Re: SB 1101

President Petersen,

I have vetoed SB1101.

Authorized third parties (ATPs) may already offer the service to print an electronic certificate of title or a registration tab through the Arizona Department of Transportation's (ADOT) current process in which these items are printed from a central location. Allowing ATPs to print these security-enhanced certificates of title and registration tab stocks, outside of ADOT's central distribution model, poses a significant public safety risk.

Sincerely,

A handwritten signature in black ink, appearing to be "KH", followed by a long horizontal line extending to the right.
