will cease in FY 2022, when an equivalent amount to fund these increases can be obtained from the Classroom Site Fund pursuant to Laws 2018, Chapter 74.

Laws 2018, Chapter 305 financed the 20% teacher pay raise plan in the first two years with a shift from the General Fund to the Classroom Site Fund, which is dedicated exclusively for K-12 and funded by a separate revenue source. Beginning in FY 2021, the Classroom Site Fund will cover \$50 million of the teacher pay raise plan.

Funding	FY 2021
General Fund	64,100.0
Issue Total	64,100.0

State Aid Supplement

The Executive Budget includes an increase in funding for the State Aid Supplement.

Laws 2015, 1st Special Session, Chapter 1 advance-appropriated \$75 million for State Aid Supplement funding in FY 2021. That amount is a \$25 million increase over FY 2020.

The baseline adjustment for the State Aid Supplement will increase per-pupil funding by \$16.37 per weighted average daily membership.

Funding	FY 2021
General Fund	25,000.0
Issue Total	25,000.0

1% Cap Increase

The Executive Budget includes an increase in funding for Constitutional 1% property tax cap costs as part of Additional State Aid.

Laws 2018, Chapter 283 required desegregation programs to be funded with secondary rather than primary property taxes, starting in FY 2019. The FY 2019 budget estimated this statutory change to reduce General Fund costs by \$(19) million, as most secondary taxes are not subject to the 1% cap.

However, in July 2019 the Arizona Tax Court ruled that desegregation expenses are subject to the 1% cap, regardless of their statutory classification as secondary rather than primary taxes. Consequently, the Executive Budget includes the anticipated General Fund costs from FY 2019 in Additional State Aid costs for FY 2021.

Funding	FY 2021
General Fund	18,952.7
Issue Total	18,952.7

Arizona Industry Credential Incentive Program

The Executive Budget includes an increase in a one-time funding for the Arizona Industry Credential Incentive Program.

Laws 2019, Chapter 265 advance-appropriated \$5 million for the Arizona Industry Credential Incentive Program in FY 2021. The program incentivizes high schools to offer students career and technical education programs that result in industry-recognized certificates, credentials, and licenses in high-demand industries. For every high school graduate who earns an approved certificate, the school receives a \$1,000 payment from the State.

The amount included in the Executive Budget provides funding for 5,000 students annually.

Funding	FY 2021
General Fund	5,000.0
Issue Total	5,000.0

Increased Permanent Fund Distributions

The Executive Budget includes a decrease from the General Fund, offset by an equivalent increase from the Public Institution Permanent School Earnings Fund, which is expected to increase distributions in FY 2021 and offset General Fund requirements for Basic State Aid.

In May 2016, Arizona voters approved Proposition 123, which increased from 2.5% to 6.9% the distributions from the Public Institution Permanent School Earnings Fund. The additional 4.4% that Proposition 123 authorized offsets General Fund Requirements for Basic State Aid. Distributions from the fund are made from the five-year average of the fund's monthly market values.

Funding	FY 2021
General Fund	(10,755.9)
Permanent State School Fund Earnings	10,755.9

Empowerment Scholarship Account - Basic State Aid Increases

The Executive Budget includes an increase in funding for Basic State Aid costs related to Empowerment Scholarship Account (ESA) growth.

The Executive Budget assumes an increase of 1,424 students in FY 2021, with 36% qualifying for high-cost special education funding based on FY 2019 enrollment data, increasing total program costs by \$18 million in FY 2021. Except for the assumed \$1.5 million General Fund increase provided by the Executive Budget, this cost is expected to be offset by reductions in Basic State Aid payments for students who otherwise would be attending public schools.

Funding	FY 2021
General Fund	1,541.6
Issue Total	1,541.6

Property Taxes From New Construction

The Executive Budget includes a decrease in funding to reflect increases in property taxes from new construction.

The Executive Budget forecasts a 5.3% increase in Primary Net Assessed Value (NAV): 2.8% growth in existing property values and 2.5% growth from new construction.

The NAV increase for existing property does not affect the General Fund share of formula funding, as Truth in Taxation requires the Qualifying Tax Rate (QTR) to be adjusted each year to offset changes in existing property values. However, the increase in new construction will generate additional local property taxes that offset General Fund requirements for Basic State Aid. The Executive projects the General Fund offset to decrease by \$(69.8) million. Part of that reduction will be offset by an expected \$10.1 million increase in State requirements for the Homeowner's Rebate on residential new construction.

The Homeowner's Rebate pays 47.19% of each homeowner's QTR taxes, pursuant to A.R.S. § 15-972. Article IX, Section 18 of the State Constitution caps residential primary property taxes at no more than 1% of a home's full cash value. The State backfills any primary property tax costs for homeowners that exceed the 1% cap.

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in funding for:

Additional Assistance Acceleration: \$67,774,600
Proposition 301 Bridge: \$64,100,000
Gifted Education: \$1,000,000
Yuma Proving Grounds Elementary School Construction: \$800,000
Civics Education: \$500,000
Teacher Professional Development Pilot: \$400,000
Mingus Union Unification Assistance: \$50,000

The FY 2020 budget included these as one-time appropriations. The Executive Budget backs out this funding in FY 2021.

Teacher Professional Development Pilot

The Executive Budget continues a recurring, one-time increase in funding for the Teacher Professional Development Pilot Program.

The FY 2020 budget advance-appropriated \$400,000 as recurring, one-time funding from FY 2020 through FY 2022.

This program provides grants to teachers pursuing additional credentials in science, technology, engineering, or math fields.

Funding	FY 2021
General Fund	400.0
Issue Total	400.0

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

The Executive Budget provides a lump-sum appropriation by fund with special lines.

Department of Emergency and Military Affairs

The Arizona Department of Emergency and Military Affairs (DEMA) is commanded by the Adjutant General of Arizona and consists of the Army National Guard, Air National Guard, Joint Task Force-AZ, Division of Emergency Management, and Division of Administrative Services. Collectively these components provide military and emergency management capabilities and services to the citizens of Arizona in three distinct levels: community, state, and federal.

These components utilize State and federal resources to perform homeland defense and emergency management activities to protect the citizens of Arizona, provide trained military units in support of civil authorities for domestic emergencies, and support federal combatant commanders for national defense and homeland security missions.

Major Executive Budget Initiatives and Funding

Indirect Fund Expenditure Authority Increase

The Executive Budget includes an increase in funding to properly account for indirect costs at DEQ.

DEQ collects a portion of funding from each of its programmatic funds into the Indirect Cost Recovery Fund. This fund is used to pay for indirect costs, such as rent and IT costs, that are difficult to assign to a specific program. The Indirect Cost Recovery Fund does not yield additional revenue for the agency; it is simply a mechanism to transfer revenue from other funds into an indirect pool.

The total amount of indirect costs for the agency currently exceeds the Indirect Cost Recovery Fund appropriation, and DEQ has been paying for some indirect costs directly from programmatic funds. To address this, DEQ has recently adjusted the formula used to better align indirect costs with the Indirect Cost Recovery Fund, thereby requiring an increase to the existing appropriation.

This process will lead to better accounting of indirect costs across the agency and does not result in additional expenditures to the agency.

Funding	FY 2021
Indirect Cost Recovery Fund	3,084.1
Issue Total	3,084.1

myDEQ FY 2021

The Executive Budget includes a one-time deposit from the Underground Storage Tank Revolving Fund into the Automation Projects Fund to automate additional services into the myDEQ portal.

Users of these services include wastewater treatment plants, power plants, mines, landfills, cement plants, compressor stations, and gas stations.

The Department expects this project to be completed in FY 2022 for a total cost of \$4.2 million.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Funding	FY 2021
Underground Storage Tank Revolving	0.0
Issue Total	0.0

Public Outreach Campaign

The Executive Budget includes an increase in one-time funding for a travel reduction public outreach campaign.

Arizona's unique geography and weather patterns make it difficult to meet the National Ambient Air Quality Standard set by the U.S. Environmental Protection Agency. Travel reduction programs are one productive way to impact air quality during certain times of the year. This funding will be used for a public outreach campaign to increase awareness of these programs.

700.0

Issue Total**700.0****Remote Testing Pilot Program**

The Executive Budget includes an increase in funding for the Department to carry out a remote emissions testing pilot program authorized by Laws 2019, Chapter 141.

Chapter 141 requires DEQ to establish a pilot remote inspection program for at least three consecutive years, with completion before July 1, 2025. Before the Department implements a full-scale remote vehicle inspection program, it must provide supporting data that shows how the remote testing will increase efficiency and reduce the costs of the Vehicle Emissions Inspection Program.

DEQ will use this funding to award contracts for several pilot technologies and evaluate the effectiveness of the technologies once implemented.

FY 2021

400.0

Issue Total**400.0****Vehicle Emissions Contractor SLI Increase**

The Executive Budget includes an increase in funding to the Emissions Control Contractor Payment special line item (SLI) to cover increased costs in vehicle inspection contractor payments.

The Department pays contractors to perform the vehicle emission inspections at testing locations throughout the Phoenix and Tucson areas. The Department pays inspection contractors from an SLI funded by the Emissions Inspection Fund.

The SLI's appropriation level is not sufficient to cover the cost of contractor payments. In the past five fiscal years, the amount paid to contractors has exceeded the SLI appropriation by an average of 3.5%. The increased funding will reduce the need for the Department to request an appropriation transfer in the future, which would negatively impact other Department programs.

FY 2021

1,700.0

Issue Total**1,700.0****Waters of the State**

The Executive Budget includes an increase in one-time funding to facilitate the development of a Waters of the State program.

The U.S. Environmental Protection Agency and the Army Corps of Engineers are revising the definition of "Waters of the United States" (WOTUS). The proposed revision would remove an estimated 95% of stream reaches and 99% of lakes from Clean Water Act jurisdiction. The waters impacted in Arizona include ephemeral waters and isolated lakes and urban ponds, as well as all or part of year-round and seasonally flowing streams such as Oak Creek and the Salt, Verde, San Pedro, and Santa Cruz Rivers.

While these waters would still fall under Arizona's definition of "Waters of the State," there is no regulatory program for the newly unprotected waters, which could lead to serious environmental and economic impacts to the state.

This funding would be used for the Department to engage with stakeholders, conduct analysis, and develop program requirements to establish the Waters of the State program.

FY 2021

1,005.8

Issue Total**1,005.8****WQARF Funding**

The Executive Budget includes an increase in one-time funding for the Water Quality Assurance Revolving Fund (WQARF) program from the Corporate Income Tax (CIT), per the WQARF formula specified in A.R.S. § 49-282(B).

WQARF is Arizona's alternative to the U.S. Environmental Protection Agency's approach to remediation of contaminated hazardous waste sites. Through WQARF, the State maintains control over determining financial and other responsibility for site remediation. After completing remediation on six WQARF sites over the past six years, 36 sites remain on the WQARF program registry.

Statute specifies that the first \$15 million in CIT revenues be annually appropriated to WQARF before CIT funds flow into the General Fund. However, the Executive Budget displays this initiative as a General Fund expenditure instead of a revenue diversion, as the governing WQARF statute has been suspended since FY 2008. WQARF also receives revenues directly from public water system taxes and direct fees. Statutorily, if

total revenues to the Fund have not reached \$18 million by the end of the fiscal year, the General Fund will be used to make up the difference. The Executive anticipates that, in FY 2021, WQARF will earn enough in other revenues to reach \$18 million and not need additional General Fund backfill beyond the initial \$15 million appropriation.

WQARF has not received the full \$15 million from CIT revenue since FY 2007, and the past three budgets have funded WQARF from other Department funds. Those alternative fund sources are now insufficient to sustain both WQARF and the baseline Department activities that the funds were originally designed to support.

Executive Budget Baseline Changes

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in funding for the Maricopa County Dust Suppression Pilot Program (\$200,000) and the Nogales Wastewater Pipeline Project (\$2,569,300).

The FY 2020 budget included these one-time appropriations. The Executive Budget backs out this funding in FY 2021.

Remove One-Time WQARF Funding

The FY 2020 Executive Budget includes a decrease in one-time funding as a baseline adjustment from the FY 2020 budget for the Water Quality Assurance Revolving Fund (WQARF) program.

FY 2021 funding for the WQARF program is outlined under Executive Initiatives.

Funding	FY 2021
DEQ Emissions Inspection	(2,800.0)

Issue Total	(13,552.0)

Restoration of Air Quality Fee Fund Appropriation Authority

The Executive Budget includes an increase in funding to the Air Quality Fund to restore the appropriation authority that was reduced due to the Volkswagen (VW) Settlement funding.

In FY 2019 and FY 2020, the Department's Air Quality Fund appropriation was decreased and transferred to the General Fund. The Department then received VW Settlement monies to backfill the Air Quality Fund monies that were transferred to the General Fund.

This baseline adjustment will restore the Air Quality Fund appropriation to its FY 2018 level. The Department uses the Air Quality Fund for a variety of air quality-related programs.

Funding	FY 2021
Air Quality Fund	993.9
Issue Total	993.9

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Office of Economic Opportunity

Laws 2016, Chapter 372 created three new governmental entities: The Office of Economic Opportunity (OEO), the Arizona Finance Authority (AFA), and the Arizona Industrial Development Authority (AZIDA). AFA is established in OEO and the AFA board serves as the board of AZIDA. The following agency budget includes all three entities' funding, though each is an operationally unique unit.

The Office of Economic Opportunity coordinates Arizona's workforce planning with economic development, supports the Workforce Arizona Council, and provides economic, demographic, regulatory, and tax research and analysis, at both the state and local levels.

WIFA finances the acquisition, construction, rehabilitation, and improvement of drinking water, wastewater, wastewater reclamation, and other water projects.

GADA helps lower the costs of financing for local governments and tribal entities on debt incurred for infrastructure development and construction.

AZIDA is a non-profit corporation designated as a political subdivision of the State that issues both taxable and tax-exempt bonds for commercial activities.

Board of Equalization

The State Board of Equalization is comprised of 41 members: 21 (including the chairman) appointed by the Governor and 10 each from Maricopa and Pima counties (appointed by the boards of supervisors of those counties). The Board of Equalization's jurisdiction is primarily over locally assessed real and personal property in Maricopa and Pima counties. Under A.R.S. § 42-14001 et al., the Board's authority extends to centrally assessed property statewide. By statute, the Board also can provide hearing officer services for outlying counties; currently, the Board provides services to Cochise, Mohave, Pinal, Santa Cruz, and Yavapai counties.

Property Tax Appeal System Replacement

The Executive Budget includes a one-time deposit from the Department of Revenue Administration Fund into the Automation Projects Fund to modernize and replace outdated systems.

The Board of Equalization's current property tax appeal system processes over 2,000 appeals each year. The archaic system was discontinued in 2007, with support ending in 2015. This funding would allow for the system to be replaced with a modern IT application.

The Board expects this project to be completed in FY 2021 for a total cost of \$275,000.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Board of Executive Clemency

The Board of Executive Clemency is a five-member board appointed by the Governor and is statutorily empowered to make decisions regarding:

- (a) discretionary release of those inmates who are eligible for parole and/or home arrest (inmates whose crimes were committed on or before December 31, 1993);
- (b) revocation of parole (or community supervision for crimes committed on or after January 1, 1994) for offenders found to be in violation of the terms and conditions of their release;
- (c) absolute discharge from parole; and
- (d) modification of release conditions and release rescissions.

The Board also makes clemency recommendations to the Governor on requests for commutation of sentence, including death penalty sentences; reprieves in matters related to death penalty cases; and pardons.

Department of Forestry and Fire Management

The Arizona Department of Forestry and Fire Management (DFFM), in partnership with local, county, state, and federal agencies, protects Arizona's people and lands by: providing coordination and resource response for the suppression and management of wildland fire; delivering education to aid in the prevention of wildland fire; providing information, education, technical assistance, and integrated management strategies through forestry programs; collaborating in forest restoration; and ensuring fire and life safety through regular building inspections, permitting, and plan reviews.

Major Executive Budget Initiatives and Funding

Additional Fire Suppression Funding

The Executive Budget includes an increase in funding for fire suppression.

Fire suppression costs in Arizona increased from approximately \$115/acre in 2014 to \$353/acre in 2018. The rise in wildland firefighting costs is not isolated to Arizona, as the western U.S. is experiencing drier, warmer climates, with forests that have not been adequately maintained, resulting in an increase in State spending on multi-jurisdictional wildfires that did not correlate to a proportional increase to the agency's suppression fund budget.

State fire suppression costs for the last four years (excluding FY 2017, which was an outlier) have averaged approximately \$5.5 million, whereas the Fire Suppression special line item (SLI) has been appropriated \$4 million. The Executive Budget increases the SLI to align with actual fire-suppression expenditures.

Firefighter Compensation Strategy

The Executive Budget includes an increase in funding for firefighter salary increases.

The FY 2020 budget included a Public Safety Compensation Strategy. The initiative provided salary increases to key positions, primarily with a focus on public safety, for which agencies were experiencing difficulty in recruiting and retaining highly qualified staff. No Department staff were included in the initiative.

The Department requires increased funding to attract a more productive workforce with higher education, in line with firefighters' vital role in public safety. Additionally, the wildfire season has lengthened, and wildfires are burning more area each year, increasing the amount of work and risk that firefighters face. This initiative increases firefighters' salaries by 5%.

School Inspections

The Executive Budget includes an increase in funding for 3.0 FTE deputy fire marshal positions.

The Office of the State Fire Marshal (OSFM) is responsible for inspecting 15,000 State- and county-owned buildings, including schools. As school safety is a priority, the State is taking additional steps to ensure adequate fire safety systems.

Since schools have been inspected at a low rate in recent years, the Executive aspires to have schools inspected more frequently. In August 2019, the State Government Transformation Office worked with OSFM to improve the inspection process and increase inspection frequencies using OSFM's existing resources.

Additionally, the Executive Budget increases OSFM's funding to add 3.0 deputy fire marshal positions to accelerate the frequency of inspections.

Executive Budget Baseline Changes

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in funding for Mt. Lemmon Fire District (\$750,000), Nonnative Vegetation Species Eradication (\$1,000,000), and Taylor Fire Training Center (\$1,000,000).

The FY 2020 budget included these one-time appropriations. The Executive Budget backs out this funding in FY 2021.

Funding	FY 2021
General Fund	(2,750.0)
Issue Total	(2,750.0)

Executive Budget Supplemental Changes

Fire Expenses Repayment

The Executive Budget includes an increase in supplemental funding above the enacted FY 2020 appropriation for higher fire-suppression costs incurred by the State.

Due to an abnormally high concentration of fires on State land and an increase in complex fires, suppression costs from the FY 2017-FY 2018 fire seasons exceeded available funding. The Executive has identified available funding sources to cover that shortfall and is pursuing accounting measures that can be used to manage cash flow in the near term. However, accounting for the debt incurred plus interest, a \$4.8 million shortfall remains. The Department currently owes the federal government \$1.9 million for FY 2017 fires and \$7.9 million for FY 2018 fires. That liability is mitigated by amounts owed to the State by the federal government: \$2 million for FY 2017 fires, \$2.5 million for FY 2018 fires, and \$500,000 for FY 2019-FY 2020 fires.

The State's financial exposure on multi-jurisdictional wildfires did not correlate to a proportional increase in fire-suppression funding, and the Executive Budget increases the agency's suppression fund budget.

Major Executive Budget Initiatives and Funding

Administrative Assistant FTE Increase

The Executive Budget includes funding for an additional 0.5 FTE position to enhance the Board's speed of service when processing applications and closing investigation and inspection files.

The Board will remain within its appropriation of 4.0 FTE positions but requires an appropriation increase for costs associated with this staffing change.

Since 2010, complaints leading to potential investigation have increased by 55%, and the number of licensees requiring inspection have increased by 15%. The Executive Budget provides funding for a 0.5 administrative assistant to allow the Board to devote its investigative resources to the growing volume of inspections and investigations. The additional position will also aid in processing the growing number of new applications and license renewals and responding to customer service requests. Pending continued caseload growth and fund capacity, the Executive might propose additional positions in FY 2022.

Major Executive Budget Initiatives and Funding

eLicensing

The Executive Budget anticipates a one-time deposit from the Arizona Benefits Fund into the Automation Projects Fund to develop an e-licensing solution for Tribal Gaming certification processes.

The Department expects this project to be completed in FY 2022 and is gathering more information to secure an estimated cost of the project. The Executive will inform the Legislature when the cost estimate is finalized.

Transfers and appropriations for this project will automatically appear in the Automation Projects section of the Executive Budget.

Pre-Race Examinations Investigations

The Executive Budget includes an increase in funding for the Department to contract a veterinarian and a veterinarian assistant for 90 of the 185 race days to perform random investigations of pre-race examinations conducted by the race track to ensure a fair and safe sport.

This funding increase is part of a larger effort by the Department to address and prevent horse deaths at Arizona race tracks.

Executive Budget Baseline Changes

Continue One-Time Funding for County Fairs Livestock and Promotion

The Executive Budget continues additional funding for County Fairs Livestock and Promotion.

The FY 2020 budget included a one-time increase of \$730,000 that continues for FY 2021 and FY 2022.

The Executive Budget recognizes these advanced appropriations and accounts for them accordingly. Because the FY 2020 budget included \$730,000, no adjustment is required to maintain this funding in FY 2021, making a \$0 net change in appropriation, which is displayed below.

Funding	FY 2021
General Fund	0.0

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Office of the Governor

The Governor serves as the Chief Executive Office of the Arizona state government. The Constitution provides that the Governor shall be the Commander-in-Chief of Arizona's military forces and authorizes the Governor to grant reprieves, commutations, and pardons, pursuant to law. The Governor is also responsible for making appointments to positions in state government pursuant to law, representing Arizona in official dealings with other governmental entities, taking action on bills approved by the Legislature, and informing the public on issues affecting the state.

Major Executive Budget Initiatives and Funding

State Match for Competitive Grants

The Executive Budget includes an increase in funding for the Governor's Office to provide a State match for grant proposals pursued by Arizona's public universities.

The funding will target grants involving new industry collaborative research that especially benefits Arizona. The federal grant process often requires State matching funds to demonstrate a State's commitment to supporting its universities' grant proposals. This set-aside will make university grant proposals more competitive on the national stage.

Governor's Office of Strategic Planning and Budgeting

This office provides a central Executive branch resource for the compilation, analysis, and investigation of state fiscal matters. It advises the Governor in preparation of the Executive budget and advocates for that budget through the legislative process. The office assists and advises all entities of state government in budget development and execution. It also coordinates the process of defining state government programs, developing strategic plans, and measuring program performance to achieve desired results.

Major Executive Budget Initiatives and Funding

Adding Newborn Screens and Combining Fees

The Executive Budget includes an increase of \$1,011.8 from the Newborn Screening Fund to add two new screens to the test. The appropriation increase includes:

\$548.5 ongoing for Spinal Muscular Dystrophy (SMA)

\$368.6 ongoing for X-Linked Adrenoleukodystrophy (X-ALD)

\$94.4 one-time for a verification study for X-ALD

The Executive recommends increasing the newborn screening fee by \$12, from \$101 to \$113, to cover the costs associated with adding the two new screens. Adding the tests will help ensure that the approximately 80,000 children born in Arizona each year receive the care they need in a timely manner.

The Executive also recommends bundling the first and second newborn screens into one fee to improve revenue collection and address a structural deficit in the fund.

Funding	FY 2021
Newborn Screening Program Fund	1,011.8
Issue Total	1,011.8

Alzheimer's Research Funding

The Executive Budget includes an increase in one-time funding for Alzheimer's research.

The FY 2020 budget included \$1 million in one-time funding from the Health Research Fund and \$1 million in one-time funding from the Prescription Drug Rebate Fund. The Executive Budget continues this funding on a one-time basis in FY 2021, consisting of \$2 million from the Prescription Drug Rebate Fund.

The funding will be distributed to the Arizona Alzheimer's Consortium (AAC), which provides dollar-for-dollar grants to universities, research centers, and hospitals for Alzheimer's research.

Funding	FY 2021
Prescription Drug Rebate Fund	2,000.0
Issue Total	2,000.0

DHS State Hospital Land Earnings Fund Shift

The Executive Budget includes a reduction from the General Fund and a commensurate increase to the Arizona State Hospital (ASH) Fund, as the latter fund has not capacity to support the operations of ASH.

Funding	FY 2021
General Fund	(400.0)
DHS State Hospital Land Earnings	400.0
Issue Total	0.0

Emergency Management Guides

The Executive Budget includes an increase in one-time funding to cover the costs of supplying emergency management guides to all 148 skilled nursing facilities in Arizona.

Emergency management guides prepare nursing staff to address such issues as a medical emergency, pandemic influenza outbreak, active shooter, hazardous materials incident, bomb threat, terrorist attack, missing resident, utility outage, fire emergency, and natural disaster.

Funding	FY 2021
Nursing Care Institution Resident Protection Revolving Fund	70.0
Issue Total	70.0

Emergency Medical Services Operating Fund Shift

The Executive Budget includes a shift in the funding source for the High-Risk Perinatal Program and State Loan Repayment Program special line items (SLIs) on the Emergency Medical Services Operating Fund.

In prior years, the Department used the Emergency Medical Services Fund to support two programs: (1) the High-Risk Perinatal Program, which provides transport services for high-risk expectant mothers and follow-up services for uninsured newborns in intensive care centers; and (2) the State Loan Repayment Program, which provides loan repayment for providers who practice for at least two years in medically underserved areas of the state.

The Emergency Medical Services Operating Fund was intended to cover the operations of statewide emergency medical services. The addition of the High-Risk Perinatal and State Loan Repayment SLIs created a structural deficit in the fund; to address the deficit, the Executive Budget shifts funding for the two programs to the General Fund.

Funding	FY 2021
General Fund	1,000.0
Emergency Medical Operating Services	(1,450.0)
Issue Total	(450.0)

Suicide Mortality Review Team

The Executive Budget includes an increase in funding for the creation of the Suicide Mortality Review Team.

The Team will be responsible for tracking suicide-related deaths statewide, to high-risk populations, detect gaps in reporting, and inform policy changes to address suicide in Arizona more effectively.

This initiative is part of a larger initiative by the Department to address high suicide rates in Arizona. It includes the expansion of Mental Health First Aid Training, 2-1-1 services, crisis response services, and a social isolation campaign.

Funding	FY 2021
General Fund	400.0
Issue Total	400.0

Executive Budget Baseline Changes

Remove One-Time FY 2020 Appropriation

The Executive Budget includes a decrease in funding to remove one-time appropriated monies:

Alzheimer's Research Funding: \$2,000,000
Critical Access Hospital Trauma Services in Benson and Willcox: \$1,500,000
Prenatal Equipment in Underserved Areas: \$1,000,000
State Loan Repayment Program: \$750,000
Community-Based Primary Care Clinic: \$700,000
Vulnerable Caregiver Workshops: \$250,000
Deposit into the Public Health Emergencies Fund: \$106,600

The FY 2020 budget included these one-time appropriations. The Executive Budget backs out this funding in FY 2021.

However, as the Executive Budget also includes \$2 million in new funding for Alzheimer's research in FY 2021, the net impact on this program is \$0. (See the Alzheimer's Research Funding narrative for more detail).

Funding	FY 2021
General Fund	(4,306.6)
Health Research Fund	(1,000.0)
Prescription Drug Rebate Fund	(1,000.0)
Issue Total	(6,306.6)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

The Executive Budget provides a modified lump-sum appropriation by program with special lines.

Governor's Office of Highway Safety

The Governor's Office of Highway Safety (GOHS) funds programs that target speed reduction, decrease impaired driving, reduce wrong way driving incidents, increase seat belt and child safety seat usage as well as motorcycle safety awareness and driver distractions that result in traffic fatalities and injuries on our streets and highways. GOHS provides grant funding to law enforcement agencies, fire departments, fire districts and non-profit organizations throughout Arizona, including other state agencies.

Major Executive Budget Initiatives and Funding

DUI Enforcement Grants

The Executive Budget includes a one-time deposit into the DUI Abatement Fund for driving under the influence (DUI) enforcement grants to local law enforcement agencies. This deposit is intended to be distributed in equal amounts for the next three fiscal years.

The Governor's Office of Highway Safety (GOHS) administers grants to local police departments to perform traffic enforcement responsibilities, such as DUI checkpoints and traffic stops. Local law enforcement agencies submit requests to GOHS for funding based on a specified initiative.

From 2008 through 2018, the number of traffic stops in Arizona increased by 1,400%; the number of DUI instances increased by 156%, from 13,700 to 35,100; and the number of DUI arrests more than doubled. Additionally, the number of DUI drug arrests increased by more than 900%.

The Executive Budget provides additional support to GOHS for DUI enforcement activities. The Executive contemplates that this amount will be issued over three years. The Executive intends for GOHS to work with the DUI Task Force (Department of Liquor Licenses and Control) to share arrest information, including place of last drink, so that the Department can investigate aggravated and extreme DUI arrests involving serious injuries and fatalities.

Arizona Historical Society

The Arizona Historical Society is a member- and government-supported nonprofit State agency. It is governed by a Governor-appointed board consisting one representative of each county, one representative of each of five historical organizations, and five appointees at large.

Museums and historic properties are located in Flagstaff, Tempe, Tucson, Yuma, Douglas, and Pine-Strawberry. The Society maintains an extensive library and archival collections used by a diverse audience, and it produces the Journal of Arizona History and various historical books. The Society certifies and supports 73 local historical societies in preserving and disseminating Arizona history. The Society also supports other board-approved community activities.

Prescott Historical Society of Arizona

The Prescott Historical Society operates the Sharlot Hall Museum, which was founded in 1928 and is located on the grounds of the first territorial Governor's residence and offices. The nearly four-acre landscaped campus features 11 exhibit buildings, including four restored historic structures: the territorial Governor's Mansion (1864), Fort Misery (1864), the Fremont House (1875), and the Victorian-era Bashford House (1877). The Lawler Exhibit Center (1977) hosts both permanent and changing exhibits, an historic theater, and storage of extensive historic and prehistoric objects. A large Archive Library (2008) houses a 10,000 book library and hundreds of thousands of images, documents, maps and oral histories.

In March 2013, a new support facility constructed with non-State funds was completed. In April 2014, a new admissions building, also privately financed, was added. An Education Center, financed entirely by the non-profit Sharlot Hall Historical Society, is currently under construction and is expected to be completed by the end of FY 2020. The Bob Stump VA Medical Center hosts a branch museum that interprets the history of Fort Whipple. Public programs include the annual Folk Arts Fair, Prescott Indian Art Market, Folk Music Festival, Frontier Christmas, Western History Symposium, musical and theatrical historical productions, living history interpretations in both indoor and outdoor settings, heritage gardens, lecture series, education tours, and outreach opportunities for children and adults.

Board of Homeopathic Medical Examiners

The Board of Homeopathic and Integrated Medicine Examiners regulates the practice of homeopathic medicine in Arizona. The Board reviews and examines the education, experience, and background of applicants to determine whether they possess the qualifications required by law to practice homeopathic medicine and any of the subspecialties within the scope of practice. The Board conducts investigations into complaints against physicians and holds hearings, taking disciplinary action as necessary to protect the public safety. The Board also registers homeopathic medical assistants that work under the direct supervision of licensed homeopathic physicians.

Remove One-Time Housing Trust Fund Appropriation

The Executive Budget includes a decrease in funding to remove a one-time General Fund deposit to the Housing Trust Fund.

The FY 2020 budget included a one-time \$15 million deposit to the Housing Trust Fund for constructing and renovating facilities, providing housing assistance and services to persons who have been determined not to be seriously mentally ill or chronically resistant to treatment, and supporting other projects consistent with the purposes of the Housing Trust Fund. The Executive Budget backs out this funding in FY 2021.

Independent Redistricting Commission

The Independent Redistricting Commission was established with the approval of Proposition 106 by voters in November 2000. The Commission has five members, four of whom are selected by the House and Senate majority and minority leadership. The final member is selected by the other four members and cannot be registered with a political party already represented on the Commission. The five-member Commission is responsible for redrawing Arizona's congressional and legislative district boundaries based on the decennial census.

Enterprise Cloud Initiative

The Executive Budget includes a one-time deposit from the Industrial Commission Administrative Fund to the Automation Projects Fund to migrate to a cloud environment core the IT applications and data from the on-premise data center.

Migrating to a cloud environment will significantly (a) reduce the Commission's operating risk resulting from unexpected hardware failure and (b) increase data security as the burden to keep up with security patches is shared with the cloud provider.

The Commission plans to absorb the increased ongoing IT costs of approximately \$320,500 within its existing budget. The project is expected to be completed in FY 2021 for a total cost of \$341,800.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

IT Initiatives

The Executive Budget includes a one-time deposit from the Industrial Commission Administrative Fund to the Automation Projects Fund to modernize and replace outdated IT systems.

The Commission will complete the following IT projects in a staggered approach:

- (1) Replace the Labor Division's legal case management system with an enterprise platform.
- (2) Complete Phase 2 enhancement of the Commission's claims system in the Claims and Administrative Law Judge Divisions.
- (3) Develop a Finance and Budget data warehouse system to extract data from multiple external financial systems.
- (4) Start the integration of the Arizona Division of Occupational Safety and Health IT systems with the Federal Occupational Safety and Health IT systems and complete all integration by FY 2022.

The Commission anticipates that all IT initiatives will be completed in FY 2022 for a total cost of \$1.7 million.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Court of Appeals

The Court of Appeals has jurisdiction in all proceedings appealable from the Superior Court, except for criminal death penalty cases, which are automatically appealed to the Supreme Court. Division I also has statewide responsibility for reviewing appeals from the Arizona Corporation Commission, Industrial Commission, Department of Economic Security unemployment compensation rulings, and Arizona Tax Court. Division I convenes in Phoenix and encompasses the counties of Apache, Coconino, La Paz, Maricopa, Mohave, Navajo, Yavapai, and Yuma. Division II convenes in Tucson and encompasses the counties of Cochise, Gila, Graham, Greenlee, Pima, Pinal, and Santa Cruz.

Major Executive Budget Initiatives and Funding

Appellate CMS Ongoing Maintenance

The Executive Budget includes an increase in funding for licensing and maintenance costs for the new Appellate Case Management System (CMS).

A FY 2020 budget footnote requires that automation expenses of the Judiciary are to be funded only from the Automation line item of the Supreme Court, which is where funding for this issue is recorded.

Salary Increases

The Executive Budget includes an increase in funding for staff and judges' salary increases. Staff receive a 3% salary increase, and judges receive a 15% salary increase.

By 2024, the Courts estimate more than 20% of its workforce will be eligible to retire. Due to a highly competitive job market, the Courts are experiencing challenges in recruiting and retaining top talent. The Courts' average turnover rate for the last two fiscal years has been just over 12%.

The increased funding will enable the Courts to address wage stagnation and implement succession plans to replace retiring workers.

The table below shows the breakdown of salary increases for staff and judges. Probation Officer Salary and ERE Deficits

The Executive Budget includes an increase in funding for adult and juvenile probation officer salaries and employee related expenses (ERE).

Per A.R.S. § 12-252, counties have the authority to set the salary of probation officers. Because the State funds a portion of the salaries and ERE for adult probation and juvenile probation officers, the Executive Budget increases appropriations for the following special line items (SLIs) to meet the new county salary levels.

Broken out by SLI, the Executive Budget provides the following increases:

Adult Standard Probation: \$467,300
Adult Intensive Probation: \$252,500
Juvenile Treatment Services: \$152,200
Juvenile Diversion: \$119,700
Juvenile Intensive Probation \$115,500

Executive Budget Baseline Changes

State Funding for Maricopa Superior Court Judges

The Executive Budget includes an increase in funding for Maricopa County Superior Court judges' salaries.

Pursuant to A.R.S. § 12-128, the State pays 25% of the annual salary of all Maricopa County Superior Court Judges in FY 2020 and 50% in FY 2021 and each fiscal year thereafter. The FY 2020 budget accounted for 25% of the annual salary. The Executive Budget increases the State funding to 50% for FY 2021.

Funding	FY 2021
General Fund	6,019.4
Issue Total	6,019.4

Adult Intensive Probation Growth

The Executive Budget includes an increase in funding for two surveillance officers due to growth in adult intensive probation from increasing probation-tail offenders.

The Executive Budget also includes a net-neutral shift of \$235,900 in funding from the Juvenile Standard Probation special line item (SLI) to the Adult Intensive Probation SLI. This shift, which is not reflected in the amount below, reallocates 3.0 FTE probation officer positions to address shifting caseloads.

In total, the Executive Budget increases the Adult Intensive Probation SLI by \$443,200 and 3.0 FTE positions.

Funding	FY 2021
General Fund	207.3
Issue Total	207.3

CORP Increase

The Executive Budget includes an increase in funding for employer retirement contribution increases associated with probation and surveillance officers.

Probation and surveillance officers are members of the Corrections Officer Retirement Plan (CORP). In FY 2020, the Judiciary received one-time funding for employer-contribution rate increases for CORP. The Executive Budget includes ongoing funding at the current rate.

Funding	FY 2021
General Fund	1,928.9
Issue Total	1,928.9

Remove One-Time FY 2020 Appropriations

The Executive Budget includes increases for adult intensive probation growth.

The Executive Budget includes a decrease in funding for the following items:

1. One-Time CORP Employer Rates
 Adult Standard Probation: \$1,032,500
 Adult Intensive Probation: \$505,000
 Juvenile Diversion Consequences: \$272,900
 Juvenile Intensive Probation: \$258,000
 Juvenile Standard Probation: \$165,900
 Juvenile Treatment Services: \$74,900
 Interstate Compact: \$26,800
 Drug Court: \$18,000
2. Document Digitization
 Special Water Master: \$200,000
3. Creation of an Electronic Case Management System
 Special Water Master: \$50,000

The FY 2020 budget included these one-time appropriations. The Executive Budget backs out this funding in FY 2021.

Funding	FY 2021
General Fund	(2,604.0)
Issue Total	(2,604.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Major Executive Budget Initiatives and Funding

Appellate CMS Ongoing Maintenance

The Executive Budget includes an increase in funding for licensing and maintenance costs for the new Appellate Case Management System (CMS).

In FY 2019, the Courts received an appropriation to replace the legacy case management system in use for 20 years by the Supreme Court and Division One of the Court of Appeals. That budget request estimated continuing costs for maintenance of a vendor-supported system. The Courts anticipate the new system will go live in FY 2021, when the provisions of the maintenance agreement will begin.

Funding	FY 2021
General Fund	275.0
Issue Total	275.0

CASA Growth

The Executive Budget includes an increase in funding for the Court Appointed Special Advocate (CASA) program.

This funding will be allocated as follows: county ERE, \$76,200; county salaries, \$188,700; and marketing and outreach campaigns, \$200,000.

The marketing and outreach campaigns will utilize outreach and recruitment materials prepared by the national CASA organization and shared through local Arizona media. The increase in funding will enable the employment of an advertising agency to assist in this effort.

The county salaries and ERE allocations will help the program in two ways: stability and growth.

Each year, counties start the year with a salary and ERE budget less than required to cover personnel expenses and then wait until mid-year to learn whether there might be unspent funds from other counties or in their budget lines to cover salary/ERE expenses. County salary and ERE increases will providing stable funding for the entire year.

CASA volunteer recruitment slows when counties do not have the capacity to support the volunteers. Money for projected growth will be used to encourage active CASA volunteer recruitment.

Funding	FY 2021
Court Appointed Special Advocate Fund	464.9
Issue Total	464.9

Dependency Alternative Program Expansion

The Executive Budget includes an increase in funding and 1.0 new FTE position to implement the Dependency Alternative Program (DAP) in all counties.

DAP has two specific goals: (1) prevent dependency cases when an alternative legal arrangement can provide safety and stability for the

children, and (2) keep those families that reached a resolution via DAP out of the dependency system for at least one year.

This funding initiative is estimated to decrease the time taken to resolve dependency cases from 141 days to 22 days.

Total funding will be \$243,119: \$200,000 one-time from the Alternative Dispute Resolution Fund, and \$43,119 from the General Fund. This is a pilot program that will end after FY 2023. The Executive Budget intends to increase General Fund support by \$200,000 in FY 2022.

The Executive Budget includes a footnote that requires the Courts to report, by September 30 of each year, on DAP's performance to the Joint Legislative Budget Committee (JLBC) staff and the Governor's Office of Strategic Planning & Budgeting (OSPB).

The report must include the following for each county:

- The total number of dependency petitions filed.
- The number of dependency petitions that used DAP.
- The number of dependency petitions that did not use DAP.
- The number of dependency cases that were prevented as a result of DAP.
- The number of dependency cases that were prevented without using DAP.
- The number of DAP cases in which final court orders were issued during the first court hearing.
- The number of non-DAP cases in which final court orders were issued during the first court hearing.
- The average and median number of days that DAP children and families were involved in court proceedings.
- The average and median number of days that non-DAP children and families were involved in court proceedings.
- The number of DAP cases that included a confidential mediation with a professional mediator.
- The number of children that did not return to the child welfare system for the year following DAP involvement.

Salary Increases

The Executive Budget includes an increase in funding for staff and justices' salary increases. Staff receive a 3% salary increase and justices receive a 15% salary increase.

The Courts estimate that, by FY 2024, more than 20% of its workforce will be eligible to retire. Due to a highly competitive job market, the Courts are facing challenges in recruiting and retaining top talent. Over the last two fiscal years, the Courts' average turnover rate has been just over 12%. This funding will enable the Courts to address wage stagnation and implement succession plans to replace retiring workers.

The table below shows the breakdown of the salary increases for staff and justices. It shows the total increase for personal services and employee related expenses, the average percentage salary increase, the average salary for an individual FTE position before the salary increase, and the average salary for an individual FTE position after the salary increase.

Executive Budget Baseline Changes

FTE Correction

The Executive Budget includes an increase of 1.0 FTE position for the Judicial Nominations and Performance Review special line item (SLI).

The FY 2020 budget included an increase of \$117,500 in the Judicial Nominations and Performance Review SLI, for 1.0 additional FTE position in the Supreme Court, yet excluded a corresponding increase in FTE position authority. The Executive Budget increases the total number of FTE positions in the SLI from 3.6 to 4.6.

Department of Juvenile Corrections

The Department of Juvenile Corrections (DJC) is responsible for youth adjudicated as delinquent and committed to its jurisdiction by county juvenile courts. DJC is accountable to the citizens of Arizona for the promotion of public safety through the management of the State's secure juvenile correctional facility and a continuum of services for youth as they transition from the facility back to their communities. This mission is accomplished by providing supervision, rehabilitation, treatment, and education to the youth committed to its care.

Major Executive Budget Initiatives and Funding

Permanently Elimination of the Local Cost Sharing

The Executive Budget includes an increase in funding to offset the local cost sharing to operate the Department from counties with a population of more than 500,000 persons.

The FY 2020 budget permanently repealed the local cost sharing for all counties except for Maricopa and Pima counties and provided a one-time appropriation to cover the local cost sharing portion associated with those two counties.

The Executive Budget permanently repeals A.R.S. §§ 41-2832 and -2833, ending the youth confinement cost-sharing fee for Maricopa and Pima counties, saving them \$8.45 million annually. The Executive Budget includes the removal of the Local Cost Sharing Fund and reverts the projected remaining balance of \$118,000 into the General Fund.

Funding	FY 2021
General Fund	8,450.9
Issue Total	8,450.9

Salary Increase for Youth Correctional Officer Series

The Executive Budget includes an increase in funding to provide salary increases to key security personnel at the Department in order to maintain parity with the Department of Corrections.

This initiative is projected to result in increases for 285 Department employees.

Funding	FY 2021
General Fund	1,299.6

Total	\$ 1,299.6			

Technical Adjustment - State Trust Land Lease

The Executive Budget includes an increase in funding to address a rent adjustment error made in the FY 2020 budget.

The FY 2020 budget included a statewide adjustment that decreased the Department's General Fund appropriation by \$309,000. A portion of this decrease, \$248,900, was included to reflect the Department of Corrections (ADC) assumption of a portion of the land lease at Adobe Mountain School and the Maricopa Reentry Center. However, the decrease did not account for the fact that the Department's lease amount did not change with the entrance of ADC, due to rising land cost.

Land Department

The Arizona State Land Department (ASLD) manages more than 9 million acres of State Trust land and resources on behalf of 13 beneficiaries. To ensure the Trust is a viable and productive asset for beneficiaries today and for generations to come, ASLD exercises sound stewardship principles. As a fiduciary, ASLD generates revenue for the beneficiaries through the sale and leasing of State Trust land.

Major Executive Budget Initiatives and Funding

CAP Water Rights Fees

The Executive Budget includes an increase in funding for projected Central Arizona Project (CAP) fees.

The Department holds rights to an allocation of 32,076 acre-feet of CAP water that benefits State Trust lands. The Department is required to pay fees for those rights annually. The Department may assign a portion of its water rights to specific parcels of Trust land, which can greatly increase the value of the land when sold or leased. When a portion of the CAP allocation is transferred to a lessee or purchaser, the General Fund is reimbursed for all previous costs, in addition to interest and administrative fees.

Historically, the CAP releases a provisional rate for the upcoming year by the preceding June but does not set the firm rate until early June of the year in question, typically after the budget has already been passed. Consequently, the Department has regularly needed to seek a supplemental appropriation, which results in a late payment to CAP. In the past, CAP has waived the late fee for the State; however, in September 2019 CAP advised the Department that it would not do so in the future.

The provisional rate for FY 2021, set by CAP in June 2019, is 61% higher than the FY 2019 firm rate, which was used to set the SLI appropriation in the FY 2020 budget. The Executive Budget includes additional funding to meet the higher provisional rate. This additional funding would help avoid a future supplemental process and costly late fees.

Failure to pay the annual fees would result in the Department forfeiting all or part of its CAP allocation and all capital fees paid thus far, which totals approximately \$23.8 million.

Funding	FY 2021
General Fund	801.9
Issue Total	801.9

Enterprise Cloud Initiative

The Executive Budget includes a one-time deposit from the General Fund and Trust Land Management Fund into the Automation Projects Fund for the Department to migrate its documents to a cloud platform and decommission its in-house servers.

The Department expects this project to be completed in FY 2021 for a total cost of \$200,000.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Funding	FY 2021
General Fund	0.0
Trust Land Management Fund	0.0
Issue Total	0.0

Superstition Vistas Studies

The Executive Budget includes an increase in one-time funding to conduct development studies on Superstition Vistas Trust Land.

The Superstition Vistas Planning Area is a 254-square-mile area of State Trust Land located in Pinal County on the eastern boundary of the Phoenix metropolitan area. The property has been identified as a high priority for future growth that could lead to substantial revenue to the State Trust.

The funding will be used to contract for aggregate and drainage studies that will assist in the area's development.

Funding	FY 2021
Trust Land Management Fund	500.0
Issue Total	500.0

Executive Budget Baseline Changes

Environmental Special Plate Fund Appropriation Decrease

The Executive Budget includes a decrease in funding from the Environmental Special Plate Fund (ESPF).

Of each \$25 fee collected for environmental special license plates, \$17 goes to the ESPF for disbursement to Natural Resource Conservation Districts.

In the past ten fiscal years, yearly revenues have consistently fallen below the appropriation. The appropriation of \$260,000 has not been reduced in recent years, to allow for the possibility of a revenue increase.

The Executive Budget adjusts the current appropriation to realign the fund with anticipated revenues and expenditures.

Funding	FY 2021
Environmental Special Plate Fund	(120.6)
Issue Total	(120.6)

Executive Budget Supplemental Changes

CAP Water Rights Fees

The Executive Budget includes an increase in supplemental funding above the enacted FY 2020 appropriation for Central Arizona Project (CAP) water rights fees.

The FY 2020 budget included funding for CAP fees based on the FY 2019 final rate of \$41 per acre-foot. When CAP approved the FY 2020 final rates in June 2019 (after the FY 2020 budget was passed), the per-acre-foot cost increased by \$15, requiring an additional \$481,100, for a total FY 2020 cost of \$1.8 million.

Failure to pay the annual fees would result in the Department forfeiting all or part of its CAP allocation and all capital fees paid thus far, which totals approximately \$23.8 million.

Funding	FY 2020
General Fund	481.1
Issue Total	481.1

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Department of Liquor Licenses and Control

The Department of Liquor Licenses and Control licenses and regulates the production, distribution, and sale of alcoholic beverages throughout the State of Arizona. In instances involving allegations against licensees, the Department investigates complaints, develops police reports, and enforces civil and criminal violations. The Department maintains key partnerships within and outside of the public sector in promoting youth education and outreach addressing underage drinking.

Major Executive Budget Initiatives and Funding

Alcohol-Related Traffic Fatality Investigators

The Executive Budget includes an increase in funding and position authority to hire 7.0 additional Investigator FTE positions, 1.0 Analyst FTE position, and 1.0 Sergeant FTE position, to increase the Department's prevention, investigative, and enforcement presence as part of a Task Force to combat wrong-way driving incidents in which alcohol and a liquor licensed establishment appears to be a factor. Of this funding, \$421,000 is associated with one-time equipment costs.

The Department's Investigations Section is composed of nine sworn detectives who focus on complaints dealing with over-service, sales to minors, and acts of violence. As part of their duties, investigators develop written reports that summarize the outcomes of liquor establishment investigations and recommend civil and criminal penalties to prosecutors for perceived violations. Additionally, the investigators conduct covert underage buyer investigations, perform routine liquor law compliance inspections, perform site inspections for new restaurant applicants, and ensure that institutions with expired liquor licenses have ceased serving operations. Currently, only one of the investigators focuses on wrong-way driving and alcohol-related traffic collisions.

The number of wrong-way driving incident referrals to the Department increased from six incidents in calendar year 2017 to 62 incidents during the first 224 days of 2019. The Department is reprioritizing its investigative unit's activities to focus on wrong-way driving incidents where alcohol and a liquor licensed establishment appear to be factors.

The Executive Budget creates a DUI Task Force special line item to (a) focus on liaising with other agencies and local law enforcement on wrong-way driving investigations, (b) develop and implement best practices and recommendations regarding wrong-way driving prevention, and (c) provide increased prevention and enforcement efforts related to wrong-way driving and DUI incidents wherein a liquor licensed establishment appears to be involved.

The Executive intends for the Department to work with the Governor's Office of Highway Safety to obtain arrest information, including place of last drink, in investigating aggravated and extreme DUI incidents that result in serious injuries or fatalities.

Assistant Attorney General

The Executive Budget includes an increase in funding for costs associated with the Department's Assistant Attorney General position.

The FY 2020 budget included \$69,600 to increase to full-time status the Department's one-third-time Assistant Attorney General. Due to salary increases and related costs at the Attorney General's Office, that amount did not fully fund the position as intended. This issue resolves the shortfall.

Issue Total**23.3****Information Technology Plan**

The Executive Budget includes an increase in one-time funding to pay for four portable tablet devices and nine desktop computers to leverage the Department's recently established e-licensing system.

The FY 2020 budget included \$69,600 to purchase 15 tablets and to replace 12 desktop computers that were beyond their useful life.

The funding will replace the Department's remaining desktops and allow the Department to purchase four additional tablets.

The Department received a total of \$1 million in FY 2015 and FY 2016 to develop its e-licensing system, which provides an online interface for licensees to apply for and renew liquor licenses.

In order to improve customer response times and to utilize the online functionalities of the new software, including remote licensing and compliance monitoring through portable tablets, the Executive Budget provides funding to allow the Department to purchase the needed information technology hardware.

(42.0)

Issue Total**(42.0)****Rent and Risk Error Correction**

The Executive Budget includes an increase in funding to fix rent and risk cuts that were applied erroneously in FY 2020.

In FY 2018, the Department relocated its Tucson office and saved \$10,000 in rent. Those savings were realized as an ongoing reduction in FY 2019. An additional \$10,000 was unintentionally reduced from the Department's budget in FY 2020.

Additionally, the Department was required to pay \$51,344 in risk management costs in FY 2018 and FY 2019 as a result of a court judgment. The Department paid for the risk management payments without receiving an appropriation increase. The FY 2020 budget erroneously removed \$24,800 from the Department's budget under the assumption that the Department had received an appropriation increase to cover those costs.

Lottery Commission

The Arizona Lottery was established to maximize net revenue dedicated to a variety of beneficiaries assigned through a statutory distribution formula. An advisory commission and an executive director, both appointed by the Governor, oversee operations. The Lottery sells products through a licensed retailer network to provide players with innovative, entertaining, and rewarding games of chance.

Major Executive Budget Initiatives and Funding

Retailer Commission Pilot Program

The Executive Budget includes a Budget Reconciliation Bill change for Lottery to implement a pilot program for three years for up to three retailer participants. The pilot program will allow Lottery to remove the floor of its retailer commission rate and use the difference between the current rate (6.5% of sales) and a reduced rate (to be negotiated between Lottery and the retailer) to provide maintenance and fulfillment services to retailers.

Fulfillment services for lottery ticket vending machines include stocking machines, updating games, and curating game selection to maximize revenues. Lottery has identified a need in some retail locations that would like to carry Lottery products but do not (a) have the staff capacity or (b) desire to monitor and maintain ticket stock.

With this change, Lottery anticipates that it can incentivize wholesale retail chains to become ticket vendors, increasing revenue from ticket sales for Lottery beneficiaries and the General Fund.

Executive Budget Baseline Changes

SLI Baseline Revenue Adjustments

The Executive Budget projects FY 2020 Lottery revenues to be higher than were forecast in the FY 2020 budget. FY 2020 sales growth is projected to be 3.81% higher than FY 2019 sales, versus the budgeted growth of 3.3%. In FY 2021, the Executive Budget forecasts 7.06% growth over FY 2020 projections.

This anticipated growth is largely attributable to projected increases in scratcher and tab ticket sales, as well as revenues from the introduction of new fast-play games. Total revenues in FY 2020 and FY 2021 are projected to be, respectively, \$1.12 billion and \$1.2 billion.

The Executive Budget does not include supplemental adjustments to the FY 2020 appropriations for the agency, as the existing levels provide sufficient flexibility.

Appropriations for the Charitable Commissions, Instant Tickets, Online Vendor Fees, and Retailer Commissions special line items (SLIs) depend on actual ticket sales volume and are adjusted annually. Adjustments for FY 2021 are outlined as follows:

Charitable Commissions (20% of actual tab ticket sales): The Executive Budget provides an increase of \$44,900.

Instant Tickets (3.6% of actual instant ticket sales): The Executive Budget provides an increase of \$734,900.

Online Vendor Fees (4.256% of actual online ticket sales): The Executive Budget provides an increase of \$1.9 million.

Retailer Commissions (6.5% of gross lottery game sales minus charitable tab tickets, with an additional amount up to 0.5% of gross game sales for performance payments to retailers [this combined percentage is currently 6.7% of total ticket sales]): The Executive Budget provides an increase of \$1.3 million.

Major Executive Budget Initiatives and Funding

eLicensing

The Executive Budget includes a one-time deposit from the Board of Medical Examiners Fund into the Automation Projects Fund for the Board to transition its e-licensing system.

The funding will be used to hire outside developers to build an enterprise software and database system to manage the Board's operations.

The Board is working closely with the Arizona Strategic Enterprise Technology Office (ASET) to develop a Project Issue Justification that ensures the successful completion of this project.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Mine Inspector

The State Mine Inspector is a statewide elected constitutional officer and director of the Office of the State Mine Inspector. The Office enforces laws and regulations applicable to mine safety, health, explosives, and land reclamation. The Office inspects the health and safety conditions and practices at active mining operations; investigates mine accidents and employee and public complaints; and conducts federally certified miner and instructor safety training.

The Office administers reclamation financial assurance and enforces the mined land reclamation laws and regulations for the restoration of disturbed lands to a safe and stable environmental condition. The Office promotes public safety regarding abandoned mines. The Office conducts complaint investigations; issues mine-owner compliance notifications; and identifies, assesses, and secures mine safety hazards. The Office also issues permits, licenses, and certificates for elevators and electrical connections and monitors the manufacturing, storing, selling, transferring, and disposal of all explosives or blasting agents.

Navigable Stream Adjudication Commission

The Arizona Navigable Stream Adjudication Commission (ANSAC) is a single-program agency. The Commission is charged with gathering evidence, holding hearings, and making determinations regarding navigability of the 39,039 streams and rivers in Arizona as of February 14, 1912. Part of this responsibility is to respond to issues raised by the Arizona Court of Appeals and returned to the Commission for additional hearings regarding specific topics. The Commission must litigate cases in court, including defending appeals and other legal actions that are filed in State Court against the Commission, and must complete Commission reports to be recorded in each appropriate county following the appeals processes.

Major Executive Budget Initiatives and Funding

Expand Investigations Team

The Executive Budget includes an increase in funding and 6.0 new FTE positions for the Board of Nursing to process growing investigation caseloads.

The new positions will cost \$513,700 and consist of 2.0 senior investigators, 1.0 nurse practitioner consultant, 1.0 advanced nurse practitioner consultant, and 2.0 legal secretaries.

During FY 2019, with a staff of 18.0 FTE investigator positions and 3.0 FTE legal secretary positions, investigators' average caseload was 94 cases, compared to a 75-caseload national standard. That level of staffing has not been sufficient to process cases in a timely manner.

The Board's goal is to close cases within six months. In FY 2019, the Board's caseload included 1,300 cases that had been open longer than 10 months.

The increase in staff for investigations will reduce caseload for each investigator by 25%, bringing the Board in line with national standards and reducing the average number of days to close a case from 319 to 261.

Nursing Care Ins. Admin. Examiners

The Board of Nursing Care Institution Administrators and Assisted Living Facilities Managers evaluates and processes initial applications and renewals from individuals seeking nursing home administrator licenses and assisted living facility manager certificates. As administrators and managers are required by law to meet continuing education requirements, the Board also approves continuing education programs. In addition, the Board approves, renews, and regulates assisted living facility manager and caregiver training programs, and investigates complaints received from the public or the Department of Health Services and imposes disciplinary action on licensees or certificate holders when necessary. All Board functions are accomplished through a fee-financed program of examination, licensure, and regulation.

Personnel Board

The State Personnel Board is responsible for hearing and reviewing, via an administrative hearing process, appeals filed by covered State employees who have been dismissed from State service, suspended for more than 80 working hours, or involuntarily demoted resulting from disciplinary action. The Board also hears and reviews complaints filed under the whistleblower statute. Under the direction of the presiding hearing officer, the proceedings are conducted on an informal basis through the taking of direct testimony, the cross examination of witnesses, and the admission of evidence. A record of the proceedings is taken and made available, upon request, to hearing officers, board members, and parties to the appeal. The hearing officer determines the facts based on the evidence presented and makes a recommendation regarding discipline to the Board. Board members are subsequently provided with case information so they may determine whether proper discipline has been imposed.

Board of Pharmacy

The Board of Pharmacy has four primary functions. The first is to issue licenses to pharmacists, pharmacy interns, and pharmacy technicians. Additionally, it is responsible for issuing permits to pharmacies, manufacturers, wholesalers, and distributors. The Board also conducts compliance inspections of permitted facilities and investigates complaints and adjudicates violations of applicable State and federal laws and rules. The Board promulgates and reviews State rules and regulations in regard to the industry. The Board oversees the Controlled Substance Prescription Monitoring Program (CSPMP), which is a tool that enables practitioners to prescribe appropriately.

Pioneers' Home

The Arizona Pioneers' Home was established in 1909 by the territorial government of Arizona as a home for the aged and infirm to repay the faithful and longtime Arizona residents who helped pioneer and build the state. It opened its doors in 1911. In 1929, the scope of the home was broadened to serve also as Arizona's hospital for disabled miners. The Arizona Pioneers' Home is a continuing care retirement home that serves 105 Arizona pioneers and disabled miners. Pioneers' Home employees provide direct nursing care, food service, activities, social services, housekeeping, laundry, maintenance, and business and administrative services and support to the residents, and strive to meet Department of Health Services residential facilities licensing standards through modeling best practices. The Home is surveyed periodically by the Department of Health Services.

Major Executive Budget Initiatives and Funding

Certified Caregiver Salary Increase

The Executive Budget includes an increase in funding for salary adjustments of Nursing Assistants at the Home when they receive their Caregiver certification.

Licensure by the Arizona Department of Health Services (DHS) requires that the Home's Nursing Assistants be certified as Caregivers (A.A.C. R9-10-806). In complying with that requirement, the Home plans to increase the salaries of its Nursing Assistants as they achieve certification. Currently, the Home has 23.0 FTE Nursing Assistant positions that will earn an average increase of \$1,498 per year.

This funding covers both the additional personal services costs and the increased employee-related expenses.

Funding	FY 2021
Pioneers' Home State Charitable Earnings	42.6
Issue Total	42.6

Medical Director Contract Cost Increase

The Executive Budget provides for increased contract costs for the Home's Medical Director.

The Medical Director renewed his contract through the State Procurement Office (SPO) in FY 2020. Due to new State requirements, he had to use a third-party vendor to negotiate his contract at an additional 1.5% of the total contract costs. In addition, SPO required the Director to have higher insurance coverage, which is included in the increased costs.

The Medical Director has included these costs in his billing to the Pioneer's Home for services. Without additional funding, the Home will divert other operating costs to cover these increases.

Funding	FY 2021
Pioneers' Home State Charitable Earnings	5.3
Issue Total	5.3

Salary Increase for Employees Below Minimum Wage

The Executive Budget includes an increase in funding for pay adjustments for certain employees of the Home pursuant to Arizona minimum wage requirements in FY 2021.

On January 1, 2020, Arizona's minimum wage increased to \$12 per hour. Approximately 18 of the Home's employees will receive a \$1 per hour increase, or \$2,080 per year, to bring them up to the minimum wage.

The employees who will receive raises include seven Custodial Workers II, 10 Food Service Workers II, and one Laundry Worker II.

The additional funding will pay for the increased personal services and associated employee-related expenses.

Funding	FY 2021
Pioneers' Home State Charitable Earnings	46.3
Issue Total	46.3

Executive Budget Supplemental Changes

FY 2020 Supplemental Funding

The Executive Budget includes an increase in supplemental funding above the FY 2020 appropriation.

In FY 2020 the Home is required to be licensed by the Department of Health Services (DHS) per Laws 2018, Chapter 190. To meet licensure requirements, the Home has upgraded its facilities.

In addition, the Home is required to have its Nursing Assistants certified as Caregivers per DHS rules. The Executive Budget provides funding to cover the costs of certification for 20 Nursing Assistants.

Finally, the Executive Budget provides funding to cover the increased costs of the Medical Director's contract. In FY 2020 the contract increased by \$5,280. The Executive Budget annualizes these costs in FY 2021.

Funding	FY 2020
Pioneers' Home State Charitable Earnings	524.1
Issue Total	524.1

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Commission for Postsecondary Education

The Arizona Commission for Postsecondary Education (ACPE) is composed of 16 commissioners, 14 of whom are appointed by the Governor. Commissioners represent public and private postsecondary education and its constituencies. Core responsibilities of the ACPE are related to student financial assistance programs, including administration of State grants, scholarships, forgivable loans, and the Arizona Family College Savings (529) Program. The Commission provides timely and effective communication and programs to help students and their families plan, transition, and succeed in postsecondary education. The Commission offers the single forum where all sectors of postsecondary education dialogue, collaborate, and problem-solve issues of common interest.

The Executive Budget provides a lump-sum appropriation to the agency.

Department of Public Safety

The Department of Public Safety (DPS) enforces State law with primary responsibility in the areas of traffic safety, criminal interdiction, narcotics, organized crime, auto theft, and regulatory functions. Services include homeland security, criminal intelligence, scientific analysis, air rescue, criminal information systems, training, and statewide communications. Operational and technical assistance is provided to local and State agencies and other components of the criminal justice community. The Department also promotes and enhances the quality of public safety through cooperative enforcement and community awareness programs.

Major Executive Budget Initiatives and Funding

ACTIC, Caseload, and Replacement Equipment

The Executive Budget includes an increase in funding for inflationary costs associated with the Arizona Counter Terrorism Information Center (ACTIC), higher crime lab caseloads, and implementation of a lifecycle replacement schedule for the Department's computer equipment.

The Executive Budget provides \$634,800 in funding for increased costs associated with the security, rent, custodial services, and Terrorism Liaison Office at ACTIC.

Also, the Executive Budget provides \$1.3 million in funding for increases associated with growing caseload and inflationary costs for crime lab consumables resulting from a combination of increased per-unit prices, new technologies, and more frequent testing. Since FY 2013, the Department's crime lab expenditures have increased by 41%. Since FY 2015, testing has increased by an average of 16.8% across all disciplines. No corresponding adjustments have been made to this program.

As part of this initiative and to offset a structural imbalance in the DPS Forensics Fund, the Executive Budget includes footnote language raising the court diversion fee revenue cap in the DPS Forensics Fund from \$10.4 million to \$15.2 million.

Finally, the Executive Budget provides an increase in funding of \$1.2 million to replace approximately 20% of the Department's computers for civilians and sworn officers. This funding will provide a critical refresh of the Department's technology and restart a regular five-year equipment replacement cycle. With this funding, the Department first plans to target machines that run on a Windows 7 operating system or older, which will no longer be supported by Microsoft without an additional fee after January 2020.

Funding	FY 2021
General Fund	1,840.2
DPS Forensics Fund	1,326.5
Issue Total	3,166.7

Active Shooter Response Equipment

The Executive Budget includes an increase in one-time funding to purchase rifle-resistant helmets and vests for sworn personnel to improve the Department's response and Trooper safety in active shooter situations.

DPS troopers are currently equipped with handgun-resistant soft body armor and non-ballistic resistant helmets. From calendar year 2014 through 2019, DPS responded to 67 officer-involved shooting incidents, 24 of which involved a rifle.

The increased funding will provide a rifle-resistant helmet and rifle-resistant vest for each of the Department's 1,203 sworn personnel.

Funding	FY 2021
Public Safety Equipment Fund	1,816.8
Issue Total	1,816.8

AZPOST Law Enforcement Training Support

The Executive Budget includes an increase in funding for the Arizona Peace Officer Standards and Training (AZPOST) Board to cover critical law enforcement training expenses.

A 16.64% distribution from the Criminal Justice Enhancement Fund (CJEF) provides the AZPOST Board's operating revenue. Annual revenue to AZPOST from CJEF declined by (29.95)% from FY 2010 to FY 2019.

The FY 2020 budget included \$1 million to supplement CJEF revenues for AZPOST. The Executive Budget increases that amount to account for lower projected CJEF revenues in FY 2021.

Funding	FY 2021
Arizona Highway Patrol Fund	1,267.7
Issue Total	1,267.7

Body Cameras

The Executive Budget includes an increase in funding to purchase body camera equipment. Of this amount, \$1.6 million is ongoing to pay expenses associated with staffing, software licenses, data storage, and other increased costs associated with operating the program.

In order to enhance trooper safety, improve agency efficiency, and promote public transparency, the appropriation will fund the purchase of 1,267 body cameras for the Department's sworn personnel and other agency personnel assigned to DPS task forces.

This issue also includes 20.0 additional FTE positions for video management, 5.0 of which are supervisor positions. Of the 5.0 supervisors, 3.0 will be designated Quarter Masters, in charge of video collection and management for the northern, central, and southern parts of the state. All of the positions will manage the video collected by the body cameras, including conducting redaction services, following retention schedules, and fielding public records requests. The Department will establish best practices and training policies for the use of body cameras in the field.

Funding	FY 2021
Arizona Highway Patrol Fund	4,830.2
Issue Total	4,830.2

Concealed Weapon Tracking System Maintenance

The Executive Budget includes an increase in funding to provide maintenance for the Concealed Weapons Permit Tracking System (CWPTS).

The Department received \$410,000 in FY 2020 to (a) replace the antiquated CWPTS mainframe, (b) build a system that interfaces with other law enforcement databases, and (c) provide increased functionality to public users. The Department expects that the project will be completed by the end of FY 2020 and that the system will require ongoing maintenance support.

Funding	FY 2021
Concealed Weapons Permit Fund	100.0
Issue Total	100.0

Enterprise Compensation Fund Shift

The Executive Budget includes a funding shift from the General Fund to the Concealed Weapons Permit Fund (CWPF).

The FY 2020 budget provided a 5% pay increase to the Department's civilian employees from the General Fund. For ease of accounting, the Executive Budget shifts this funding to the CWPF so that the unit may be funded entirely by that fund.

Ex-Appropriation

The Executive Budget includes an ex-appropriation from the General Fund in FY 2021 for operating expenses associated with DPS. Those expenses will instead be covered by higher-than-expected revenues in the Highway Patrol Fund.

Funding	FY 2021
General Fund	(31,000.0)

Helicopter Replacement

The Executive Budget includes an increase in funding to purchase two twin-engine Bell 429 helicopters for law enforcement and search-and-rescue missions.

The Department operates a fleet of five helicopters: four single-engine Bell 407s, and one twin-engine Bell 429. Per industry standards, helicopters should be replaced every 10 years or 10,000 flight hours, whichever occurs first.

The Department's oldest helicopter, a Bell 407, is 20 years old and has flown over 8,200 flight hours. The Department's second-oldest helicopter is 15 years old and has flown over 5,900 flight hours. The appropriation will replace both aircraft.

The Executive Budget provides the Department with funds to purchase one helicopter outright and to lease-purchase the second helicopter for a period of two years. (At an estimated 3% annual interest rate, the cost equates to \$5.5 million per year.) The one-time cost in FY 2021 to purchase a helicopter is \$10.5 million; this purchase cost is expected to be offset by \$887,700 in trade-in value for the oldest helicopter.

The Executive Budget further creates a "Helicopter and Vehicle Replacement" special line item (SLI) to provide a constant lifetime replacement cycle budget for the Department's helicopter fleet. Under the replacement cycle, every two years the Department's oldest helicopter will be traded in and a new helicopter will be lease-purchased. As a result of the lifetime replacement cycle, the Department's entire helicopter fleet will operate within recommended replacement standards by FY 2026.

The chart below shows each of the Department's five helicopters by year of manufacture and time in service. Bold, colored boxes represent a helicopter replacement year.

Microwave Backbone Upgrade

The Executive Budget advance-appropriates \$16 million each year, from FY 2021 through FY 2023, from the Highway Patrol Fund to complete upgrades to the microwave radio communications system backbone. The Executive Budget creates a "Microwave Backbone Upgrade" SLI for this purpose. The appropriations will lapse after two years, consistent with capital appropriations.

The Department owns, operates, and maintains a statewide microwave network that provides critical radio communications for 12 State agencies and a number of local, federal, and tribal agencies.

The microwave equipment used to support this network is aging and has not been supported by the industry for 20 years. As a result, the Department has found it difficult to replacement parts for system repairs, and the risk of critical system failure has grown.

The State's microwave radio system is divided into three loops: southern, western, and northern. Upgrades to the southern and western loops were completed in FY 2011 and FY 2018, respectively. The FY 2019 budget appropriated \$1.3 million from the Public Safety Equipment Fund to help fund an estimated \$13.7 million of upgrades to the northern loop. The FY 2020 budget included no funding for that issue.

This funding will pay for the remaining upgrades to the radio backbone, primarily in the northern loop, although some portions of the

upgrade remain outside that loop. The microwave backbone upgrade project is anticipated to be completed in FY 2023 at a total cost of \$49.2 million. Of that cost, \$150,000 is expected to be ongoing for additional land lease purposes. The Executive intends to use Public Safety Fee revenues to finance the project.

Funding	FY 2021
Arizona Highway Patrol Fund	16,000.0
Issue Total	16,000.0

Overtime

The Executive Budget includes an increase in funding to fully support the Department's overtime budget. The Executive Budget creates an "Overtime" SLI for that purpose and shifts overtime resources from existing programs to the new SLI .

The Department allocated 1.7% of its overall Personal Services budget for overtime expenses in FY 2019, but that budgeted amount was insufficient to cover the agency's actual overtime expenses of 3.1% of Personal Services.

The Executive Budget fully funds the Department's actual overtime expenses along with its outstanding compensation ("comp") time hours. That number is approximately 3.1% of the Department's total Personal Services budget when including outstanding comp time hours. Note that the adjusted 3.1% overtime for the proposed six new Night Watch positions are included in this issue (\$12,400), along with overtime expenses associated with the existing Night Watch positions (\$1.2 million, or 1.7% of Personal Services).

The dedicated funding will alleviate service gaps and other issues associated with short staffing and reduce the Department's reliance on vacancy savings in order to meet its overtime needs.

Radio Replacement

The Executive Budget includes an increase in one-time funding to purchase 567 tri-band radios for use by the Highway Patrol in areas of the state that are digitally enabled but where the Highway Patrol is operating with analog equipment.

The radio equipment upgrades will improve signal clarity and enhance communication with other public safety personnel on different radio frequencies.

This funding is provided in the Microwave Backbone Upgrade SLI.

Funding	FY 2021
General Fund	2,900.0
Public Safety Interoperability Fund	1,500.0
Issue Total	4,400.0

Wrong Way Driving Patrol

The Executive Budget includes an increase in funding for an additional 6.0 new FTE Trooper positions dedicated to the Department's DUI Squad, to provide support during the 8:00 p.m. to 6:00 a.m. shift ("Night Watch"), as part of the Executive's strategy to mitigate wrong-way and impaired driving.

After adding 6.0 FTE Trooper positions in FY 2019 and 6.0 FTE Trooper positions in FY 2020, the Night Watch is staffed by 56 Troopers, seven Sergeants, and one Captain. Increased staffing will allow the Department to respond more quickly to reports of wrong-way driving and other public safety needs in the Phoenix area.

The Executive Budget creates a new Night Watch special line item (SLI) and shifts resources from the Operating Lump Sum to the new SLI for Night Watch resources.

The increased funding includes \$490,300 for one-time equipment expenses. Note that body camera and rifle-resistant equipment expenses for the additional positions are included in that figure: \$88,900 for body cameras (\$45,200 of which is ongoing for data storage), and \$7,300 for body armor. Overtime associated with the new positions is included in the Overtime funding issue at \$12,400.

Executive Budget Baseline Changes

Vehicle Replacement

The Executive Budget includes an increase in funding to replace one-sixth of the Department's sworn and civilian vehicle fleet to better meet the recommended replacement cycle for DPS vehicles.

The Department operates a fleet of 2,413 vehicles, including the 42 vehicles added as part of the FY 2020 budget's new positions and the proposed six additional Night Watch vehicles. The fleet includes a total of 1,221 Highway Patrol vehicles.

The Department's \$5.5 million budget for vehicle replacement is not sufficient to meet the recommended replacement benchmark of six years or 120,000 miles.

The ongoing funding will enable the Department to replace approximately 402 vehicles: 203 for Highway Patrol functions and 199 for criminal investigations, GIITEM, and other agency support functions.

The Executive Budget further creates a "Helicopter and Vehicle Replacement" SLI to provide a constant lifetime replacement cycle budget for the Department's vehicle fleet. Under this replacement cycle, a sixth of the Department's vehicles are traded in and new vehicles are lease-purchased for six years (at an estimated annual interest rate of 2.94%). This cycle will allow the Department's entire vehicle fleet to be replaced every six years, within recommended replacement benchmarks.

For FY 2021, entering into lease-purchase agreements for all vehicles will result in a net savings compared to the Department's annual \$5.5 million vehicle replacement budget. When fully implemented in FY 2026, the replacement will require \$19.9 million above the existing \$5.5 million replacement budget. Refer to the chart below for vehicle replacement phase-in costs by year.

The dedicated funding will decrease the Department's reliance on vacancy savings and reductions in critical services in order to meet its vehicle needs.

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in funding for the following one-time FY 2020 expenditures:

Highway Patrol Replacement Vehicles: \$4 million. One-time equipment funding to replace an estimated 70 highway patrol vehicles.

Loop 202 Extension Trooper Equipment: \$1.5 million. One-time equipment funding for 21 new Troopers, three new Sergeants, and six new Dispatchers.

AZPOST Funding: \$1.5 million. One-time funding to cover critical law enforcement training expenses due to declining revenue to the Peace Officer Training Fund.

Interoperability Fund Deposit: \$1.5 million. One-time deposit into the DPS Interoperability Fund.

Border Strike Force Enhancement: \$759,600. One-time equipment funding for 11 new Troopers and one new Sergeant.

Wrong Way Driving Patrol: \$379,800. One-time equipment funding for six new Troopers.

Department of Real Estate

The Department of Real Estate oversees the administration of licensing examinations and issuance of licenses, as well as the activities of licensees to ensure compliance with the Arizona Department of Real Estate Revised Statutes and the Commissioner's Rules. Also within the purview of the Department is the regulation of the sale of subdivided and certain unsubdivided lands, builder and development services, timeshares, condominiums, membership campgrounds, and cemeteries. The Department regulates real estate schools and educators, monitoring pre-licensing and continuing education courses to ensure the quality of the content of courses and the competence of the instructors, as well as the quality and timeliness of materials being taught. Additionally, the Department oversees the Home Owners' Association Dispute Process by accepting petitions that allege violations of certain Arizona statutes and community bylaws. These complaints are forwarded to the Office of Administrative Hearings to be heard by an Administrative Law Judge.

Major Executive Budget Initiatives and Funding

E-Commerce Compliance and Outreach (ECCO) Team

The Executive Budget includes an increase in funding for the Department to hire a permanent team to carry out Laws 2019, Chapter 273, which established the economic nexus thresholds above which an out-of-state business is required to collect and remit tax on retail sales in Arizona.

The E-Commerce Compliance and Outreach (ECCO) team will consist of the following 8.0 FTE positions: 1.0 Administrator, 2.0 Customer Care Specialists, 1.0 Attorney, 1.0 Legal assistant, 1.0 Nexus Auditor, 1.0 Management Analyst, and 1.0 Compliance Auditor. This initiative will not require any additional FTE authority.

The objective of this team is to assist the estimated 3,000 out-of-state businesses collecting and remitting tax on retail sales to the State of Arizona. The Customer Care Specialist and Legal Assistant's duties will include providing assistance to Arizona-based businesses in navigating other states' requirements.

Funding	FY 2021
General Fund	671.2

Out-of-State Transaction Privilege Taxes IT System Modifications

The Executive Budget includes a one-time deposit from the Department of Revenue Administrative Fund and the Liabilities Offset Fund into the Automation Projects Fund for enhancements to the out-of-state Transaction Privilege Tax IT System.

These enhancements will address IT system issues that emerged during the initial execution of Laws 2019, Chapter 273, which established the economic nexus thresholds mentioned above.

The Department expects this project to be completed in FY 2021 for a total cost of \$450,000.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

School Facilities Board

The School Facilities Board (SFB) is a capital management agency. The SFB maintains a facilities database consisting of information reported by each school district that aids in determining the eligibility for State funding from the New School Facilities (NSF) and Building Renewal Grant (BRG) funds. The SFB is mandated to ensure compliance with building adequacy standards and routine preventative maintenance guidelines with respect to the construction of new buildings and maintenance of existing buildings. The SFB also administers an Emergency Deficiencies Correction (EDC) program and validates Adjacent Ways expenditures.

Major Executive Budget Initiatives and Funding

Enhanced Operational Support

The Executive Budget includes an increase in funding for 2.0 FTE positions and other operating costs.

As a result of the Volkswagen settlement, the Board received \$206,000 to hire additional FTEs to help districts identify buses eligible for replacement under the State's mitigation plan. Support for those positions has now ended, causing a deficit in the Board's operating budget beginning in FY 2021.

The Executive Budget includes additional funding to make these positions permanent, as they transition to provide customer support to school districts around the state for building renewal grant applications and new school construction projects.

Funding	FY 2021
General Fund	206.0
Issue Total	206.0

Enhanced Square Footage Calculations for New School Facilities

The Executive Budget includes an increase in one-time funding to enhance the current square footage calculations for school construction.

From FY 2000 to FY 2009, increases were made to the square footage calculations for new construction, with no further adjustments until FY 2017. According to the Quarterly Construction Costs Report by Rider Levett Bucknall, square footage calculations are underfunded by about 50% on average.

The Executive Budget seeks to fully resolve this disparity beginning with FY 2021 schools.

[Insert Table 1 to show baseline costs vs enhanced calculation costs]

Funding	FY 2021
General Fund	6,371.4
Issue Total	6,371.4

Building Renewal Grants

The Executive Budget includes an increase in one-time funding for building renewal.

Between 1999 and 2004, the Board completed deficiency corrections projects totaling \$1.3 billion. As many of those projects are nearing the end of their useful life, the Board has recently seen an increase in school district building renewal requests. From FY 2013 to FY 2019, building renewal requests from school districts have nearly tripled, from 319 to 878.

The Executive Budget includes an increase of \$90.8 million for one-time building renewal funding. When combined with the ongoing budget of \$16.7 million, the increased funding will make available to the Board a total of \$107.5 million for building renewal grants in FY 2021, a 35% increase over the \$79.5 million appropriated for building renewal in FY 2020.

Funding	FY 2021
General Fund	90,832.1
Issue Total	90,832.1

Grants Management System Migration

The Executive Budget includes a one-time deposit of \$100,000 from the General Fund to the Automation Projects Fund for a feasibility study to upgrade the current online Building Renewal Grant management software.

The Board uses multiple custom applications to manage the Building Renewal Grants Program. Grants are provided to school districts to cover the cost of HVAC, electrical, plumbing, and other building repairs and maintenance.

In June 2019 Auditor General noted that "SFB lacks processes for monitoring BRG project progress to help ensure districts timely complete BRG projects and it should improve the use of its information technology (IT) systems to help ensure all payments to districts are timely". Statute requires that districts pay vendors within 30 days of receiving an invoice; however, the Auditor General report notes that SFB did not pay all requests within this window.

To help ensure on-time payment, the board is seeking to evaluate the best upgrade to collect and manage data relating to the status, timelines, and percent of work to complete of grants to best ensure that invoices are paid within the mandated 30 day window and projects comply with the requirements of the grants.

As a result of the Auditor General's recommendation in a June 2019 report, the Board has determined that migrating to the State's enterprise grants management software would allow for the processing of building renewal grant applications more quickly and efficiently and reduce the backlog of more than 400 projects that have remained open for more than a year.

SFB anticipates this study to be completed in FY 2021 for a total cost of \$100,000.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Executive Budget Baseline Changes

New School Facilities - Conceptual Approvals

The Executive Budget includes an increase in funding for two new schools or additional space that the Board has conceptually approved.

Prior to FY 2020, the Board was required to distribute monies from the new school facilities fund if the average daily membership projections during the current school year indicated that additional space would be needed during the current school year.

Laws 2019, Chapter 265 now requires that, in order to meet building adequacy standards, the Board distribute monies if the average daily membership projections indicate that additional space will be needed within the next two school years.

The cost of the two schools includes a 5.29% inflator, totaling \$589,300, in the square footage calculations to reflect the growth in the Rider Levett Bucknall Phoenix construction cost index, as approved by the Joint Legislative Budget Committee in December 2019.

Funding	FY 2021
General Fund	13,230.8
Issue Total	13,230.8

New School Facilities - In Progress

The Executive Budget includes an increase in one-time funding to complete construction for seven schools that reached capacity in FY 2020.

Funding	FY 2021
General Fund	45,805.7
Issue Total	45,805.7

Prior Year Building Renewal Grants

The Executive Budget includes a decrease in funding, as a technical adjustment, to remove one-time FY 2020 building renewal funding.

The Executive Budget fully funds projected FY 2021 building renewal needs in the initiative section of this agency narrative.

Issue Total	(64,692.8)

Executive Budget Supplemental Changes

Building Renewal Grants

The Executive Budget includes supplemental funding for building renewal grants to school districts in FY 2020. This supplemental will make a total of \$114.5 million available for building renewal in FY 2020, representing a 44% increase over the original \$79.5 million appropriation for FY 2020 building renewal.

Funding	FY 2020
General Fund	35,000.0
Issue Total	35,000.0

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Department of State - Secretary of State

The Administration anticipates requests of services from public citizens, candidates, elected officials, media and business community members to increase. In order to accommodate these requests, the Department shall provide timely, efficient filing and retrieval of information by providing trusted and accessible information to agency customers through innovative and secure means.

Internally, Administration oversees and carries out technology support, communications, legislative oversight and compliance monitoring, financial management, accounting (accounts receivable, accounts payable, payroll), budgeting, procurement, human resources and training services. Administration provides support for Business Services, Public Services/Administrative Rules, Arizona State Library, Archives and Public Records, Address Confidentiality Program and Road to Rights, and Election Services Divisions. The agency director and the financial officer support the leadership in policy making duties with responsibility for obtaining, enhancing and sustaining all office resources.

Major Executive Budget Initiatives and Funding

Primary and General Election

The Executive Budget includes an increase in one-time funding for the Secretary to fulfill its statutory responsibilities associated with the primary and general elections in 2020.

Statute requires the Secretary to 1) reimburse counties for the costs of producing and mailing sample ballots to every household with a registered voter; 2) reimburse counties for the costs of certifying petition and referendum signatures; 3) for any initiative or referendum, print and mail a publicity pamphlet to every household with a registered voter; and 4) review and process initiative and referendum signatures.

Funding	FY 2021
General Fund	5,176.3
Issue Total	5,176.3

Cybersecurity

The Executive Budget includes a one-time deposit from the General Fund into the Automation Projects Fund for the Secretary of State to develop measures to address cybersecurity concerns across their critical IT infrastructure including its election system.

The Executive recognizes that these monies have the potential to be used as a match to draw down newly available federal monies for election security recently signed into law through H.R. 1158 – Consolidated Appropriation Act, 2020. The Secretary of State anticipates approximately \$8.4 million in federal monies to be available to the State and localities requiring an approximate \$1.7 million match.

The Executive Budget includes half of the match amount with the intention of localities providing the other half. As the Secretary of State reviews the requirements of the newly available federal monies for election security, the Executive would like to highlight projects that may be of priority: (1) upgrading its failover system to provide faster data recovery; (2) developing an inventory management database; (3) mapping out data-sensitivity levels within each application; and (4) conducting an assessment to create a system-specific IT security plan.

The one-time deposit will total \$850,000, which has the potential to draw down \$4.2 million in federal monies for election security.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Enterprise Cloud Initiative

The Executive Budget includes a one-time deposit from the General Fund into the Automation Projects Fund for the Secretary of State to migrate to a cloud platform and upgrade its IT system.

The Secretary of State will migrate 57 physical servers that are beyond their lifecycle to a cloud environment. This will provide improved data security, faster damage recovery and ensure business continuity in case of an incident. In addition, migrating to the cloud environment will provide an additional 17TBs of data storage for future capacity.

The Secretary of State anticipates that the project will be completed in FY 2023 for a total cost of \$170,000.

Transfers and appropriations for the project appear in the Automation Projects section of the Executive Budget.

Record Management

The Executive Budget includes an increase in funding to match the Secretary's record management fee increase for agencies to address the rising costs associated with managing State records. This increase should cover the Secretary's three record management staff and the increased costs associated with the private vendor that stores records on behalf of the Secretary.

Funding	FY 2021
Records Services Fund	467.2
Issue Total	467.2

Relocation of the Research Library Staff

The Executive Budget includes an increase in one-time funding to relocate, to the basement of the Executive Tower, the remaining staff in the Record Management Center. This funding will be used to renovate the space as well as purchase a golf cart to transport staff between the Executive Tower and the Polly Rosenbaum Building.

Funding	FY 2021
General Fund	100.0
Issue Total	100.0

Executive Budget Baseline Changes

Eliminate Presidential Preference Election Funding

The Executive Budget includes a decrease in funding for the Presidential Preference Election (PPE).

The FY 2020 budget included \$4.4 million to reimburse the counties for costs associated with the PPE. The Executive Budget backs out this funding in FY 2021.

Funding	FY 2021
General Fund	(4,408.1)
Issue Total	(4,408.1)

Executive Budget Supplemental Changes

Presidential Preference Election

The Executive Budget includes an increase in supplemental funding above the enacted FY 2020 appropriation for the Presidential Preference Election (PPE).

A.R.S. § 16-250 requires the State to reimburse counties for the cost of the PPE at a rate of \$1.25 per active registered voter based on the January 1 active registered voter population count. The reimbursement rate may change if the Secretary of State determines that the reimbursement rate prescribed by statute would jeopardize the ability of counties to properly execute the PPE.

The Secretary has determined that the reimbursement rate should be set at \$1.82 per active registered voter. Based on the new projected active registered voter population on January 1, 2020, the State would reimburse the counties for 3,849,472 registered voters, at a total cost to the State of \$7 million. Additionally, the Secretary has internal costs associated with the PPE, consisting of \$25,000 for logic and accuracy testing of voting equipment.

Funding	FY 2020
General Fund	2,616.9
Issue Total	2,616.9

Record Management

The Executive Budget includes an increase in supplemental funding above the enacted FY 2020 appropriation for increased costs associated with record management.

Funding	FY 2020
Records Services Fund	217.2
Issue Total	217.2

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Statewide and Large Automation Projects. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Major Executive Budget Initiatives and Funding

Digitization of Agency Records

The Executive Budget includes an increase in one-time funding for document scanning services as part of a broader effort to move licensing and renewal processes online.

The Executive intends for this appropriation to be non-lapsing and, upon payment of those balances, to remove the appropriation.

The digitization of records aligns with the State's initiative for agencies to conduct business electronically when circumstances allow. The funding will pay a contracted vendor to prepare the documents, scan the documents into searchable digital files, and securely dispose of the estimated 2.8 million original paper and microfiche copies.

IT Consultant

The Executive Budget includes an increase in one-time funding to hire a part-time IT consultant as part of a broader effort to move licensing and license renewal processes online.

The IT consultant will provide support for the Board's legacy licensing system prior to the system's migration to the enterprise e-licensing platform. As part of the consultant's duties, the Executive Budget includes footnote language requiring monthly reports to the Arizona Strategic Enterprise Technology (ASET) Office on the consultant's activities, including reports on the system's health and readiness to migrate to the enterprise e-licensing system.

Executive Budget Supplemental Changes

Annual Leave Payout

The Executive Budget includes an increase in supplemental funding above the enacted FY 2020 appropriation for payment of accrued annual and sick leave balances to two retirement-eligible employees in FY 2020.

The Executive creates a special line item (SLI) and intends for this appropriation to be non-lapsing. Upon payment of those balances, the Executive intends to remove the SLI.

Office of Tourism

The Arizona Office of Tourism is a State government agency dedicated to developing, implementing, and maintaining global marketing programs that promote Arizona as a leading travel destination.

With multiple year-round initiatives including advertising campaigns, social media, trade activities and media relations, AOT sets into motion a positive and profitable cycle of visitation, spending, job growth and tax revenue. This tourist activity greatly contributes to Arizona's economic growth and development.

Major Executive Budget Initiatives and Funding

Statewide Destination Management and Rural Tourism

The Executive Budget includes an increase in funding for the Office to establish a Statewide Destination Management and Rural Tourism Development Program.

This program will expand the current Rural Marketing Co-operative Match Program to at least four more communities; provide resources to support rural tourism development; develop marketing materials to promote the "Leave No Trace" campaign to minimize visitor impact on the outdoors; and enroll additional undesignated visitor centers into the Arizona Visitor Information Center program.

These efforts will provide to rural partners additional resources that will benefit rural communities, as tourism is one of their main economic drivers, and the State as a whole.

Target City Marketing

The Executive Budget includes an increase in funding for the Office to expand its Target City marketing efforts.

The increased funding will increase marketing efforts in Denver, to take advantage of the recent addition of direct airline flights from Denver to Prescott and to Flagstaff. In addition, this funding will support marketing to other target cities and expand the promotion of Arizona at consumer travel trade shows and exhibits in current target cities.

Major Executive Budget Initiatives and Funding

Gila River Bridge Replacement

The Executive Budget includes an increase in one-time funding to replace and expand the Interstate 10 (I-10) bridge over the Gila River, which will add a third highway lane in each direction. The Executive intends for the \$50 million scheduled for I-10 improvements in FY 2023 to be accelerated to start in FY 2021.

The portion of I-10 that connects Phoenix and Tucson is a vital transportation and commerce corridor, and widening it to six lanes will improve public safety and enhance economic development opportunities in central Arizona and the Gila River Indian Community. This will accelerate ADOT's ability to make future enhancements to the I-10 stretch between Phoenix and Tucson.

Appropriations for this project appear in the Capital detail section of the Executive Budget.

Funding	FY 2021
General Fund	0.0
Issue Total	0.0

Smart Highway Corridors

The Executive Budget includes an increase in one-time funding for broadband infrastructure in strategic transportation corridors. The Department will use this funding to install 514 miles of broadband conduit and fiber optic cable along designated highway segments, including:

- Interstate 17 between Sunset Point and Flagstaff;
- Interstate 40 between the New Mexico and California borders; and
- Interstate 19 between Tucson and Nogales.

This new infrastructure provides multiple benefits. The Department will improve highway safety by installing smart highway technology systems, including traffic cameras, wrong-way detection systems, dynamic message boards, a weather information system, and variable speed limit signage. Further, the Department can connect existing smart highway technology on the above-referenced highway segments to allow for a faster response to incidents and produce a cost saving for the Department.

Appropriations for this project appear in the Capital detail section of the Executive Budget.

State Fleet Transfer

The Executive Budget includes a one-time transfer from the General Fund into the newly created Motor Vehicle Fleet Recapitalization Fund and the Motor Vehicle Fleet Operations Fund for the Arizona Department of Transportation (ADOT) for costs associated with moving the operations of the State motor vehicle fleet from the Arizona Department of Administration (ADOA) to ADOT. This transfer provides funding for upfront costs associated with maintenance and purchasing new vehicles.

For FY 2021, the Executive Budget requires ADOT and ADOA to establish an interagency service agreement allowing for ADOT to manage the State motor vehicle fleet, set fees, and receive revenue. The revenue and balance from the ADOA Motor Pool Revolving Fund will be transferred into the Motor Vehicle Fleet Recapitalization Fund. The balance of the Motor Pool Revolving Fund is anticipated to be around \$2 million at the end of FY 2020. As set by the ISA, any new revenue shall be deposited into either the Motor Vehicle Fleet Recapitalization Fund or the Motor Vehicle Fleet Operations Fund, as appropriate.

The Executive intends for ADOT and ADOA to present a final plan on transitioning the operation of the State motor vehicle fleet by October 1, 2020 as established by Laws 2019, Chapter 267.

Funding	FY 2021
Motor Vehicle Fleet Operations Fund - NEW	6,000.0
Issue Total	6,000.0

Travel ID Implementation

The Executive Budget includes an increase in one-time funding to address Travel Identification (ID) implementation.

Beginning October 1, 2020, every air traveler will need a federally compliant license or a passport for domestic air travel. The law prohibits federal agencies from accepting any forms of identification that do not meet the new federal standards.

The Department estimates that 2.5 million Arizonans will board a commercial airline in the year following October 2020. The Department has issued about 600,000 Arizona Travel IDs. Given the close proximity of the deadline, and the inability to acquire a Travel ID online, the Department expects a surge of applicants halfway through FY 2020 and during the first part of FY 2021.

This funding is intended to cover the annualized costs associated with additional employees, advertising, and credential volume increases.

Funding	FY 2021
State Highway Fund	5,322.8
Issue Total	5,322.8

I-10 Tunnel Lighting Upgrade

The Executive Budget includes an increase in one-time funding to replace the lighting assemblies in the I-10 Tunnel located in Downtown Phoenix.

The tunnel contains 3,234 lighting fixtures, which consist of older and less efficient high-pressure sodium lights and ballast assemblies. The ballast assemblies will no longer be manufactured, and aftermarket replacement costs are 84% higher than previously available assemblies. The Department has identified a less expensive, more efficient LED unit that can be retrofitted into the current light housings.

The Department has already replaced 122 lights as a pilot project, and the Executive Budget provides funding for the remaining 3,112 fixtures. By replacing the lighting assemblies, over the next 20 years the Department is projected to save approximately \$3 million through lower equipment and utility costs.

Funding	FY 2021
State Highway Fund	1,456.9
Issue Total	1,456.9

Enterprise Cloud Initiative

The Executive Budget includes a one-time deposit from the Motor Vehicle Liability Insurance Enforcement Fund into the Automation Projects Fund to migrate core IT applications and data from the on-premise data center to a cloud environment.

Migrating to a cloud environment is necessary for the Department to address its debilitating data center, which is causing system failures and slowing response times at Motor Vehicle Division locations. Many of the servers are near their useful end of life and in need of replacement. Also, the building that houses the Department's data center, at 206 South 17th Avenue, has been found to be structurally compromised.

The Department anticipates that, by moving to a cloud environment, it will have ongoing IT costs of approximately \$1.1 million. The Executive Budget includes an increase of \$1.1 million General Fund for the ongoing costs of cloud services. Please see below for more information.

The Department anticipates that this project will be completed in FY 2022 for a total cost of \$1.5 million.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Driver License Security Software Upgrade

The Executive Budget includes a one-time deposit from the Motor Vehicle Liability Insurance Enforcement Fund to the Automation Projects Fund to upgrade the Department's driver license security software.

Identity fraud and theft is often found in the driver license credential process. The Department's Office of Inspector General (OIG) conducts case investigations and audits designed to prevent and deter fraud, abuse, and misconduct in Department programs. The OIG uses driver license security software to detect and prevent fraud to protect Arizona citizens.

The Department anticipates that this project will be completed in FY 2021 for a total cost of \$1.6 million.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Multimodal Planning Division (MPD) Temporary Relocation

The Executive Budget includes an increase in one-time funding to relocate staff in the Multimodal Planning Division (MPD) during a renovation.

The Department began renovating office space at 206 South 17th Avenue in the Spring 2019. As the renovation progressed, construction crews discovered cracks compromising the second floor's structural integrity. The third floor, where MPD is located, and the basement, where the data center is located, must be vacated before the building can be reinforced.

The Department plans to relocate the division to a temporary leased facility and migrate the data center to the cloud in order to complete the renovation.

Executive Budget Baseline Changes

Interstate 17, Anthem to Sunset Point

Laws 2019, Chapter 264 included \$130 million in funding to construct a third highway lane in each direction between Anthem and Black Canyon City and add a flex lane from Black Canyon City to Sunset Point.

This funding included \$40 million in FY 2020, \$45 million in FY 2021, and \$45 million in FY 2022 from the State Highway Fund.

Appropriations for this project appear in the Capital detail section of the Executive Budget.

South Mountain Freeway Maintenance

The Executive Budget includes an increase in funding for maintenance of 176 new lane-miles as part of the South Mountain Freeway.

The Department entered into a public-private partnership to design, build, and maintain the freeway. The developer is responsible for specific maintenance functions for 30 years, and the Department will make annual inflation-adjusted payments for those services.

Funding	FY 2021
State Highway Fund	1,751.8
Issue Total	1,751.8

Highway Maintenance Workload

The Executive Budget includes an increase in funding for maintenance of new highway lane-miles.

The cost to properly maintain the State Highway System increases as the system expands. Approximately 40 new urban lane-miles and 63 new rural lane-miles will be added to the State Highway System in FY 2020. The Department calculates that the average annual costs to maintain an urban lane-mile and a rural lane-mile are \$22,300 and \$4,450, respectively. Maintenance costs include roadside and shoulder maintenance, landscaping, surface treatments, and traffic signals.

Funding	FY 2021
State Highway Fund	1,180.6
Issue Total	1,180.6

Driver License Volume Increases

The Executive Budget includes an increase in funding for driver license and ID card production.

Arizona drivers pay fees to receive ID cards and driver licenses, and those revenues are deposited into the Highway User Revenue Fund (HURF). As the number of drivers in Arizona increases, the costs to produce identification credentials also increase.

Funding	FY 2021
State Highway Fund	72.6

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in funding for security improvements at 10 ports of entry (\$951,500); signage prohibiting use of cell phones while driving (\$75,000); and new special license plates (\$675,000).

The FY 2020 budget included one-time appropriations. The Executive Budget backs out this funding in FY 2021.

Major Executive Budget Initiatives and Funding

PCI Internal Security Assessor

The Executive Budget includes an increase in funding and FTE authority of 1.0 position for the Treasurer to hire an Internal Security Assessor.

This position will help State agencies that use a payment card system comply with Payment Card Industry Data Security Standards (PCI DSS). The objective is to prevent remediation costs resulting from the required PCI DSS audits on agencies with payment card systems.

Major Executive Budget Initiatives and Funding

Teachers Academy Marketing, Outreach, and Recruitment

The Executive Budget includes an increase in funding for the Arizona Teachers Academy (ATA) marketing, outreach, and recruitment plan.

The FY 2020 budget included \$15 million to expand the ATA. Participation has increased by over 600% since its inception, with 1,590 students participating in the fall 2019 semester. The Board expects to reach more students through a robust marketing campaign.

Currently, the Board has engaged in several paid media campaigns aimed at students, parents of high school students, school counselors, and geographically and socioeconomically diverse populations. Also, the Board has highlighted the program's benefits, which include a full tuition waiver and ample post-graduation job opportunities.

The Board's increased marketing budget will allow the agency to increase outreach and engagement through additional initiatives, such as geofence targeted audience areas, connected TV targeting, YouTube targeted ads, Snapchat targeted ads, and additional print and video advertising.

Funding	FY 2021
General Fund	1,000.0

WICHE Membership Dues

The Executive Budget includes a net-neutral shift in funding across appropriations to address changes in costs associated with the Western Interstate Commission for Higher Education (WICHE).

As a member of WICHE, the Board must pay dues to participate in WICHE's resource-sharing activities, which are designed to allow students to maximize their higher education opportunities. WICHE increased all membership dues by 2% for FY 2020 and FY 2021.

To offset the increased dues, the Executive Budget decreases funding in the WICHE Student Subsidies special line item (SLI) and increases funding in the WICHE Office SLI.

Arizona State University

Arizona State University (ASU) is “one university in many places” - four distinctive campuses throughout metropolitan Phoenix that create a federation of unique colleges and schools. They are all ASU, providing access to all the university’s strength and innovation, yet each offers attributes and focuses to meet the needs of any learner. ASU at the Tempe Campus, which includes the Downtown Phoenix campus, is a major public research university offering programs from the baccalaureate through the doctorate. ASU at the West Campus is a comprehensive campus that balances the traditions of liberal arts education with responsiveness to the dynamics of workforce requirements. ASU at the Polytechnic Campus is a nexus for studies in interdisciplinary sciences, engineering, management, technology, and education. Industry partnerships are key to the campus' distinctive course offerings, which provide opportunities for project-based learning within advanced laboratory spaces.

Major Executive Budget Initiatives and Funding

Workforce Development for the New Economy

The Executive Budget includes an increase in one-time funding to enhance the universities' capacity to graduate more students in critical areas that will allow Arizona to compete in the New Economy. The New Economy Initiative aims to increase Arizona's competitiveness by accelerating the transformation of universities into adaptive drivers of economic success for Arizona.

Funding will go toward increasing post-secondary attainment; increasing the number of graduates in critical high-demand areas such as coding, artificial intelligence awareness, and entrepreneurship; and reducing the time required to obtain a degree by modernizing curriculums and programs.

Funding	FY 2021
General Fund	16,100.0

Restore FY 2020 Additional Investment

The Executive Budget includes an increase in funding that universities may use for general expenditures or capital improvements.

The FY 2020 budget included one-time funding for each university to address high-priority needs and help support costs associated with educating Arizona resident students.

The Executive Budget restores this funding as ongoing in FY 2021.

Executive Budget Baseline Changes

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in one-time funding for operations and academic initiatives.

The FY 2020 budget included one-time funding for each university to address high-priority needs and help support costs associated with

educating Arizona resident students.

The Executive Budget backs out this funding in FY 2021. However, as the Executive Budget also includes \$18.9 million in restored investment initially provided in the FY 2020 budget, the net impact is \$0. (For more details, see the funding issue titled "Restore FY 2020 Additional Investment.")

Northern Arizona University

Founded in 1899, Northern Arizona University (NAU) is a vibrant university committed to teaching as learning, research as innovation, and service as shared leadership.

With an estimated enrollment in fall 2019 of approximately 31,000 students, NAU reaches out to students regionally with statewide campuses and opportunities for distance learning. From its inception, NAU has implemented innovative and accountable teaching practices, including the effective use of technology

Accredited by the Higher Learning Commission, the university embraces diversity and promotes inclusion across the university community as a means to prepare graduates to contribute to the social, economic, and environmental needs of a culturally rich society. It inspires students to become active citizens, leaders, visionaries, and problem solvers with an understanding of global issues. The reaffirmation of the university's accreditation occurred in 2017-2018, and the university celebrated its successful reaccreditation extension through 2027-2028.

In addition to integrating sustainability themes across curriculum, NAU's 683-acre campus models sustainable operations through multi-modal transportation, environmentally responsible waste disposal, energy-efficient green construction, and sustainability in food procurement. In March 2017, the University maintained a gold rating from the Sustainability, Tracking, Assessment and Rating System (STARS) of the Association for the Advancement of Sustainability in Higher Education, a rating initially achieved in 2014.

Major Executive Budget Initiatives and Funding

Workforce Development for the New Economy

The Executive Budget includes an increase in one-time funding to enhance the universities' capacity to graduate more students in critical areas that will allow Arizona to compete in the New Economy. The New Economy Initiative aims to increase Arizona's competitiveness by accelerating the transformation of universities into adaptive drivers of economic success for Arizona.

Funding will go toward increasing post-secondary attainment; increasing the number of graduates in critical high-demand areas such as coding, artificial intelligence awareness, and entrepreneurship; and reducing the time required to obtain a degree by modernizing curriculums and programs.

University of Arizona - Main Campus

The University of Arizona in Tucson, including branch campuses in Sierra Vista and downtown Phoenix, is a land-grant, doctoral research university. Its research and development expenditures place it among the nation's top public universities and it is a member of the Association of American Universities. It offers a broad array of programs leading to degrees from baccalaureate through the doctorate. It has a total student body enrollment of over 42,000 full-time and part-time students. As a land-grant university, it maintains programs in production agriculture, mining, and engineering and serves the State through its cooperative extension services, technology transfer, economic development assistance, distributed education, and cultural programming. The University provides distinguished undergraduate, graduate, and professional education; excels in basic and applied research and creative achievement; and promotes the integration of these activities and outcomes into advancement of Arizona's economy.

University of Arizona - Health Sciences Center

The Arizona Health Sciences Center (AHSC) in Tucson is the State's only academic health sciences center. It provides the state and its people with education, research, patient care, and services through its Colleges of Medicine, Nursing, Pharmacy, Public Health, Phoenix Bio-Medical Campus, University Medical Center, and University Physicians. AHSC serves as the core of a broad network of statewide health services, health education, health restoration, health promotion, and illness prevention.

The Executive Budget provides a lump-sum appropriation to the agency with special lines.

Department of Veterans' Services

The Arizona Department of Veterans' Services (ADVS) helps veterans and their dependents obtain state and federal entitlements. ADVS operates the State Veteran Homes in Phoenix and Tucson. Both homes are self-funded, skilled nursing facilities that provide short and long term care services to veterans and their spouses. ADVS also operates three state veterans cemeteries which are located in Sierra Vista, Marana, and Camp Navajo. ADVS serves as the state approving agency that qualifies schools to offer curriculum to veterans under the GI Bill, administers the Military Family Relief Fund, and coordinates statewide services to eliminate homelessness, decrease veteran suicides, and increase employment opportunities for Arizona veterans.

Executive Budget Baseline Changes

Additional Veterans' Benefits Counselors

The Executive Budget includes an increase in funding for six additional Veterans' Benefits Counselor (VBC) positions. Of this amount, \$42,000 is one-time for equipment.

The Department has funding for only 30 of its 42 appropriated FTE VBC positions. VBCs develop and file veterans' claims for benefits in the areas of disability, pension, insurance, education, home loans, Social Security, burial, and other social services.

The Department believes that the funding increase will allow it to add 10,500 appointments for veterans and families each fiscal year. The new VBCs will be located around the state, with initial plans for placing them in Anthem, Chinle, Holbrook, Quartzsite, and Tuba City and at Davis-Monthan Air Force Base in Tucson.

Funding	FY 2021
General Fund	416.4
Issue Total	416.4

Operating Costs for New Veterans' Homes

The Executive Budget includes an increase in funding for operating costs of the new veterans' homes in Flagstaff and Yuma.

Veterans' homes provide nursing and rehabilitative care for geriatric and chronically ill veterans and dependent/surviving spouses.

Construction of the Flagstaff and Yuma homes began in June 2019 and is scheduled to be completed by June 2021. Operating costs will help the two homes complete the six-month process to certification. The Department cannot collect revenues from the federal government for its services until the homes reach 25% occupancy.

To provide greater transparency into veterans' homes operations, the Executive Budget replaces the Arizona State Veterans' Homes special line item (SLI) with separate SLIs for each home: Flagstaff, Phoenix, Tucson, and Yuma.

Funding	FY 2021
State Home for Veterans Trust	3,397.3

Department of Water Resources

The Department of Water Resources (DWR) administers the State's water laws through the compilation and analysis of water supply and demand data, coordination of research to augment water supplies for future demand and development of policies that promote conservation and water availability.

DWR defends the integrity of the state water supply by overseeing surface water, groundwater, and Colorado River water supplies. As the technical experts for the state, DWR represents and supports the General Stream Adjudication proceedings and negotiates with national and international partners.

DWR protects Arizona against the loss of life and property through the implementation of the dam safety, flood warning, and floodplain management programs.

Statewide and Large Automation Projects

State agencies regularly engage in information technology (IT) and automation projects to build new systems or repair and upgrade existing systems. The Arizona Strategic Enterprise Technology office in the Department of Administration (DOA-ASET) oversees the development of major automation projects, such as those that affect multiple State agencies, that are critical to State operations, or expose the State to risk or liability if the project is unsuccessful. Funding for these projects is routed through the Automation Projects Fund, which triggers additional oversight mechanisms. These mechanisms include giving DOA-ASET fiduciary responsibility over the funds, obtaining Legislative approval of expenditure plans, and periodic reporting on the status of projects.

All numbers representing dollars are expressed in thousands.

Major Executive Budget Initiatives and Funding

Deposits into the Automation Projects Fund

The Executive Budget makes one-time deposits into the Automation Projects Fund (APF) from the General Fund and other funds for automation projects in FY 2021. Please see the "APF Fund Transfer Summary" table at the end of the Statewide and Large Automation Projects section for more information.

Depositing the funds into the APF triggers oversight mechanisms that provide greater transparency into project development and reduce wasteful spending. The funds are deposited into subaccounts established for each agency with an automation project under development for enhanced expenditure tracking.

The description and funding amount for each project are included in individual issue narratives in this section.

Funding	FY 2021
General Fund	0.0
Issue Total	0.0

Enterprise Cloud Initiative

The Executive Budget includes a one-time deposit from various funds into the Automation Projects Fund to migrate core IT applications and data from on-premise data centers to a cloud environment for the following agencies: Department of Agriculture, State Land Department, Secretary of State, Industrial Commission of Arizona, and Department of Transportation.

Following an in-depth analysis of cloud computing services, the Executive established the Cloud First policy in FY 2019. A cloud environment offers many benefits to the State, including improving operational efficiency, reducing IT infrastructure complexity, enhancing data security, and avoiding high costs to replace failing equipment. These efforts will allow the State to move at the "speed of business" through faster and more innovative applications and services for our citizens.

Administration - Business One-Stop Web Portal

The Executive Budget includes a one-time deposit from the State Web Portal Fund into the Automation Projects Fund for development of a Business One-Stop portal that will provide a single online location to help citizens and businesses plan, start, grow, and move businesses in Arizona.

The Department anticipates this project to be completed in FY 2025 for a total cost of \$32.2 million.

Funding	FY 2021
APF Subaccount - Department of Administration Fund	7,758.8
Issue Total	7,758.8

Child Safety - CHILDS Replacement: Guardian

The Executive Budget includes an increase in one-time funding from the Automation Projects Fund - DCS Subaccount to complete an IT replacement project of the Department of Child Safety (DCS) legacy child welfare data system.

DCS is in the final year of a five-year project to replace the archaic Children's Information Library and Data Source (CHILDS) system with the Guardian information management system. The new Guardian system will be a secure cloud-based system that employs mobile technology to assist with key agency functions, including intake processing, case management, provider management, and financial management.

Due to recent federal approval for a higher federal reimbursement rate, the cost of the project is estimated to be \$36 million General Fund (\$86 million Total Funds). DCS expects the project to be completed in FY 2021, with a go live date of July 6, 2020, and complete a post go-live release in November 2020, with the decommissioning of CHILDS occurring thereafter.

Funding	FY 2021
APF Subaccount - Department of Child Safety Fund	5,000.0
Issue Total	5,000.0

Cosmetology - eLicensing

The Executive Budget supports a one-time deposit into the Automation Projects Fund (APF) from the Board of Cosmetology Fund for the Board of Cosmetology to transition its e-licensing system.

The Board is currently working with a third-party IT consultant to develop the roadmap and cost of transitioning to a new e-licensing system. This roadmap is expected to be completed in Spring 2020. Once the cost of development is known, the Executive will make a one-time transfer from the Cosmetology Board Fund to the Automation Projects Fund.

Funding	FY 2021
APF Subaccount - Board of Cosmetology Fund	0.0
Issue Total	0.0

Education - School Finance System Replacement

The Executive Budget includes an increase in one-time funding from the Empowerment Scholarship Account Fund into the Automation Projects Fund for development of the school finance system replacement.

The school finance system, which is part of the larger Arizona Education Learning Accountability System, includes one component for State funding apportionment for districts and another for charter school payments. The current system is running on a legacy platform that is no longer supported, creating operational and security risks for the State.

The Department of Education (ADE) received funding in FY 2020 for phase one of a three-year plan to replace the current system. ADE initiated a Request for Information and Request for Proposal process that took longer than anticipated, delaying the start of the development project. Project kick-off for phase one is anticipated in February 2020 and will continue through May 2021.

In December 2019, the Department began collaborating with the Arizona Department of Administration - Arizona Strategic Enterprise Technology Office (ADOA-ASET) to identify ways to accelerate the project and complete development in less than the proposed three-year timeframe. ADOA-ASET also recommended including change management, system documentation, and system documentation validation by a third party which were not in the original project plan. Additional funding is needed to support an accelerated timeline and implementation of the ADOA-ASET recommendations.

ADE expects this project to be completed in FY 2022 for a total cost of \$9 million.

Funding	FY 2021
APF Subaccount - Department of Education Fund	3,000.0
Issue Total	3,000.0

Environmental Quality - myDEQ FY 2021

The Executive Budget includes a one-time deposit from the Underground Storage Tank Revolving Fund into the Automation Projects Fund to automate additional services into the myDEQ portal. The industries that will utilize these services include waste water treatment plants, power plants, mines, landfills, cement plants, compressor stations, and gas stations.

The Department of Environmental Quality anticipates this project to be completed in FY 2022 at a total cost of \$4.2 million.

Funding	FY 2021
APF Subaccount - Department of Environmental Quality Fund	4,200.0
Issue Total	4,200.0

Equalization - Property Tax Appeal System Replacement

The Executive Budget includes a one-time deposit from the Department of Revenue Administration Fund into the Automation Projects Fund to modernize and replace outdated systems.

The Board of Equalization's current property tax appeal system processes over 2,000 appeals each year. Its archaic system was discontinued in 2007, and support ended in 2015. This funding would allow for the system to be replaced with a modern IT application.

The Board anticipates this project to be completed in FY 2021 for a total cost of \$275,000.

Funding	FY 2021
APF Subaccount - State Board of Equalization Fund	275.0
Issue Total	275.0

Gaming - eLicensing

The Executive Budget includes a one-time deposit from the Arizona Benefits Fund into the Automation Projects Fund to develop an e-licensing solution for the Tribal Gaming certification processes.

The Department of Gaming anticipates this project will be completed in FY 2022. The Department is gathering further information to secure an estimated cost. The Executive will inform the Legislature when the cost estimate is finalized.

Funding	FY 2021
APF Subaccount - Department of Gaming Fund	0.0
Issue Total	0.0

Industrial Commission - IT Initiatives

The Executive Budget includes a one-time deposit from the Industrial Commission Administrative Fund to the Automation Projects Fund to modernize and replace outdated IT systems.

The Industrial Commission will complete the following IT projects in a staggered approach to:

- (1) replace the Labor Division's legal case management system with an enterprise platform;
- (2) complete Phase 2 enhancement of its claims system in the Claims and Administrative Law Judge Divisions;
- (3) develop a Finance and Budget data warehouse system to extract data from multiple external financial systems; and
- (4) start the integration of its Arizona Division of Occupational Safety and Health IT systems with the Federal Occupational Safety and Health IT systems and complete all integration by FY 2022.

The Department anticipates all IT initiatives will be completed in FY 2022 for a total cost of \$1.7 million.

Funding	FY 2021
APF Subaccount - Industrial Commission of Arizona Fund	1,658.2
Issue Total	1,658.2

Medical Board - eLicensing

The Executive Budget includes a one-time deposit from the Board of Medical Examiners Fund into the Automation Projects Fund for the Board to transition its e-licensing system.

The funding will be used to hire outside developers to build an enterprise software and database system to manage the Board's operations.

The Board is working closely with the Arizona Strategic Enterprise Technology Office (ASET) to develop a Project Issue Justification that ensures the successful completion of this project.

Funding	FY 2021
APF Subaccount - Board of Medical Examiners Fund	2,125.0
Issue Total	2,125.0

Osteopathic Board - eLicensing

The Executive Budget includes a one-time deposit from the Osteopathic Examiners Board Fund into the Automation Projects Fund for migration to a new e-licensing platform that will allow the Board to manage documents electronically and expand electronic accessibility to handheld devices. This move to e-licensing will be a joint migration with the Arizona Medical Board, as the two agencies use a shared database.

The Board anticipates this project to be completed in FY 2022 for a total cost of \$76,000.

Funding	FY 2021
APF Subaccount - Board of Osteopathic Examiners Fund	76.0
Issue Total	76.0

Revenue - Out-of-State Transaction Privilege Tax IT System Modifications

The Executive Budget includes a one-time deposit from the Department of Revenue Administrative Fund and the Liabilities Offset Fund into the Automation Projects Fund for enhancements to the out-of-state Transaction Privilege Tax IT System.

These enhancements will address IT system issues that emerged during the initial execution of Laws 2019, Chapter 273 establishing the economic nexus thresholds mentioned above.

The Department of Revenue anticipates that this project will be completed in FY 2021 for a total cost of \$450,000.

Funding	FY 2021
APF Subaccount - Department of Revenue Fund	450.0
Issue Total	450.0

School Facilities Board - Grants Management System Migration

The Executive Budget includes a one-time deposit of \$100,000 from the General Fund to the Automation Projects Fund for a feasibility study to upgrade the current online Building Renewal Grant management software.

The Board uses multiple custom applications to manage the Building Renewal Grants Program. Grants are provided to school districts to cover the cost of HVAC, electrical, plumbing, and other building repairs and maintenance.

In June 2019 Auditor General noted that "SFB lacks processes for monitoring BRG project progress to help ensure districts timely complete BRG projects and it should improve the use of its information technology (IT) systems to help ensure all payments to districts are timely". Statute requires that districts pay vendors within 30 days of receiving an invoice; however, the Auditor General report notes that SFB did not pay all requests within this window.

To help ensure on-time payment, the board is seeking to evaluate the best upgrade to collect and manage data relating to the status, timelines, and percent of work to complete of grants to best ensure that invoices are paid within the mandated 30 day window and projects comply with the requirements of the grants.

As a result of the Auditor General's recommendation in a June 2019 report, the Board has determined that migrating to the State's enterprise grants management software would allow for the processing of building renewal grant applications more quickly and efficiently and reduce the backlog of more than 400 projects that have remained open for more than a year.

SFB anticipates this study to be completed in FY 2021 for a total cost of \$100,000.

Funding	FY 2021
APF Subaccount - School Facilities Board	100.0
Issue Total	100.0

Secretary of State - Cybersecurity

The Executive Budget includes a one-time deposit from the General Fund into the Automation Projects Fund for the Secretary of State to develop measures to address cybersecurity concerns across their critical IT infrastructure including its election system.

The Executive recognizes that these monies have the potential to be used as a match to draw down newly available federal monies for election security recently signed into law through H.R. 1158 – Consolidated Appropriation Act, 2020. The Secretary of State anticipates approximately \$8.4 million in federal monies to be available to the State and localities requiring an approximate \$1.7 million match.

The Executive Budget includes half of the match amount with the intention of localities providing the other half. As the Secretary of State reviews the requirements of the newly available federal monies for election security, the Executive would like to highlight projects that may be of priority: (1) upgrading its failover system to provide faster data recovery; (2) developing an inventory management database; (3) mapping out data-sensitivity levels within each application; and (4) conducting an assessment to create a system-specific IT security plan.

The one-time deposit will total \$850,000, which has the potential to draw down \$4.2 million in federal monies for election security.

Funding	FY 2021
APF Subaccount - Secretary of State Fund	850.0
Issue Total	850.0

Transportation - Driver License Security Software Upgrade

The Executive Budget includes a one-time deposit from the Motor Vehicle Liability Insurance Enforcement Fund into the Automation Projects Fund to upgrade the Department's driver license security software.

Identity fraud and theft are often found in the driver license credential process. The Department of Transportation (ADOT) Office of Inspector General (OIG) conducts case investigations and audits designed to prevent and deter fraud, abuse, and misconduct in ADOT programs. The ADOT OIG uses driver license security software to detect and prevent fraud to protect Arizona citizens.

The Department anticipates that this project will be completed in FY 2021 for a total cost of \$1.6 million.

Funding	FY 2021
APF Subaccount - Department of Transportation Fund	1,574.9
Issue Total	1,574.9

Executive Budget Baseline Changes

Remove One-Time FY 2020 Appropriations

The Executive Budget includes a decrease in funding for one-time FY 2020 appropriations for automation projects.

The FY 2020 budget included the following one-time appropriations:

1. Department of Administration: \$1,000,000 for Business One-Stop Shop Web Portal development
2. Department of Public Safety: \$2,301,000 for continued development of the Arizona Criminal Justice Information System; \$410,000 for Concealed Weapon Tracking System
3. Department of Child Safety: \$10,100,000 for CHILDS Replacement: Guardian IT project
4. Department of Agriculture: \$200,000 for Weights and Measures IT Assessment
5. Department of Education: \$3,000,000 for further development of its Education Learning and Accountability System
6. Medical Board: \$300,000 for Cloud Migration moving data from a physical server to a cloud provider

The Executive Budget backs out this funding in FY 2021.

Capital

The State of Arizona owns, operates, and maintains a variety of facilities and other physical infrastructure. These capital assets enable the State to conduct efficient operations, provide services to customers, and ensure public safety. As specific needs emerge, the State invests in capital outlay projects, including new construction or infrastructure additions. The State invests in building renewal on a systematic basis, which includes any major activity that involves the repair or reworking of a facility and the supporting infrastructure that will result in maintaining the capital asset's expected useful life.

All numbers representing dollars are expressed in thousands.

Agency Budget Summary

	FY 2021
	Exec. Rec.
General Fund	138,237.1
Other Appropriated Funds	136,733.3
Agency Total	274,970.4

Major Executive Budget Initiatives and Funding

Administration - Building Renewal

The Executive Budget includes an increase in one-time funding for Department of Administration (ADOA) building renewal.

As the building components and structural systems of many of the State's buildings have exceeded their expected useful lives, building-renewal money is an increasingly important investment in the State's infrastructure. These funds support a variety of projects, including fire and life safety and targeted infrastructure repair, replacement, and renovation.

Funding	FY 2021
General Fund	3,881.3
Capital Outlay Stabilization Fund	17,000.0
Issue Total	20,881.3

Administration - Elevator Modernization

The Executive Budget includes an increase in one-time funding for the Department of Administration to repair and modernize elevators.

The elevators at 1616 West Adams Street, 1200 West Washington Street, and 1535 West Jefferson Street are beyond their expected service lives and depend on increasingly unreliable machinery. The funding in this issue will be used to modernize the antiquated mechanical and electrification systems, update controllers and signal systems, and replace worn-out machinery. These projects will improve reliability and safety.

Funding	FY 2021
General Fund	47.4
Personnel Division Fund	61.8
Securities Investment Management Fund	230.0
New Charter Application Processing Fund	56.4
Education Production Fund	1,070.0
Trust Land Management Fund	640.2
Pharmacy Board Fund	94.2
Issue Total	2,200.0

Administration - Replacement of Air Handler Units

The Executive Budget includes an increase in one-time funding for the Department of Administration (ADOA) to repair or replace air handler units.

Air handler units are a critical component of a building's air conditioning system. Units at the House of Representatives, Senate, and Executive buildings at 1700 West Washington Street have exceeded their expected useful service life. The poor condition of these units lead to higher utility costs, less effective cooling of buildings, and the threat of unpredictable and imminent failure.

The first phase of this project is underway at a cost of \$2.9 million, which was funded by a portion of prior ADOA building renewal appropriations (FY 2019 and FY 2020) and a one-time capital appropriation included in the FY 2020 budget. The funding in this issue will be used to finish replacing the other outdated units.

Funding	FY 2021
General Fund	3,100.0
Legislative, Executive, Judicial Public Buildings Land Fund	1,000.0
Issue Total	4,100.0

Corrections - Building Renewal

The Executive Budget includes an increase in one-time funding for Department of Corrections (ADC) building renewal, fully funding the agency's building renewal formula.

ADC maintains 1,524 structures with a total area of 8.8 million square feet and a replacement value estimated at \$2.1 billion.

The Executive Budget includes base funding of \$5.5 million, consistent with prior years, plus initiative funding of \$21.3 million for ADC to address high-need capital projects and mitigate deferred maintenance issues.

Funding	FY 2021
General Fund	21,170.2
DOC Building Renewal & Preventive Maintenance	5,623.6
Issue Total	26,793.8

Corrections - Lewis and Yuma Locks, Fire, and HVAC

The Executive Budget includes an increase in one-time funding for the Department of Corrections (ADC) to complete building renewal projects at the Lewis and Yuma prisons.

At those facilities, ADC has identified locks, HVAC systems, and fire alarm and suppression systems that require replacement. The total project cost is estimated at \$72.3 million. ADC plans to complete the entire project by August 2021.

The project is divided into three phases:

Phase 1 - Lewis Prison. Repair or Replace Locks and Fire Alarm and Suppression Systems: \$25.9 million

Phase 2 - Lewis Prison. Repair or Replace HVAC Systems: \$26.4 million

Phase 3 - Yuma Prison. Repair or Replace Locks and Fire Alarm, Suppression and HVAC Systems: \$20 million

Funding	FY 2021
General Fund	29,366.9
Corrections Fund	4,000.0
Inmate Store Proceeds Fund	2,000.0
Penitentiary Land Earnings	2,000.0

Issue Total	48,366.9

Emergency Management and Military Affairs - Fire Suppression

The Executive Budget includes an increase in one-time funding for the Department of Emergency and Military Affairs (DEMA) to upgrade fire suppression systems.

Several Readiness Centers built prior to 1960 have outdated fire-suppression systems that do not comply with fire code. This funding will allow DEMA to upgrade the systems.

The funding amount displayed represents the State's share of the project cost, equal to 36% of the total. DEMA will leverage this State funding to draw down \$1.2 million in federal funding, which represents the remaining 64% of the total project cost.

Funding	FY 2021
General Fund	471.3
Military Installation Fund	200.0
Issue Total	671.3

Game and Fish - Building Renewal

The Executive Budget includes an increase in one-time funding for Department of Game and Fish building renewal and maintenance.

Game and Fish maintains 482 structures with a total area of 859,200 square feet and a replacement value estimated at \$94.4 million. Game and Fish also maintains a large number of outdoor facilities.

The funding will support maintenance projects at various agency properties.

Funding	FY 2021
Game and Fish Fund	1,157.9
Capital Improvement Fund	300.0
Issue Total	1,457.9

Game and Fish - Dam Maintenance

The Executive Budget includes an increase in one-time funding for the Department of Game and Fish to conduct renovations at Department-owned dams.

Game and Fish operates and maintains 37 dams statewide, which support aquatic habitat and provide an array of recreational opportunities, including fishing, boating, camping and wildlife viewing. Many of these dams require ongoing maintenance, including vegetation removal, erosion control, exercising control structures/valves, concrete restoration, debris clearing from spillways, removing animal burrows, seepage monitoring, and ALERT system maintenance.

This funding will allow Game and Fish to make critical repairs to five dams to maintain safety.

Funding	FY 2021
Capital Improvement Fund	150.0
Issue Total	150.0

Game and Fish - Hatchery Maintenance

The Executive Budget includes an increase in one-time funding for the Department of Game and Fish to conduct renovations at Department-owned hatcheries.

Game and Fish operates six hatcheries throughout the state. Many of the hatcheries are aging and in need of major renovations and updates to maintain current levels of production and meet angler demand.

This funding will allow Game and Fish to make critical and targets repairs at the Silver Creek, Bubbling Ponds, Tonto Creek, Canyon Creek, and Page Springs hatcheries.

Funding	FY 2021
Game and Fish Fund	3,000.0
Issue Total	3,000.0

Juvenile Corrections - Door Replacement

The Executive Budget includes an increase in one-time funding for the Department of Juvenile Corrections (DJC) to replace doors in four units at the Adobe Mountain School facility.

This funding will allow for the replacement of doors that have exceeded their expected useful life. It represents a necessary investment in security infrastructure to maintain a safe environment for both staff and the youth that are in the custody of the State.

Funding	FY 2021
General Fund	2,500.0
Issue Total	2,500.0

Lottery Commission - Building Renewal

The Executive Budget includes an increase in one-time funding for Lottery Commission building renewal.

The Lottery Commission maintains two structures with a total area of 47,600 square feet and a replacement value estimated at \$8.8 million. The funding will support replacement or repair of aging building systems and address general infrastructure needs.

Funding	FY 2021
Lottery Fund	146.7
Issue Total	146.7

Parks - Building Renewal

The Executive Budget includes an increase in one-time funding for Arizona State Parks and Trails (ASPT) building renewal. This funding will be appropriated from the State Park Revenue Fund to the Department of Administration (ADOA) to allow ADOA to provide oversight of these projects.

ASPT maintains 1,071 structures with a total area of 794,400 square feet and a replacement value estimated at \$135.7 million.

The funding will support maintenance projects on various ASPT facilities throughout the state.

Funding	FY 2021
State Parks Revenue Fund	2,280.4
Issue Total	2,280.4

Parks - Extend Specific Project Appropriations

The Executive Budget includes one-year extensions to the following Arizona State Parks and Trails (ASPT) capital projects for which funding is set to lapse at the end of FY 2020:

- FY 2018 Rockin' River State Park Project
- FY 2019 Oracle State Park Renovation Project
- FY 2019 Buckskin Mountain State Park Renovation Project
- FY 2019 Capital Improvements

For various reasons, ASPT needed to reconsider the original scopes of these capital projects. ASPT is currently in the process of redeveloping project plans with stakeholders. To provide time for ASPT to implement the new plans, the Executive extends the appropriations through FY 2021.

Funding	FY 2021
State Parks Revenue Fund	0.0

Pioneers' Home - Building Renewal

The Executive Budget includes an increase in one-time funding for Pioneers' Home building renewal. This funding will be appropriated from the State Charitable Earnings Fund to the Department of Administration (ADOA) to allow ADOA to provide project oversight.

The Pioneers' Home maintains 10 structures with a total area of 66,100 square feet and a replacement value estimated at \$14.2 million. The Home was built in 1911, and many of its building components have exceeded their useful lives. These funds support a variety of projects to repair and replace infrastructure and equipment at the Home.

Funding	FY 2021
Pioneers' Home State Charitable Earnings	349.1
Issue Total	349.1

Public Safety - Remote Housing

The Executive Budget includes an increase in one-time funding for the Department of Public Safety (DPS) to replace remote housing units.

DPS provides law-enforcement coverage to urban and rural highways throughout the state and maintains 58 housing units in remote areas far from population centers, where it is impractical for DPS troopers to commute for each shift. Many of the units are well beyond their expected useful life and have rapidly deteriorating building systems. This funding will allow for replacement of the worst units.

Funding	FY 2021
Arizona Highway Patrol Fund	2,200.0
Issue Total	2,200.0

Public Safety - South Mountain District Office

The Executive Budget includes an increase in one-time funding for the Department of Public Safety (DPS) to construct a district office for coverage on the new portion of the Loop 202 South Mountain Freeway.

Although many troopers spend most working hours in patrol vehicles, office space is a necessity for various administrative functions and briefings. The troopers assigned to patrol the new section of highway are stationed at existing facilities, and that is not feasible as a permanent solution. Current office and storage spaces are beyond capacity and located in areas too far from the new section of highway. Emergency response times from the nearest facility (Knutson District Office) are estimated to be over 30 minutes.

This funding will allow DPS to construct a 9,000-square-foot office near the new section of highway, which will allow for better working conditions for troopers, safer storage of equipment, and improved emergency response times.

Funding	FY 2021
State Highway Fund	6,000.0
Issue Total	6,000.0

Transportation - Building Renewal

The Executive Budget includes an increase in one-time funding for Arizona Department of Transportation (ADOT) building renewal.

ADOT maintains 1,205 structures with a total area of 3.3 million square feet and a replacement value estimated at \$780 million. This funding will allow ADOT to replace or repair infrastructure and major building systems.

Funding	FY 2021
State Aviation Fund	299.2
State Highway Fund	14,283.8
Issue Total	14,583.0

Transportation - Gila River Bridge

The Executive Budget includes an increase in one-time funding for the Arizona Department of Transportation (ADOT) to replace and expand the Interstate 10 (I-10) bridge over the Gila River, which will add a third highway lane in each direction. The Executive intends for the \$50 million scheduled in the Five-Year Transportation Facilities Construction Program for I-10 improvements in FY 2023 to be accelerated to start in FY 2021.

The portion of I-10 that connects Phoenix and Tucson is a vital transportation and commerce corridor, and widening it to six lanes will improve public safety and enhance economic development opportunities in central Arizona and the Gila River Indian Community. This will accelerate ADOT's ability to make future enhancements to the I-10 stretch between Phoenix and Tucson.

Funding	FY 2021
General Fund	28,000.0
Issue Total	28,000.0

Transportation - Liquid Brine Tanks Statewide

The Executive Budget includes an increase in one-time funding for the Arizona Department of Transportation (ADOT) to construct new liquid brine tanks and production facilities at four locations.

ADOT is responsible for keeping State highways open and safe for the public when there is inclement weather such as snow. ADOT uses salt brine to de-ice highways. ADOT lacks sufficient brine production and storage facilities at key locations along Arizona highways, with the result that ADOT is forced to close some highways and limit access to others when they become unsafe.

ADOT will construct (in Globe, Show Low, Prescott Valley, and Keams Canyon) four 10,000-gallon storage facilities with containment that meets local, State, and federal requirements. FY 2021 is the first year of three-year project.

Funding	FY 2021
State Highway Fund	1,740.0
Issue Total	1,740.0

Transportation - Renovate 206 Annex Building

The Executive Budget includes an increase in one-time funding for the Arizona Department of Transportation (ADOT) to renovate its 206 Annex building.

ADOT's three-story office building located at 206 South 17th Avenue is occupied by three ADOT divisions and the Department's data center. During a recent renovation of the second floor, it was discovered during the abatement of asbestos that the floor slab contained extensive spider-web cracking. The second and third floors of the building cannot properly support the weight requirements of an office building. ADOT must complete structural remediation before renovation can be completed.

Funding	FY 2021
State Highway Fund	3,850.0
Issue Total	3,850.0

Transportation - Replace Vehicle Fueling Facilities Statewide

The Executive Budget includes an increase in one-time funding for the Arizona Department of Transportation (ADOT) to replace the vehicle fueling facilities in Flagstaff, Holbrook, and Kingman.

The existing fuel systems operation does not receive funds for replacement or upgrades of equipment after the total lifecycle has been depleted. ADOT's fueling network supports a majority of the agency's daily operations.

ADOT recently performed an evaluation of the agency's 108 Aboveground Storage Tanks (AST) and Underground Storage Tanks (UST) and the associated piping systems. ADOT has 16 fuel facilities with equipment beyond their useful life, with the most critical sites being Flagstaff, Holbrook, and Kingman. FY 2021 will be the first year of a three-year project.

Funding	FY 2021
State Highway Fund	1,800.0
Issue Total	1,800.0

Transportation - Smart Highway Corridors

The Executive Budget includes an increase in one-time funding for broadband infrastructure in strategic transportation corridors. The Department will use this funding to install 514 miles of broadband conduit and fiber optic cable along designated highway segments, including:

- Interstate 17 between Sunset Point and Flagstaff;
- Interstate 40 between the New Mexico and California borders; and
- Interstate 19 between Tucson and Nogales.

This new infrastructure provides multiple benefits. The Department will improve highway safety by installing smart highway technology systems, including traffic cameras, wrong-way detection systems, dynamic message boards, a weather information system, and variable speed limit signage. Further, the Department can connect existing smart highway technology on the above-referenced highway segments to allow for a faster response to incidents and produce a cost saving for the Department.

Funding	FY 2021
General Fund	49,700.0
State Highway Fund	9,200.0
Issue Total	58,900.0

Executive Budget Baseline Changes

Transportation - Interstate 17, Anthem to Sunset Point

Laws 2019, Chapter 264 included \$130 million in funding to construct a third highway lane in both directions between Anthem and Black Canyon City and add a flex lane from Black Canyon City to Sunset Point. This funding included \$40 million in FY 2020, \$45 million in FY 2021, and \$45 million in FY 2022 from the State Highway Fund.

The Executive Budget includes the \$45 million previously appropriated in Law 2019, Chapter 264.

TANF Cash Benefits Drug Testing

As session law, continue to require Temporary Assistance for Needy Families (TANF) Cash Benefits recipients to pass a drug test in order to be eligible for benefits, if the Department has reasonable cause to believe that the recipient uses illegal drugs.

Education, Board of

Closing the Achievement Gap Program

As permanent law, establish a program to be administered by the Board that is designed to close the achievement gap of performance-challenged schools. Monies appropriated to this program are intended to fund a grant program for local education agencies. The program will provide \$150 per pupil to schools that received a letter grade of D or F under the framework authorized by A.R.S. § 15-241. Schools with a letter grade of C and a free and reduced-price lunch rate of 60% or higher also qualify for funding. To access funding, schools must apply to the Board for grant funding with a proposal to implement proven achievement gap strategies.

As permanent law, require all monies received under this grant program be used exclusively at the site that qualified for the grant. Local education agencies shall not supplant other monies expended at the school site with funding from this program.

As permanent law, require the Board to establish regular reporting requirements for program participants to provide the Board information on progress being made to improve student academic performance.

As permanent law permit the Board to use up to \$1.0 million of monies appropriated to the program for administration.

Education, Department of

Aggregate Expenditure Limit Reporting

As permanent law, amend A.R.S. § 15-911 to include the Governor's Office of Strategic Planning & Budgeting on the distribution list for report on the aggregate expenditures of local revenues for all school districts required in sub-section B of that section.

Arizona Industry Credential Incentive Program

As permanent law, amend A.R.S. § 15-249.15 to permit the Department of Education to retain up to 3% of the appropriation for administrative costs.

Alternative Teacher Development Program

As session law, extend the program termination date for the Alternative Teacher Development Program authorized by A.R.S. § 15-552 from FY 2020 to FY 2030.

Deferral of State Aid

As session law, continue the deferral of school district State Aid in the amount of \$930,727,700.

Inflation Adjustment

As permanent law, increase by 1.88% the base level amount prescribed in A.R.S. § 15-901(B)(2), the transportation funding levels prescribed in A.R.S. § 15-945(A)(5), and the charter school Additional Assistance amounts prescribed in A.R.S. § 15-185(B)(4).

Eliminate County Cost Sharing

As permanent law, repeal A.R.S. §§ 41-2832 and -2833 as they relate to county cost sharing for Department operations.

Lottery Commission

Retailer Commission Pilot Program

As session law, amend A.R.S. § 5-555 to allow the Commission to contract with a vendor to operate a retailer fulfillment pilot for up to three lottery ticket retailers over three years, wherein the difference paid between the paid commission rate and the appropriated rate of gross lottery game sales may be used for contractual obligations associated with servicing those ticket retailers. Prior to contracting at a reduced vendor rate for the pilot retailers, Joint Legislative Budget Committee review is required. Further, the Commission must submit annually to the directors of the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning and Budgeting a report on the pilot locations' ticket sales and fulfillment costs.

Navigable Stream Adjudication Commission

Water Banking Fund Appropriation

As session law, continue to provide Arizona Water Banking Fund monies to pay for attorney fees.

Parks, Arizona State

Capital Appropriation Extension

As session law, extend by one fiscal year the full amount of capital appropriations of \$4 million made in FY 2019 and \$7.5 million made in FY 2019 for capital improvements paid from the State Parks Revenue Fund, expiring at the end of FY 2020. As permanent law, future Parks and Trails capital outlay appropriations will be three-year appropriations.

Postsecondary Education, Commission for

LEAP Institutional Match

As session law, continue to require that institutions participating in the Leveraging Educational Assistance Partnership (LEAP) are to match State LEAP funds, and that LEAP's administrative expenses are to be paid from the institutional match.

Public Safety, Department of

Indigent Defense Fund

As session law, continue to allow the Department to use the State Aid to Indigent Defense Fund for operating expenses.

Retirement Contribution Rate Reporting

As permanent law, require PSPRS to submit a final report on contribution rates for the ensuing fiscal year on December 1 of each year.

Regents, Board of

Arizona Financial Aid Trust

As session law, continue to suspend the requirement to provide a General Fund match of two dollars for every one dollar raised by a surcharge on resident undergraduate tuition to provide need-based financial aid to resident students.

Arizona Teachers Academy

As permanent law, amend A.R.S. § 15-1655 to make eligible, for the Arizona Teachers Academy, all undergraduate majors enrolled outside the college of education and who are not pursuing traditional teacher certifications.

As permanent law, amend A.R.S. § 15-1655 to clarify that the Board must distribute to participating community colleges in the Arizona Teachers Academy up to \$3,000 per year, for a maximum of two academic years or four semesters for community college students in a post-baccalaureate program who are enrolled in at least nine credit hours per semester.

As permanent law, amend A.R.S. § 15-1655 to expand service eligibility for participants in the Arizona Teachers Academy. In addition to teaching in public schools for every year a participant receives Academy support, participants may also teach in schools in a private setting that primarily serve public school students with disabilities. These schools must have at least 75% of their enrollment derived from students placed there by public schools per an agreement with a public district school, charter school, or the Arizona State Schools for the Deaf and the Blind.

School Facilities Board (SFB)

New School Construction Square Foot Enhancement

As permanent law, amend A.R.S. § 15-2041 to increase the cost per square foot for new school construction consistent with the funding levels included in the Executive Budget.

SFB Authority to Procure Assessment Services

As permanent law, give the SFB the authority to procure professional services to assess, and determine a scope of work to address, building deficiencies for the building renewal and emergency deficiency corrections programs.

Technical Registration, Board of

IT Consultant Reporting

As session law, require the Board of Technical Registration's IT consultant to report monthly to Arizona Strategic Enterprise Technology (ASET) on the consultant's activities, including the Board's legacy licensing system's readiness to move to the enterprise e-licensing platform.

Transportation, Department of

Extend Budget Year for the Preventative Surface Treatments Special Line Item

As permanent law, the Preventative Surface Treatments special line item will extend the fiscal year from twelve 12 months to fourteen 14 months to address issues related to maintenance projects time schedules and delays.

Motor Vehicle Fleet Recapitalization Fund

As permanent law, the Motor Vehicle Fleet Recapitalization Fund is established, consisting of monies deposited pursuant to the fee schedule set by the Department to systematically charge State agencies for replacing and purchasing vehicles. The Department has the authority to set the fee schedule through the interagency service agreement established with Arizona Department of Administration. Each agency will have a subaccount within the fund. Monies in the fund are continuously appropriated to ADOT for the purposes provided for in the fund sources, and monies in the fund are exempt from the provisions of A.R.S. § 35-190 relating to lapsing of appropriations.

As permanent law, the Department must provide a detailed report on September 1 of each year to the Joint Legislative

Budget Committee and Governor's Office of Strategic Planning and Budgeting on the following items:

- amount of monies in each agency subaccount,
- number of vehicles being replaced,
- number of vehicles at each agency,
- replacement lifecycle for each vehicle, and
- recapitalization rate for each vehicle.

Motor Vehicle Fleet Operations Fund

As permanent law, the Motor Vehicle Fleet Operations Fund is established, consisting of monies deposited pursuant to the fee schedule set by the Department to systematically charge State agencies for maintenance of their vehicles. The Department has the authority to set the fee schedule through the interagency service agreement established with Arizona Department of Administration. Monies in the fund are subject to Legislative appropriation to the Department for the purposes of operating and maintaining the motor pool, and monies in the fund are exempt from the provisions of A.R.S. § 35-190 relating to lapsing of appropriations.

Water Resources, Department of

Water Fees

As permanent law, allow the Director to raise fees of up to \$100,200 annually and exempt from rulemaking any changes to those fees.

Water Protection Fund

As session law, continue to allow the Arizona Water Protection Fund Commission to grant up to \$336,000 to the Department to be used for administrative costs.

Major Executive Budget Footnote Changes

This section contains the Executive's major additions, deletions, or modifications to the FY 2021 General Appropriation Act. The Executive remains neutral on all footnotes expected to continue unless they are one-time in nature or modified below.

Administration, Department of

Motor Pool Revolving Fund

Any revenue received above the appropriation shall be transferred to the Arizona Department of Transportation (ADOT) to either the Motor Vehicle Fleet Recapitalization Fund or the Motor Vehicle Fleet Operations Fund as set by the interagency service agreement between ADOT and the Arizona Department of Administration.

AHCCCS

Arizona Health Care Cost Containment System

Disproportionate Share Hospital Local Pool

Delete the footnote that appropriates from political subdivisions disproportionate share hospital payments in excess of \$40.9 million.

Nursing Facility Assessment

Modify the footnote to set Nursing Facility supplemental payments at \$109.8 million and continue to stipulate that any supplemental payments received that exceed that amount be appropriated.

Graduate Medical Education

Set Graduate Medical Education supplemental payments at \$337.6 million and continue to stipulate that any supplemental payments received that exceed that amount be appropriated.

Capital Outlay

Project Management Support

Delete the footnote allowing the Department of Administration to use up to \$275,000 of the building renewal appropriation for personal services and employee-related expenditures for up to 5.0 FTE positions each fiscal year. Add a footnote allowing the Department of Administration to use up to five percent of all capital outlay appropriations to the Department for project management-related expenses. This footnote should not apply to appropriations for distribution to non-state entities.

Building Renewal Uses

Delete the footnote allowing the Department of Administration to use monies appropriated for building renewal for building demolition.

Child Safety, Department of

Out-of-Home Population Benchmark

Delete the footnote that sets a quarterly benchmark for a reduction in the number of children in out-of-home care.

Comprehensive Medical and Dental Program Special Line Item

Exempt the Department from Joint Legislative Budget Committee review for any appropriation transfers between the four proposed special line items for the Comprehensive Medical and Dental Program.

Deaf and the Blind, State Schools for the

Fleet Consolidation

Add a footnote that notes the Executive's intent that the Schools for the Deaf and the Blind are to use the funds appropriated for fleet consolidation to support the Interagency Service Agreement with the Arizona Department of Transportation for fleet management services.

Dental Examiners, Board of

IT Roadmap

Add a footnote that notes the Executive's intent that the Board is to use the one-time funding increase for the IT Roadmap for contracting with a vendor to conduct an IT Roadmap to develop a strategic plan for the Board's IT infrastructure as part of the Board's consideration and decision-making process to move to a new e-licensing solution.

Economic Security, Department of

Alignment of Appropriations and the State Financial System

Add a footnote requiring the Department to enter in its Long Term Care System budget in the State financial system an amount equal to the General Fund appropriation and the Medicaid expenditure authority for each special line item containing Medicaid funding for the Division of Developmental Disabilities. This footnote retroactively applies to the Department's FY 2020 appropriations for the Long Term Care System.

Budget Stabilization Fund Appropriation

Add a footnote that permits the Department, on or after April 1, 2021, to utilize up to \$25 million from the Budget Stabilization Fund for the purpose of providing funding for reimbursement grants, with the requirement that this funding must be fully reimbursed no later than September 1, 2021.

Before using the monies from the Budget Stabilization Fund, the Department must notify the Directors of the Joint Legislative Budget Committee and the Office of Strategic Planning and Budgeting. These monies may not be used for additional programmatic expenditures.

Child Support Enforcement Fund

Continue the footnote to allow the Department to expend Child Support Enforcement Fund retained earnings, fees, and federal incentives in excess of \$17.1 million.

Domestic Violence Prevention Fund

Continue the footnote to allow the Department to expend Domestic Violence Prevention Fund revenues in excess of \$4.0 million.

Education, Department of

Empowerment Scholarship Account Team

Add a footnote stating that monies appropriated from the Department of Education Empowerment Scholarship Account (ESA) Fund beyond the fund's FY 2020 appropriation must be used for only the following:

- to support new student and family engagement specialists to provide technical support for families applying for and participating in the ESA program.
- to develop informational pamphlets, provide seminars, and other activities to support increased awareness of the ESA program.

Prior to the expenditure of the fund's increased appropriation, the Department must submit an expenditure plan to the Joint Legislative Budget Committee for review.

Results Based Funding

Add a footnote that permits the Superintendent of Public Instruction to transfer monies from the General Fund appropriation for Basic State Aid up to \$4,105,000 for FY 2020 to the results based funding program for FY 2020 without review by the Joint Legislative Budget Committee. Any amount transferred to the Results Based Funding program under this section that exceeds the amount needed to address a funding shortfall for the Results Based Funding program for FY 2020 reverts to the General Fund on June 30, 2020.

Forestry and Fire Management, Department of

Hazardous Vegetation

Continue the footnote to make the FY 2021 appropriation for the Hazardous Vegetation Removal special line item non-lapsing through June 30, 2022.

Judiciary

Automation Projects Report

Continue the footnote that requires the Courts to report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting, by September 1, 2020 on current and future automation projects coordinated by the Administrative Office of the Courts. The report shall include a list of court automation projects that receive or are anticipated to receive State monies in the current nor next two fiscal years as well as a description of each projects, the number of FTE Positions, the entities involved and the goals and anticipated results of each automation project.

Further, the report shall be submitted in one summary document. The report shall indicate each project's total multiyear cost by fund source and budget line item, including any prior-year, current-year and future-year expenditures.

County Approved Salary Adjustments Report

Continue the footnote that requires the Courts to report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting, by November 1, 2020 on the FY 2019 actual, FY 2020 estimated and FY 2021 requested amounts for each of the following:

- On a county-by-county basis, the number of authorized and filled case carrying probation positions and non-case carrying probation positions, distinguishing between Adult Standard, Adult Intensive, Juvenile Standard and Juvenile Intensive. The report shall indicate the level of state probation funding, other state funding, county funding and probation surcharge funding for those positions.
- Total receipts and expenditures by county and fund source for the Adult Standard, Adult Intensive, Juvenile Standard and Juvenile Intensive Probation line items, including the amount of Personal Services spent from each revenue source of each account.

Pilot Dependency Alternative Program (DAP)

Add a footnote that requires the Courts to report to the directors of the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting, by September 30 of each year, on the DAP performance.

The report must include the following for each county:

- the total number of dependency petitions filed
- the number of dependency petitions that used DAP
- the number of dependency petitions that did not use DAP
- the number of dependency cases that were prevented as a result of DAP

- the number of dependency cases that were prevented without using DAP
- the number of DAP cases in which final court orders were issued during the first court hearing
- the number of non-dap cases in which final court orders were issued during the first court hearing
- the average and median number of days that DAP children and families were involved in court proceedings
- the average and median number of days that non-dap children and families were involved in court proceedings
- the number of DAP cases that included a confidential mediation with a professional mediator
- the number of children that did not return to the child welfare system for the year following DAP involvement.

Northern Arizona University

Biomedical Research Reporting

Modify the footnote requiring a nonprofit foundation that receives monies from Northern Arizona University for biomedical research to annually submit an expenditure and performance report to Northern Arizona University. The University must transmit the report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning and Budgeting on or before February 1, 2021.

Public Safety, Department of

Helicopter and Vehicle Lifecycle Replacement

Add a footnote to direct the Department to enter into lease-purchase agreements to replace one helicopter every two

years, except in FY 2021, when one helicopter will be purchased outright and a second helicopter will be lease-purchased, and to replace roughly 16.67% of its vehicle fleet each year using a six-year lease term.

Respiratory Care Examiners, Board of

Part-Time Investigator, Increased Caseload

Add a footnote stating that the Board is required to send reports to the directors of the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting summarizing the number of licensees who renewed their license but did not satisfy continuing education requirements. Additionally, the Board must submit a plan to achieve its continuing education requirement goals.

Secretary of State

Presidential Preference Election Reporting

Add a footnote that requires all counties to provide an expenditure plan for costs associated with executing the Presidential Preference Election (PPE) to the Secretary of State. The Secretary of State must transmit that report to the directors of the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting at least 30 days before the date of the PPE.

Primary and General Election Reporting

Add a footnote that stipulates prior to the expenditure of monies in the Election Services special line item, the Secretary of State must submit an expenditure plan to the Joint Legislative Budget Committee for review.

*Other Appropriated Funds Revenues include all revenues for funds which may only be partially subject to statutory or legislative appropriation. The expenditures shown in the "Other Funds Budget Summary" are for the appropriated portion of these funds only and may represent only a small portion of the funds' total expenditures. There are several funds where a General Fund appropriation is deposited into an "Other Appropriated Fund" and these deposits are reflected in the figures above; as such General and Other Fund Revenues may not sum to total State revenue.

Assumptions and Methodology for Developing the Executive Budget

Preparing the State budget is a 12-month process that influences the size and scope of government for the State of Arizona.

A.R.S. § 35-125 requires that the General Appropriations Act include revenue and expenditure estimates for the three subsequent years. The Executive Budget provides those estimates for FY 2019, FY 2020, and FY 2021.

Budget Process

The budget process begins on or before July 1, when the Governor's Office of Strategic Planning & Budgeting (OSPB) provides the instructions and software required for agencies to submit their budget information. By statute, agency information must be submitted to OSPB by September 1. Copies of the agencies' budget submissions are also provided to the Joint Legislative Budget Committee (JLBC) Staff and made available on State agency and OSPB websites.

Annually, from September 1 to no later than five days after the opening of the Legislative session, the Governor's Office reviews budget submissions and prepares the Executive Budget, which contains operating and capital outlay expenditure plans and estimated revenues for all State funding sources. It also contains any Legislative changes necessary for implementation.

Review of agency requests by the Legislative staff occurs during the fall. Legislative deliberation of the Executive Budget typically begins shortly after the regular session convenes and culminates in budget negotiations between the Legislature and the Governor. Public hearings for the appropriations of some State agencies are held by the Senate and House Appropriations committees. The committees may recommend adoption of the Executive Budget or elect to recommend a budget containing other elements. Committee recommendations may become part of floor discussions in both chambers. Legislative leadership must assemble an appropriation package acceptable to a majority of members in each chamber.

Before July 1, the Legislature enacts appropriations through the passage of General Appropriations and Capital Outlay acts and any Legislative changes necessary for the implementation of the adopted budget. Once adopted by the House of Representatives and the Senate, the bills are then presented to the Governor for consideration.

Upon presentation, the Governor has five days to sign the bills into law, veto them in their entirety, line-item veto individual items of appropriation, or allow the bills to become law without a signature.

The Legislature may, with a two-thirds majority vote of each house, override a veto or line-item veto.

The operating budget is prepared and enacted using a cash basis of accounting, which recognizes expenditures when paid and revenues when received by the Treasurer.

Budgetary control is maintained by appropriation, including expenditure limits for each item of appropriation and by funding source. The allocation of an appropriation over the course of the year is also controlled.

Unless specific exemptions are enacted, operating appropriations lapse at the end of the fiscal year, and the cash becomes available for appropriation in the future. Capital outlay appropriations do not lapse until the end of the fiscal year following the fiscal year for which the money was appropriated. Unspent cash reverts to its fund source.

Information Technology Request Guidelines

Funding requests for information technology projects in excess of \$25,000 must have prior approval by the Strategic Enterprise Technology Office at the Department of Administration.

Incremental Budgeting

The starting point in building the budget – the base appropriation and expenditure levels – are the amounts appropriated for FY 2020. For non-appropriated funds, the starting point is the planned expenditure amounts for FY 2020. The incremental changes in the Executive Budget for FY 2021 are the changes from the FY 2020 appropriations and expenditure plans.

Types of Changes in the Executive Budget

The Executive Budget provides three basic types of changes to agency appropriations: baseline changes, standard adjustments, and Executive initiatives.

Baseline changes are comprised of caseload changes, changes due to legal mandates from a court, or actions needed for continued efficient operations. Caseload increases or decreases generally require funding changes, assuming the agency's mandates for services are unchanged.

Standard adjustments are a special type of baseline change that addresses technical changes to fundamental operating costs, such as annual changes for rent in State-operated buildings;

retirement contributions; health, dental, and life insurance premiums; and risk management (liability insurance) premiums.

Standard adjustments are displayed and calculated separately from the rest of each agency's budget. The itemization of each standard adjustment for each agency and fund is located in the Statewide Adjustment section of the *State Agency Budgets* book, immediately following the section for the Department of Water Resources.

Finally, *Governor's Initiatives* include all funding items beyond standard or baseline adjustments and are designed to improve or change what the State does or how an activity is performed or funded.

Standard and Statewide Adjustments

The FY 2020 Executive Budget contains ~~two~~three technical adjustments.

- Retirement rates change for all retirement systems
- Health insurance premium changes
- Rent adjustments

The amounts of these adjustments, by agency and by fund, are listed in the *State Agency Budgets* book immediately following the Department of Water Resources.

Calculation of Employee-Related Expenditures

When changing the number of positions or personal services, the Executive Budget uses the following methodology.

ERE. Two separate rates are used in calculating Employee-Related Expenditures (ERE) funding requirements for changes to the number of employees or personal services:

- A health, dental, and life insurance premium rate calculates, by agency, the costs per full-time-equivalent (FTE) employee based on specific rates of participation in the State's insurance programs.
- Any changes to personal services are multiplied by the rates for FICA, workers' compensation, unemployment insurance, a DOA pro rata charge for personnel costs, an information technology pro rata charge, long-term disability insurance, retirement sick leave pro rata, and retirement contributions.

The following rates are used for the development of each of the ERE components:

FICA. The rate is comprised of a 6.2% Social Security tax on the first \$147,500 of an employee's personal services and a 1.45% Medicare tax on the full amount of an employee's personal services.

Workers' Compensation. Every two years, the Department of Administration's Risk Management Division develops workers' compensation rates based on agency loss histories, program budget needs, and data provided by the National Council on

Compensation Insurance (NCCI). There are no changes in the estimated rates from FY 2020 to FY 2021.

Unemployment Insurance. The rate estimated at 0.1% for FY 2021.

DOA Personnel Division Pro Rata. The rate of 0.86% of personal services is assessed on the payroll of the majority of State agencies to fund the operations of the Personnel Division.

Information Technology Pro Rata. The rate of 0.43% of personal services is assessed on all agencies (except the universities and community colleges) to fund the operations of the Strategic Enterprise Technology Office at the Department of Administration.

Disability Insurance. Most State employees are covered by long-term disability insurance through the State Retirement System. A rate of 0.24% is charged against personal services paid to employees not in the State Retirement System and is used for disability coverage for those employees.

Funding for retirement rates changes for FY 2021 is included in the Statewide Adjustments section of the *State Agency Budgets* book.

Retirement Accumulated Sick Leave Fund. Funding continues at the 0.4% pro rata assessment against personal services that is used to compensate retiring employees for a portion of unused sick leave.

Budgeting by Government Function

Budget information is also available in a format that shows expenditures by agency programs and subprograms, which are based on each of the mandated functions for each agency as enacted by the Legislature.

For example, in the General Appropriations Act the Game and Fish Department is funded largely by a lump-sum appropriation for the entire agency. In the *Master List of State Government Programs*, funding is identified for each specific program, such as Sportfishing or Wildlife Conservation.

Other Items in the Executive Budget

Appropriation Format. The appropriation format is located at the end of each agency's section.

Legislative Changes. Implementation of some Executive Budget provisions requires Legislative changes. Those required changes are addressed in the *Executive Budget State Agency Budgets* book.

Expenditures for FY 2019

By law, the Executive Budget contains a reporting of the amounts expended from the immediately preceding fiscal year's appropriations, by accounting object category. The expenditures reported are provided by each agency, with subsequent reconciliation by OSPB to the State Annual Financial Report.

Budget Performance Measures

The Executive Budget contains agency descriptions and budget performance measures.

In accordance with A.R.S. § 35-115, the Executive Budget includes selected performance measures for the budget unit for the previous fiscal year, the current year, and the next year.

OSPB has selected a series of performance measures that will most accurately communicate how well an agency is performing its mandated functions. The intent is to offer decision makers and citizens a better understanding of agencies and their operations with a continuity of data, as the performance measures published will remain largely consistent from year to year.

In addition to the performance measures displayed in the Executive Budget, the full array of agency performance measures is published in the *Master List of State Government Programs*. This reference document also contains a comprehensive inventory of all State programs and subprograms, including descriptions, expenditure data, and performance measures for every function of State government.

Administrative Costs

To comply with A.R.S. § 35-115, each agency reports administrative costs as a percent of its total funds budget. The definition of what constitutes an administrative cost is unique to each agency. The calculations provided are strictly for compliance with A.R.S. § 35-115 and are not meaningful for any other purpose.

* The costs are esimated independently by each agency and include all funding sources. These administrative costs are estimated for the express purpose of satisfying A.R.S. § 35-115.5 and should not be used for any other purpose. The administrative costs for the Universities represent funds subject to legislative appropriation only.

Glossary

Part 1: Budget Terms

90/10 Professional and occupational regulatory agencies funded through the collection of fees and the issuance of licenses. These agencies retain 90% of the fees collected annually in separate agency fund accounts and deposit 10% of the fees collected into the *General Fund*.¹

A

accountability Monitoring, measuring, and evaluating the performance and progress of policies, plans and programs to ensure that results are achieved.

actual expenditure An expenditure made in the prior *fiscal year* as reported in the State of Arizona Annual Financial Report, including *Personal Services, Employee-Related Expenditures, All Other Operating Expenditures* and all *below-the-line items* as authorized by the Legislature.

administrative adjustment Adjustments made to reflect expenditures made by an agency after the close of the *fiscal year*. Administrative adjustments include the time period from the close of the 13th month to June 30 of the next fiscal year.

administrative cost An expense associated with the support, management and oversight of services delivered pursuant to the agency or program *mission*. Typical administrative costs include those associated with accounting, human resources, budgeting, strategic planning, public information, auditing, executive management, etc.

AFIS The Arizona Financial Information System is the statewide accounting system maintained by the Department of Administration.

AHCCCS The Arizona Health Care Cost Containment System is the State's Medicaid program designed to deliver quality managed healthcare to qualifying individuals.

All Other Operating Expenditures (AOOE) Category of expenditure accounts that include Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

ALTCS The Arizona Long Term Care System is a single federally defined program providing services through two State agencies: AHCCCS, which serves the elderly and physically disabled, and the Department of Economic Security (DES), which serves the developmentally disabled.

annualization An adjustment, made to the current year funding base, that will allow a partially funded program to operate for a full year or accounts for a full-year of budget savings due to mid-year reductions.

appropriated fund The Legislatively mandated segregation of funds. It is used and monitored by the *General Accounting Office* as a separate self-balancing set of accounts.

Arizona Administrative Code (AAC) State agency rules of practice setting forth the nature and requirements of all formal procedures available to the public.

Arizona Revised Statutes (A.R.S.) The laws governing the State of Arizona.

B

base budget An adjusted budget base that reflects the current year appropriation, amended to include changes for *standard operating adjustments*.

below-the-line item A specific expenditure or budgetary account that has been singled out through the appropriation process to provide high visibility of expenditure. Also known as "special line item."

biennial budgeting A process that estimates revenues and appropriates funding for a two-year period.

block grant Allocations of federal money to a state or its subdivisions in accordance with a distribution formula prescribed by law or administrative regulation, for activities of a continuing nature within a restricted subject area (e.g., social services, maternal and child health, and childcare).

budget A financial plan that estimates the revenues and expenditures for a given period of time. (SEE ALSO: *capital outlay* and *operating budget*).

budget program Functions and activities of a *budget unit* or within a budget unit that are pre-planned to fulfill a distinct *mission*.

budget reform legislation Refers to the provisions contained in Laws 1993, Chapter 252; Laws 1994, Chapter 218; Laws 1995, Chapter 283; Laws 1996, Chapter 339; Laws 1997, Chapter 210, and Laws 2002, Chapter 210.

budget unit A department, commission, board, institution or other State organization receiving, expending, disbursing or incurring obligations against State funds.

C

capital outlay Expenditures for upkeep, preservation, development, improvement or acquisition of lands, buildings or certain associated equipment.

Capital Outlay Stabilization Fund (COSF) A fund into which rent monies collected from agencies occupying State-owned rental space are deposited. The monies partially offset building operating and maintenance costs.

Career and Technical Education Districts (CTEDs) Formerly known as "Joint Technical Education Districts (JTEDs)", are school districts that offer high school career and technical education programs to partner school districts.

¹ Italicized terms are defined in this Glossary.

categorical eligibility Automatic eligibility for certain federal-State matched public assistance programs, based on criteria established in federal law. Admission to a program (e.g., Medicaid) is mandatory to certain groups of beneficiaries who meet the legal criteria for eligibility to the specified program.

categorical program A broad category of joint federal-State public assistance programs that provide financial assistance to individuals or that may subsidize a particular activity (e.g., Medicaid pays for medical services on behalf of certain groups of low-income persons).

certificate of participation (COP) A financing tool used by the State for the acquisition and construction of State facilities.

comptroller object An obsolete identifier that was formerly used in the statewide accounting system to identify the detailed revenue or expenditure account affected by a transaction; replaced in the new accounting system by *object*.

continuing appropriation An appropriation that is automatically renewed without further Legislative action, period after period, until altered, revoked or liquidated by expenditure.

current services budget A financial plan that incorporates the *base budget* needs of an agency and the addition of funding to support demographic growth in client caseloads and workload functions.

D

decision package A funding request made by State agencies.

defined contribution A predetermined contribution amount set aside for an employee's future retirement.

defined benefit plan A retirement plan in which contributions over time will provide a retiree with a predetermined amount of retirement income.

detail fund A fund designation used in the statewide accounting system to segregate agency-specific activity. The balance of an *appropriated fund* is comprised of the sum of all of its detail funds.

Disproportionate Share Hospital (DSH) A hospital that serves a disproportionate share of low-income and Medicaid patients, thereby qualifying for federal aid pursuant to Section 1923 of the Social Security Act. The federal basis for payments is either a reflection of a hospital's number of Title XIX in-patient days or a "low-income" utilization rate. States may also establish optional payment categories. Arizona has established optional groups that include county, State and private hospitals.

E

Employee-Related Expenditures (ERE) The State's contribution to an employee's benefit package. ERE include FICA; retirement; Worker's Compensation; health, dental, and life insurance; unemployment insurance; Personnel Division charges; Government Information Technology Agency charges; and uniforms for certain classes of employees.

entitlement program A broad category of *categorical* public assistance programs that provide services (e.g., cash assistance, medical services, etc.) to certain population groups (e.g., low-income families with minor children). Admission is often mandatory for qualified individuals who meet the legal eligibility criteria (e.g., individuals who are low-income and aged, blind or disabled), hence the reference "entitlement."

Equipment In the operating budget, a specific item of expenditure divided into capitalized equipment (purchased for \$5,000 or more) and non-capitalized equipment (usually between \$300 and \$4,999).

ERE rate The quotient of *Employee-Related Expenditures* and *Personal Services* expressed as a percentage.

Executive Issue An adjustment to the prior-year appropriation to change the scope of current programs or service levels.

expenditures See *actual expenditures*.

F

federal funds Amounts collected and made available to the State by the federal government, usually in the form of categorical or block grants and entitlement programs.

Federal Insurance Contribution Act (FICA) Requires employees and employers to make matching contributions into the Social Security fund.

Federal Waiver Program Experimental, pilot or demonstration projects that, in the judgment of the Secretary of the U.S. Department of Health and Human Services, are likely to assist in promoting the objectives of the Medicaid Statute. Projects approved under this authority are referred to as "waiver" programs.

fiscal year The State's yearly accounting period beginning July 1 and ending June 30. (The federal fiscal year begins October 1 and ends September 30.)

FPL (Federal Poverty Level) Refers to the poverty guidelines, in relation to income standards, as updated annually in the FEDERAL REGISTER by the U.S. Department of Health and Human Services.

free and reduced lunch (FRL) Meals provided at no cost or low-cost to public and nonprofit private schools and residential child care institutions through the federal meal assistance program known as the National School Lunch Program.

full-time equivalent (FTE) position A position budgeted at 2,080 hours per year.

fund An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities, which are segregated for the purpose of carrying on specific activities in accordance with limitations, restrictions or regulations.

fund balance The excess of the assets of a fund over its liabilities and reserves.

G

General Accounting Office (GAO) A division of the Department of Administration that provides diverse statewide financial services and ensures compliance with related *statutes* and rules.

General Fund The primary State account into which monies are collected for the general purposes of government. The primary sources of revenues for the General Fund include sales taxes, income taxes and other taxes and transfers. The General Fund is also the major expenditure source from which agencies make payments for specified purposes.

I

inflation An allowance made for an increase in price levels of operating expenditures from one *fiscal year* to the next.

input A *performance measure* that identifies the amount of resources needed to provide particular products or services.

J

JLBC Staff The Legislative counterpart to the Governor's *Office of Strategic Planning and Budgeting (OSPB)*. The Joint Legislative Budget Committee Staff is often referred to as the JLBC but should not be confused with the Legislative committee of the same name. The JLBC Staff prepares an analysis of the Executive Budget as soon as it is presented to the Legislature. The analysis includes the JLBC Staff's recommendations for revisions in expenditures.

Joint Committee on Capital Review (JCCR) A Legislative committee created by Laws 1986, Chapter 85, to establish the Building Renewal Formula, approve the creation of Building Systems, and review the State Capital Improvement Plan. The JCCR is also responsible for reviewing all construction projects before commencement of the project. The JCCR consists of the following 14 members of the Legislature: Chairs of the House and Senate Appropriations Committees, majority and minority leaders from the House and Senate, four members of the House Appropriations Committee, and four members of the Senate Appropriations Committee.

Joint Legislative Budget Committee (JLBC) A Legislative committee consisting of the following 16 members of the Legislature: Majority Leaders of both the House and Senate; Chairs of both the House and Senate Appropriations Committees; Chair of the Senate Finance Committee; Chair of the House Ways and Means Committee; five members of the House Appropriations Committee; and five members of the Senate Appropriations Committee. The JLBC meets as often as is necessary to transact business related to fiscal management of the State's resources.

Joint Substance Abuse Treatment Program (JSAT) Also known as "Arizona Families First," JSAT is a substance abuse program jointly administered by the Department of Child Safety and the Department of Health Services. The program pays for services to parents, guardians or custodians whose substance abuse is a significant barrier to preserving the family. Services can also be provided to federal Temporary Assistance for Needy Families (TANF) Block Grant recipients whose substance abuse is a significant barrier to obtaining or maintaining employment.

L

lapsing appropriation An appropriation that terminates automatically. Except for a *continuing appropriation*, an appropriation is made for a certain period of time, generally one year. At the end of this period (including an *administrative adjustment* period), unexpended or unencumbered balances revert to the fund from which the appropriation was made. Also known as a "reverting appropriation."

line item appropriation A method of appropriation that separates the budget into specific objects of expenditure. The specific items include *Personal Services*, *ERE*, Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

lump-sum appropriation An appropriation made for a stated purpose, or for a named department, without specifying further the amounts that may be spent for specific activities or for particular objects of expenditure.

M

Master List of State Government Programs *Budget reform legislation* requires OSPB to publish a "Master List" of programs run by or overseen by State government. Laws 2002, Chapter 210 slightly changed the format of the Master List and designated this annual submittal as the operational plan for State agencies and conformed to the budget cycles. Required information for each agency, program and subprogram includes the agency description, *mission* statement, strategic issues, and financial and *FTE* position information, as well as the description, *mission* statements, goals, and *performance measures* for all programs and subprograms.

means-tested program Eligibility to a public assistance program restricted by an applicant's income or other resources specified by law. Resources include bank accounts and similar liquid assets as well as real estate, automobiles and other personal property whose value exceeds specified financial limits.

mission A brief, comprehensive statement of purpose of an agency, program, or subprogram.

modified lump-sum appropriation A method of appropriation in which *Personal Services*, *Employee-Related Expenditures*, *All Other Operating Expenditures* and *below-the-line items* are specified in the appropriations bill.

modified standard adjustment The difference, as calculated by the agency, between the actual *Personal Services* base and the amount allocated for *Personal Services* by the agency in its expenditure plan. Any amount identified as a modified standard adjustment must be explained by the agency requesting the adjustment.

N

non-appropriated funds Generally, funds set up as Enterprise or revolving funds. These funds are considered statutorily appropriated and are not subject to the annual or biennial appropriation process.

non-lapsing appropriation An appropriation that does not revert to the fund from which it was appropriated at the end of the *fiscal year*, as provided by law. (SEE *continuing appropriation*).

O

object The unit used in the State accounting system to identify, categorize and group governmental expenditures.

object category The aggregation of similar objects of expenditure or revenue in the State accounting system.

objective A specific and measurable target for accomplishing goals.

one-time adjustment A budget adjustment that must be made because of a one-time circumstance that is not continued through the next *fiscal year*. The end of a project would bring about a one-time decrease the following year.

operating budget A plan of all proposed expenditures other than capital expenditures (SEE *capital outlay*). An operating budget is composed of various objects of expenditure, such as *Personal Services*, *Employee-Related Expenditures*, In-State Travel, etc.

operational plan A practical, action-oriented guide that directs goal-setting to achieve meaningful results with the existing resources through the shorter budget cycle period. The operational plan should provide incremental steps towards achieving the strategic long-range plan. See also: *Master List*

OSPB (Office of Strategic Planning and Budgeting) A State agency charged with preparing the Governor's budget guidelines and the Executive Budget recommendation for review by the Governor. The Office also facilitates a strategic planning process for State government and is responsible for implementing many of the provisions of *budget reform legislation*. The OSPB staff is the Executive counterpart to the *JLBC Staff*.

other appropriated funds All amounts, excluding *General Fund* amounts, appropriated by the Legislature for predetermined uses. These include Special Revenue Funds, revolving funds, etc.

other operating expenditure According to the ARIZONA ACCOUNTING MANUAL, everything using an object code of 7000. This refers to operating expenditures necessary to operate a budget unit, e.g., office supplies, utilities, communication, etc.

outcome A *performance measure* that reflects the actual results achieved, as well as the impact or benefit, of a program.

output A *performance measure* that focuses on the level of activity in a particular program or subprogram.

P

per diem compensation Compensation paid to board or commission members for their work. Per diem compensation is a daily rate set statutorily.

per diem travel Cost of meals and incidentals reimbursed to employees and board or commission members.

performance accountability A means of judging policies and programs by measuring their progress toward achieving agreed-on *performance targets*. Performance accountability systems are composed of three components: defining performance measures (including outcomes), measuring performance and reporting results.

performance measure Used to measure results and ensure accountability. (SEE ALSO: *input*, *output*, *outcome*, and *quality*).

performance target Quantifiable estimate of results expected for a given period of time.

personal services Line item of expenditure for salaries and wages paid to employees, elected officials and board or commission members. Payments for leave categories, overtime and other miscellaneous earnings are also recorded in this line item.

privately owned vehicle (POV) Those miles to be used in calculating reimbursement of staff for use of private vehicles on State business.

privatization The opening of government markets allowing for equitable competition between the private and public sectors for the privilege of delivering services to the public.

program budgeting A budget system that focuses on program *missions*, program achievements, and program cost effectiveness. Pursuant to *statute*, the *program structure* for program budgeting is governed by the *Master List* structure. Program budgeting is linked to planning and *accountability* through alignment of the structures and merging of the planning and budget information.

program enhancement An upward revision in the funding level of a specific program in order to enhance the level of services being provided by that program.

program structure An orderly, logical arrangement of an organization's programs and subprograms. This structure provides the

framework for planning, budgeting and strategic program authorization review.

Proposition 105 Voter Protection Act A 1998 voter-approved constitutional amendment that prohibits the Legislature from amending or repealing voter-approved referendums except under certain circumstances. Amendments to voter-approved language may only be passed by a three-fourths vote of the Legislature and must further the original intent of the voter-approved measure.

Proposition 108 A 1992 voter-approved constitutional amendment that requires a two-thirds vote of the Legislature to increase state revenues through taxation.

Proposition 123 Arizona Education Finance Amendment A 2016 voter-approved constitutional amendment that increased the total state land trust distribution contribution to the Permanent State School Fund from 2.5% to 6.9% to pay for new school construction debt service, school maintenance and operations, and Classroom Site Fund distributions.

Proposition 204 Medical Program A 2000 voter-approved AHCCCS program that expands eligibility to include individuals whose annual incomes are at or below 100% of the *FPL*. The program is funded through monies received by the State from the tobacco litigation settlement, tobacco tax funds, and the Hospital Assessment Fund.

Proposition 206 A 2016 voter-approved initiative that provides a series of increases in the Arizona minimum wage for private-sector employees and entitles most Arizona wage earners and salaried employees to paid sick leave.

Proposition 301 A 2000 voter-approved initiative that dedicates a six-tenths of a cent sales tax to Arizona education programs. The original Proposition 301 was set to expire in 2021; it was renewed legislatively until June 30, 2041 by Laws 2018, Chapter 74.

Q

quality A *performance measure* that reflects the effectiveness in meeting the expectations of customers and stakeholders.

R

receipt Unless otherwise defined, cash received. There are five general categories of receipts: taxes, licenses and permits, charges for services, fines and forfeitures, and other receipts that do not fall into another category.

resource allocation Determination and allotment of resources or assets necessary to carry out strategies within the priority framework established in the goal-setting process.

results-based funding An incentive program that rewards top performing public schools with funding for teacher salary increases, teacher professional development, and replication.

revenue Additions to assets that do not increase any liability, do not represent the recovery of an expenditure, do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets, or do not represent contributions of fund capital in Enterprise and Intergovernmental Service Funds.

revenue source The tax, fee or fine that generates income to a fund.

risk management The charges assessed by the Department of Administration to guard against the risk of loss by an employee or agency acting on behalf of the State of Arizona.

S

special line item See *below-the-line item*

standard adjustment Change to the current year's appropriation to arrive at the new year's base budget. Examples include annualization of programs partially funded during the current year, annualization of the pay package, restoration of vacancy savings, and one-time increases and decreases.

standard operating adjustment An adjustment to the base budget that includes annualization of programs partially funded by the Legislative appropriation during the current year; a one-time increase or decrease to the operating budget.

State service All offices and positions of employment in State government except offices and positions specifically exempted by law from the State personnel system.

statute A written law, either new or revised, enacted by the Legislature and signed by the Governor.

strategic management Process of positioning an organization so it can prosper in the future. The overall framework within which policy development, strategic, operational, quality planning, budgeting, capital outlay planning, information technology planning, program implementation, and evaluation and accountability take place.

strategic plan A visionary guide, based on an examination of internal and external environmental and political factors, that directs goal-setting and future resource requirements to achieve meaningful results over time. Strategic projections are long-range and usually cover a five-year period.

subprogram An integral component of a program that can be separately analyzed to gain a better understanding of the larger program.

subtask In AFIS, the element used to represent each of the subprograms of an agency as established by the Governor's Office and Legislature.

supplemental appropriation An appropriation granted for the current fiscal year. Agencies request a supplemental appropriation when the need for funding is urgent and cannot wait for the passage of the next regular appropriations act.

T

task In AFIS, the element used to represent each of the programs of an agency as established by the Governor's Office and Legislature.

tracking system A system that monitors progress, compiles management information and keeps goals on track.

U

uniform allowance An amount budgeted for specific agencies for the cost of uniforms required by the agency.

V

vacancy savings Savings generated by not filling vacant positions, by not filling newly authorized positions, or by filling a vacant position at a lower grade or step.
